

# Goal Transformation Spread by Robert M. Place for Brian 5/14/08

“I work in Information Technology and I was just outsourced. I asked the cards what’s going on. What I keep getting is I need to take care of the spiritual side of the house first and I don’t know what they are talking about. The goal would be finding my spiritual path. P.S. I am also in AA/NA so I am spiritual not religious. I gave up on my catholic upbringing and am following shamanism and paganism for my spiritual path but have not had much luck in defining it more.”
