Preface

The present work is a compilation of occult knowledge acquired from diverse sources of the Ilmu Al-Hikmah, or the Islamic occult tradition here in Indonesia. The majority of these teachings represent the legacy left to us by the spiritual Islamic adepts of the Middle East. Elements of Indonesian Shamanism and Kejawen may also be found in the occult knowledge presented in this ebook and others of these series. The latter tradition is one of the other major occult streams to be found in the island of Java.

Most of the occult teachings of the exercises, rituals, rites, spells, etc., to be found in these series of ebooks have been gathered from the numerous metaphysical Islamic lodges here in Indonesia. Not all of these are spiritually oriented, some are decidedly "black" in nature. We trust that the readers of these ebooks are spiritually mature and will not use or apply these teachings for any negative purposes. We present them basically for educational purposes and as literary curios. We hold no responsibility for their misuse or abuse.

This paper is especially directed to the seasoned-practitioner of magick, as the various keys to

making them work will not be explained herein. The keys may be discovered through personal search, study, contemplation and experimentation. It is said that by simply possessing the keys any system of magick may be successfully applied. The compiler believes that the practitioner of these teachings would have a good percentage of success in their application with the appropriate knowledge at hand.

The occult practitioner with years of experience to his credit will find this and other compilations of this series to be extremely valuable. The fact that the prayers and mantras are in Arabic should not deter the magician from practicing them. Sincerity and seriousness in the work would open up doors of literal and spiritual understanding. One does not have to be a Muslim to work Islamic magick--it is initially sufficient to live the spiritual precepts and truths as to be found in all religions. We can devote ourselves to the Deity using any language as media--fundamentalism and fanaticism should not be part of any occult student's attempt to reach out to the Divine Omneity. Understanding Arabic and the meaning of the prayers, though, would be beneficial. The reader ought to keep in mind that the pure concentrated intent of the magician is a powerful factor in making these rites work.

General Instructions

Perform all occult exercises and disciplines in a clean, quiet room or in a retreat especially consecrated for occult/metaphysical work. There should be enough ventilation in the room. All work should be done on the floor or ground, on a suitable carpet chosen for the purpose.

Practice deep breathing for 7-7-7 counts--inhale 7 counts, hold for 7 counts, and then exhale for another 7 counts. While holding the breath imagine energy accumulating in the psychic center below the navel. The exact location is about three-finger breadth beneath the navel. Generally, the occult exercises and rites should be preceded by this breathing practice. One of the keys to occult development and a successful performance of a rite is the amount of psychic energy we accumulate and channel. Breathing exercises are just one of the many systems of psychic energy accumulation.

Before performing any occult rite, a spiritual cleansing or holy wash is necessary to rid oneself of psychic toxins and dross matter. There are many occult rites designed for this purpose, but the simplest technique is just to visualize a flood of brilliant white light pouring over you while you shower. Imagine all of the psychic dirt from your physical and etheric body as being washed down the drain. Recite a simple personal prayer while showering. In the Name of the Almighty, and your true Self, request the angelic intelligences to transform yourself to an immaculate state.

Fasting is generally required during, and several days prior to the conducting of the exercises or rites. Fast from dawn to dusk, consuming no meat and eating nothing with any taste--for instance, just plain rice or bread. This fasting method is called "mutih" by Javanese occultists. You may break your fast at dusk and may eat several meals outside of the designated fasting period. This fasting is quite strenuous but essential to conditioning the physical-etheric body towards interaction with higher forces and as a fit receptacle for the generated or invoked forces to dwell.

Believe and have faith in the efficacy of the occult work and exercises, for the right mental and spiritual attitude open psychic portals to the infinite realms. Have faith in your Creator most of all. Conduct prayers often and have a strong focus upon the exercises and rites. Do not be distracted by frivolous matters. The spiritual life aids in attunements with cosmic forces. Physical and etheric purity only gives one access to the astral/etheric realms. Mental and emotional purity transforms us into a vessel of light fit to receive the Holy Spirit. Obey the precepts of the Spirit and the Cosmic laws as these will pave the way for the quantum leap to the next level of evolution.

Meditate often so as to acquire the skill needed to slip into an altered state of consciousness. In the name of your true Self, request the angelic forces through decrees, prayers and invocations, to open-up the spiritual centers in your etheric body.

Develop the Power Punch of Moses

The purpose of this martial occult exercise is to develop a powerful lethal punch that may be thrown at close-range or from a distance. The aim is also to develop invulnerability against launched physical strikes and punches against oneself. The power-punch developed through this exercise is powerful and may be fatal to the one receiving it. Do not use it unless forced to.

The method :

1) Sit comfortably in the lotus or semi-lotus fashion on your carpet. Cross-legged, tailor-fashion is also permissible. Calm your mental and emotional bodies.

2) Conduct the breathing exercises as taught in the "General Instructions" section, but use the verse below as a counter. Inhale and recite mentally the verse 9x. Recite for another 9x while holding the breath, and while exhaling. Continue with this for several cycles. The verse :
" BATHASTUM JABBARIIN."

3) After the above breathing exercise recite the following prayer :
"O Allah, O God Almighty, the All-Powerful, bless your servant with the power-punch of Moses. Let it be present, present, present within the body and soul of thy servant forever. Amen" 3x.

4) Extend both of your arms in front of you. Then contract your arms and pull them in gradually to your sides while inhaling for 7 counts. While in this position, hold the breath for another 7 counts and focus on the center below the navel. As you exhale, imagine power flowing to one of your arms (while contracted and hand in a fist.) At the same time throw a punch into the air with that arm, as hard and forcibly as possible.

5) Repeat No.2--4 for 7 more times. Do this exercise for 7 consecutive days and regularly after that.

The power developed within you as a result of this exercise will cause an attacking aggressor to fall unconscious as a result of your power-punch. For throwing a punch at long-range, commence by reciting mentally a short prayer :

"O Allah, thy servant requests the power of the distant punch of Moses to strike . . . (state target)."

Next focus upon the object from a distance and without blinking. Inhale and hold the breath while imagining power flowing into the active arm. Then strike out with a shout as you exhale.

These exercise will also cause you to become invulnerable against punches. Recite a personal prayer to the Almighty to acquire invulnerability. Then inhale slowly and hold the breath while mentally reciting the Divine Names below 9 times :

"YAA ALLOH, YAA QOWWIYYU, YAA MATIINU." 9x

After the recitation, release the breath slowly while imagining the power flowing to every part, to every cell of your body. You might want to practice this regularly.

Opening the Third Eye

The benefits of this exercise is that after mastering it you will be able to communicate with the jinns and khodams. You will be able to befriends with virtuous jinn spirits and have the ability to see auras. Communication and perception of the power and the familiar spirit of magickal objects will also be made possible.

Note: malicious jinns may be overcome with the verse from Yaasin 82 :

"Innamaa amruhuu idzaa araddaa syaian ayyakuulalahuu kun fayakuun."

For opening the third eye, conduct the following rite regularly :

- 1) Fast for 7 days from dawn to dusk, and consuming nothing with taste. See [General Instructions](#). Begin the fast on a Thursday and ending on the following Thursday.
- 2) During the 7 day fast, every night, if you are a muslim, do 2 rakaat of prayers. After the first rakaat, recite the Al Fatihah verse followed by the Al Kafirrun verse. After the second rakaat, recite the Al Fatihah verse followed by Alam Nasyoh. If you are a non-muslim, first offer a general prayer to the Deity followed by the Al Fatehah verse, Al Kafirrun, Al Fatehah, and Alam Nasyoh. For the verses, see below.
- 3) After the above prayers continue with the recitation of :
"Yaa Allohu Yaa Bathiinu" 333x
- 4) While doing the recitation, breathe rhythmically. Close your eyes and with full concentration, focus upon a point between the eyebrows in the third-eye area.
- 5) By the seventh day, or even before that, if you have done the rite correctly with full concentration upon the point between the eyebrows, you will perceive a certain light or even more which may be of any color--red, green, blue, yellow and white. These colors represent your inner desires and emotional content. Focus upon the white light until it is clear and augments in size. It is within this light that you will perceive the unusual inner realms or magickal planes--worlds that you have not known before!

The Al Fatehah verse :

"Bismillaahir-rohmaanir-rohiim.
"Al-hamdulillahi rabbil 'aalamiin, ar-rahmaani ar-rahiim
"Maaliki yaumid diin, Iyyaka na'budu wa iyyaaka nasta 'iin.
"Ihdinash Shiraathal Mustaqiim.
"Shiraathal Ladziina an'amta alaihim.
"Ghairil Maghduubi Alaihim Walaadh Dhaaliin.
"Amin."

The Al Kafirrun verse :

"Bismillaahir-rohmaanir-rohiim.
"Qul yaa ayyuhal kaafiruun,
"laa a'budu maa ta'buduun,

"wa laa ana 'aabiduuna maa 'abadtum,
"wa laa antum 'aabiduuna maa a'bud,
"lakum dinukum wa liya diin"

The Alam Nasyoh verse (also called Al-Insyirroh) :

"Bismillaahir-rohmaanir-rohiim.
"Alam nasyoh laka shodroka,
"wa wadho'naa 'anka wizrok,
"alladzii anqodho zhohrok,
"wa rofa'naa laka dzikrok,
"fa inna ma'al 'usri yusron,
"inna ma'al 'usri yusroo,
"fa idzaa faroghta fanshob,
"wa ilaa robbika far-ghobb."

Magickal Shield #1

The following rite forms a magickal shield surrounding one's body. It empowers the etheric/physical body with a certain force causing it to be impervious to sharp weapons at a time when it is required. It improves one's reflexes and is useful when one is attacked by aggressors. Other types of magickal powers lying dormant within us are also awakened by the power of this simple ritual. The prayer in this magickal rite is called the "Ibnu Alwan prayer."

The method:

1) Fast for three days in succession from dawn to dusk, Tuesday to Thursday.
