# THE MATERIAL

---

---

The Incantations and calls from the Simon version of the Necronomicon are not reprinted here. You will need to pick up a copy of the book which can be found at any local bookstore. Read the book completely and you will have no problems understanding this material. The Silent Dragon wishes you Good Luck!

SO BE IT

The subject matter of the present work is mainly drawn from the Simons version of the NECRONOMICON by Schangekraft Inc.\ Barnes Graphics 1977. This present material is the result of many years of work with members within The Silent Dragon. Eventually, my colleagues felt that presenting these ideas to a broader audience would be in order. Finally, I gave in to the well-intentioned pressure of my colleagues to put down some of these ideas with the approval of the Elders.

As I sat down to put this project together, I wondered whether it was the right time to do so. The accumulation of knowledge is a continuous process, and it is difficult to say at what point one should say: "Stop here and write down whatever information has accumulated up until now." I have decided to start writing at my present level to help others in this area. It is certain that I could describe many things better if I were to start this book two or three years from now. For example, when one acquires a bit of new information, there are many new questions that are generated by it. Therefore, I do not claim that the information contained here is the final truth, but I hope that it will stimulate more thinking and speculations by future occultist.

BLESSED BE!

### Method to Contact the Scorpion Man

---

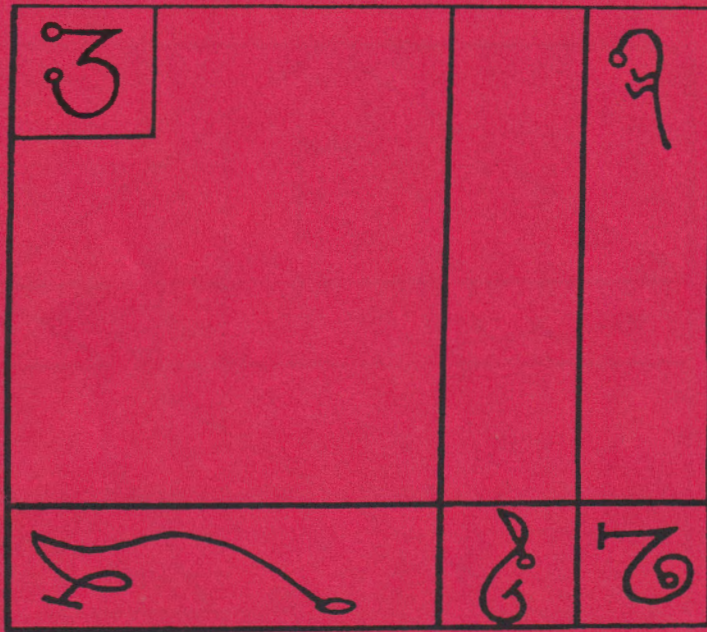

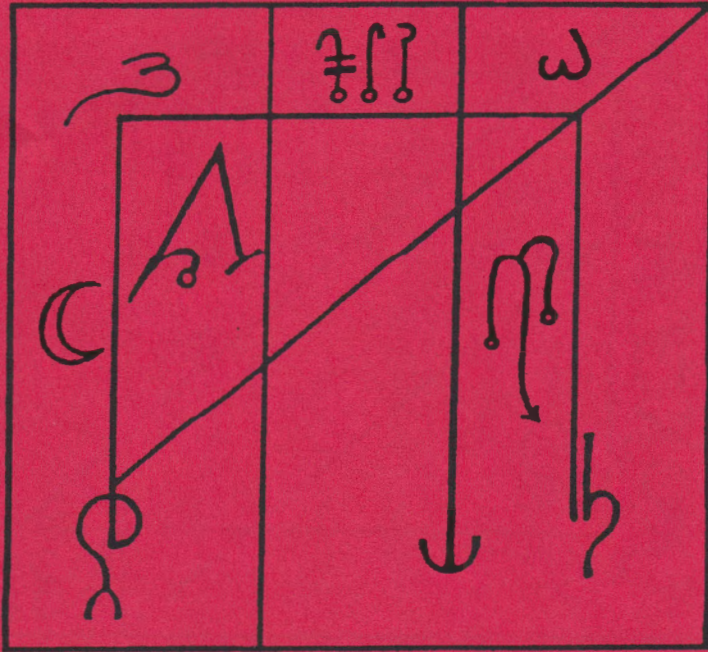

---

The method is very simple. Face the West and hold your arms out like a bird ready to take flight. Then close your eyes and clear your mind completely, when your mind is clear envision the Scorpions Seal within your mind. Open your eyes and with your left hand draw the Seal before you. Then turn your palms up and take a deep breath, and look up to the stars. Vibrate his name in a loud voice no more then 9 times. He will come upon the wind very quickly, so be careful because his scream will raise the hair on the back of your neck, and can unseat your Spirit. It is best to perform this calling, when the Moon is new and you will know why after you call the Scorpion. The name of the Scorpion Man is AKRABU.

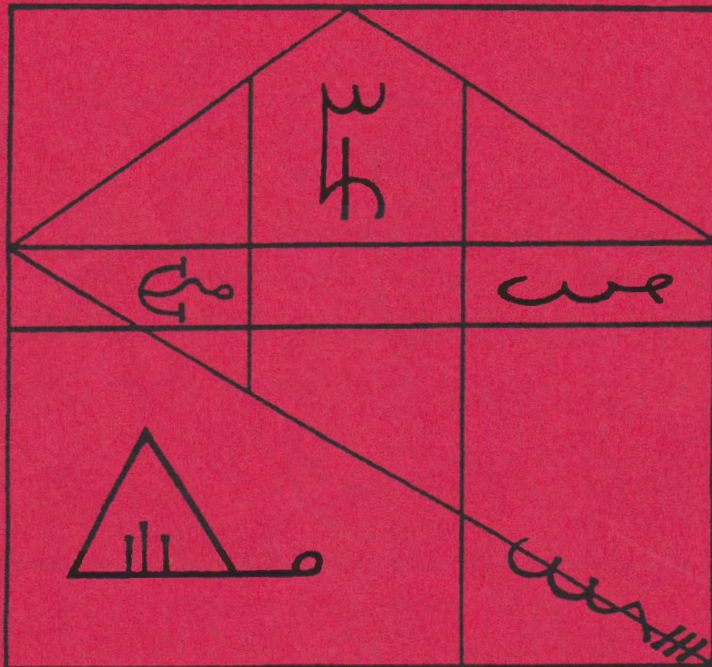

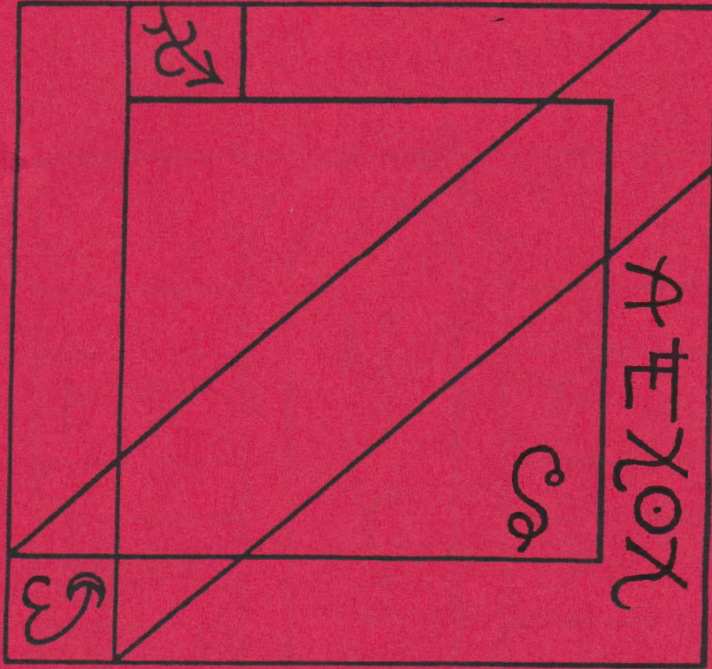

The Scorpion Man can give you Knowledge which you will need concerning the Outside when working with Necronomicon Powers.
