The Hallowed Genie

A Powerful Source of Good Luck

This is a Book of Magic Powers, giving You the Reader Power over your Destiny, a Power than can and will change your life giving you all the things you have always longed for, providing they are within reason.

In this book we are not concerned with Religion as such and yet a religion has sprung from the overwhelming data that has been collected over the years, I speak of the Spiritualist Religion, that has misused the power and belittled it by turning it into little else than a means of fortune telling ?

Whereas we are calling on the Spirit World we definitely are not calling on any wayward spirit entity that may be listening to our prayers, we are concerned solely with the Spirit of our Ancestors and one Ancestor in particular.

The Choice of Genie

It would be a good idea if you started right now to think back to one of your ancestors, one you can look up to, one that maybe had your special love, or one that gave you special love.

A Personal Genie

Think long and hard about this and please do remember that your ancestors still live and move in a world parallel to this world in which we have our being, your ancestors not only live, but are ever near you and are waiting for you to make contact.

The Genie & Religion

And when you have decided on which of your ancestors it is to be, then go out shopping and purchase a Doll that you can make resemble your chosen ancestor and find a special place in your home to place your Genie for that is what your Doll will become, a Genie that will in a short time start to grant your prayers.

In every religion since the dawn of time there has always been two sides or parts of the worship, one for the Priests who grew rich and one for the followers who's gifts made the Priests rich.

In every religion there has always been a Holy Genie to pray too, Christians may not like this but they have always made a Genie of the Nazarine, and his Mother the Mary the Virgin.

Lamenting

Seeing is Believing

Go into any church and look at the effigies of the Saints, stand there a while and look at the dozy ones lighting candles to the Saints? How much better would it be to light a candle to your favourite ancestor.

There is an old adage 'Seeing is believing' well in this book I cannot actually SHOW you, but I can do the next best thing, I can present to you facts that can be checked and proved of what some people have achieved through working with the ancestors.

The names will have to be fictitious but the stories will be factual, so as not to involve the families of those I write I must use false names but the deeds will be truth and will reveal the amazing results of praying to the spirits of the ancestors.

Nothing ever dies, there is no death only change.

This fluidised world which we speak of as looming beyond our normal vision, has many surprises and discoveries in store for future scientists.

Many observers are already conscious of the fact that beyond our perceptions beyond our limited gross constitution, beyond the opaque veil which surrounds us like a fog, another world exists.

No longer are we bound by this little earth world, we can enter a fluidised universe which actually enfolds us and which swarms with invisible multitudes.

Super Beings

Beings that are Superhuman, but not supernatural, live ever near us, dumb witness of our doings, seldom can they make themselves manifest save under and within determined conditions which are the actions of natural, precise and rigorous laws.

Facts not Fiction

This our generation is weary of vain imaginations, theories and systems that never work, Sickened and sceptical of all those who promise much but give little, we now ask for proof for the assertions that we can gain all we wish, no longer are we satisfied by the most logical reasoning.

We demand facts, sensible and direct; facts that can be verified, then and only then can we relinquish our disbelief and get away from the multiplicity of fictions and erroneous doctrines which have been foisted upon us .

So now we will consider facts, case after case of people who through conversation with the spirits of their ancestors have developed simply amazing powers that have brought fame and riches

Your personal Genie

You should now have your Genie Doll, set it in the place where you can daily see and speak to it.

Now you must name your doll, it can be any person that you can look up to with respect, use one of your ancestors for preference, but failing that look for a person who was important even great when on earth.

This doll must be insulated from earthly vibrations so must stand on a insulated base, you can make this base by using cardboard covered with Cling Film Wrap.

Requirements

You will need several bases, now this is not magic or any thing to do with magic but a practice based on pure psychological grounds, so cut out several cardboard circles about 7 inches in Dia.

First cover them with White Paper then draw the coloured triangles (see illustration) then cover with the Cling Film, Note the use of colours are for the various subject of your petitions .

It is well known that certain colours attract certain emotions, or psychic auras and are recognised in the spirit realms.

A List of Colours and their Psychic Influences

Gold... When seeking luck or asking for financial gains, or trying for a higher position in life.

Green... Mostly connected with Health, or success in gaining material things.

Pink... should be used when love is the problem.

Yellow... when trying to influence others to your way of thinking, or in matters of urgent change.

Purple... Known as the Divination Angel use it to ward off evil thoughts.

Red... is the colour of passions , any sexual problems or for gaining vitality.

White is for purity and prayer. These are the main colours. There are others but you should not need them.

Your Doll should stand in the centre of the triangle. You can if you wish light a candle when speaking to your genie, but it is not a necessity.

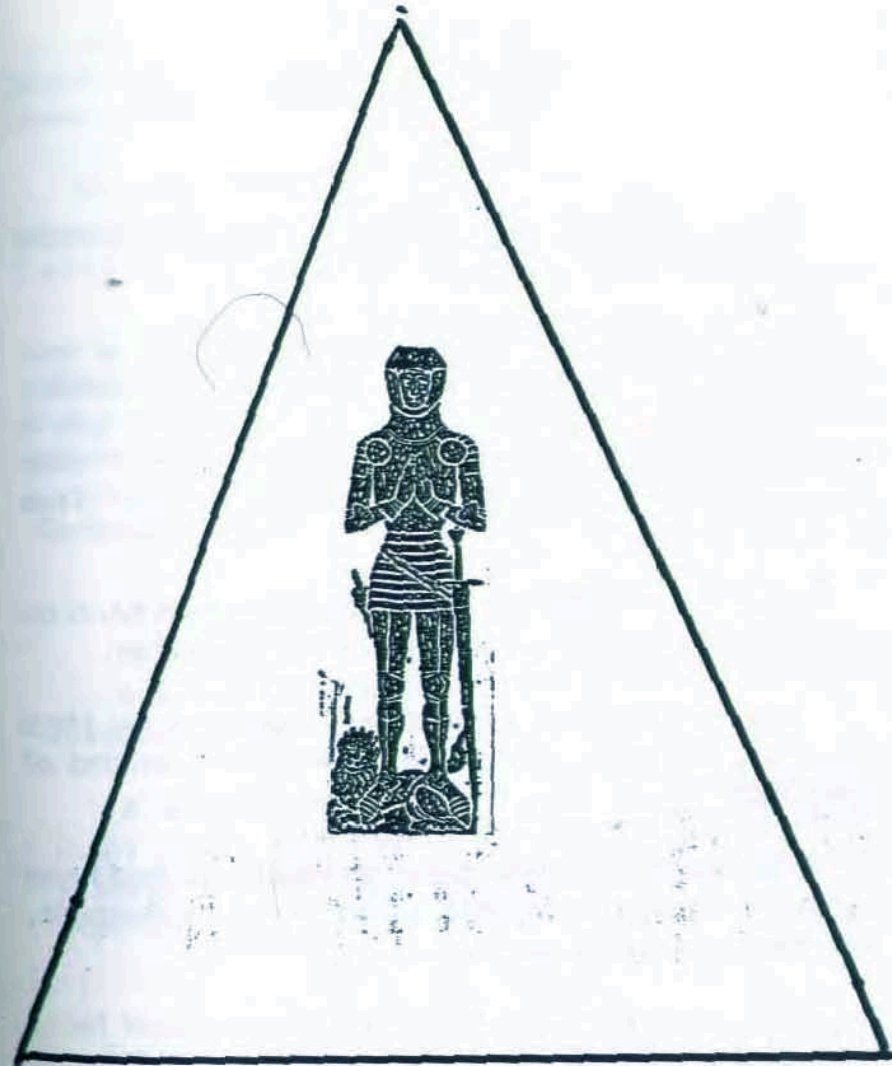

Illustration 1

The Prayer

Having got this far, now let us look at a suitable prayer to start each day with.

You have made a cup of Tea or whatever is your morning drink, now before even tasting it. pour about a Table Spoonful down the Sink or if you can take it outside, pour a table Spoonful on to Grass or a Flower bed saying 'To you my friend, be ever near me' . Now drink the remainder

Stand in front of your Genie with clenched hand on Heart in the Egyptian salute, and recite this prayer.

Into thy hands of protection I commend my Mind and Body with all my faculties powers and actions of them both.

I ask you to be ever near me direct me and keep me in the ways of prosperity grant to me my requests, my immediate needs are for.....

Here state WHY you need the things asked for.... it is important to state Why.

Watch over me and shield me from all danger, save me from making mistakes and make this my day a happy one, I thank you for being with me and for all the things you have made possible for me . So let it Be.

Go through this simple ritual every day and in about ten days you should begin to notice a change coming into your life.

This is about the only way to ask for money without attracting the opposite, so often do I hear. ' Since I have started in the occult the reverse seems to happen

Of course it does because asking for something is admitting want and all you will ever receive is WANT. In the prayer you are stating a NEED not a WANT start asking for things you don't need and you will get the reverse, so be warned, and if things are going wrong. Go back and read this again, and realise your mistake.

The Genie in Action

It is now time to look at what the Spirit Genie has done for others.

A man prayed to his Genie for money to settle his many debts, he dreamt of the numbers 3.6.8. and 4. A voice told him to get the lottery ticket bearing those numbers.

Twice he awoke, thought about it and went back to sleep only to have the same dream, he obtained the ticket bearing that number and he won more than enough to settle his debts.

10

A girl living at Bergamo a few years back, asked her genie for money to buy things for her parents who were living in poverty.

She dreamt she was on her way to buy a lottery ticket carrying a box full of jewels and a bundle of gold rods. She heard a voice and turning round she saw and spoke to a certain Canon who had died a year before. he took away from her two gold rods saying in 19/90 these rods were worth 41, million lire ?

She told her parents and the story spread and the people of Bergamo bought lottery tickets 2 41 and 90, at Genoa and won 25 million lire, they chose Genoa because the Canons name began with the letters GEN.

At Macerata a Lady had for her genie her dead father, she dreamt her father was discussing the harvest standing on his threshing machine, he said, The crop is better this year, it is 70 quintals instead of the normal 60, we have harvested 66 that leaves 4 more to harvest.

She bought a lottery ticket next day the numbers chosen were 70.60. 4. She won over 16 million lire. that is just 3 of many such cases, showing that your genie often speaks with you in dreams.

In ancient times dreams were held in reverence they were taken as the way the spirits chose to communicate with human minds and relay instructions to them.

Marcus Aurelius, urged men to be thankful to the spirits for the aid received in dreams. Iamblichus wrote, An invisible spirit watches over sleeping men to protect them from mental and bodily suffering and sometime they hear a faint voice telling them how they should act.

Genie gives Warning

October 19/61. A student aged 18 years awoke at 5 in the morning by a voice repeating Help Help ! He got up walked about the house but could find no explanation, he thought of going back to bed, but something told him not too.

Finally he lay down on the settee in the next room suddenly there came a crash, the ceiling in the next room fell down burying the bed and furniture under a heap of rubble, had he been in bed he would have been killed !

Faith. Hope. Charity.

The Genie as inventor's best Friend

Elias Howe the inventor of the sewing machine had a problem he could not solve, then he dreamt that he was being chased and in his path preventing him from escape stood a large needle upright in the ground.

He could not remove it then suddenly came the idea, drill a hole in it, put a piece of string in it and pull, in the morning he thought of the dream and his spirit genie suggested the principle of a moving needle with a hole near the point into which the thread should be placed.

Help from Spirit World

And what are we to make of this.

A famous person living in London in 18/97 wrote in her book "Shadow Land" at the age of 13 she was set an essay to write.

The other children of her age found it easy to write but it proved beyond her power to write, the evening before the essay had to be handed in she scribbled in despair a few sentences in her exercise book then weeping she went to bed.

She slept well and when awoken was utterly amazed to find the book was filled with an essay in her own handwriting which was far above anything she could have composed from her own knowledge.

Her teachers were very suspicious when she handed it in, thinking she must have copied from some source. There are many such examples, of problems being solved in dreams and in dream like states.

These dream states have never been fully explained but scientists like Kleitman, have come to the conclusion that during the day our conscious awareness relaxes at the same intervals as it does when we are asleep.

Some even state that we are fully conscious for not more than two minutes in every hour? Well we are all familiar with waking states when we seem to switch off from this world and enter a world of fantasy, at these times our genie can communicate with us.

Napoleon was in conference with General Bertrand on the morning of March 13, 1814. for no apparent reason he suddenly burst into tears to the amazement of those around him.

It was found later that at that very moment Josephine de Beauharnais was dying at the Malmaison, there are many instances of this kind where the spirits relay to the mind warnings and premonitions.

Christmas Eve 1955 the place Salerno a woman named R.P. suddenly dropped what she was doing went out, hired a car, and drove to Teggiqano, where she found her son lying dead in the gutter.

His mother had had a waking dream, she heard her son pleading for help, he was in an accident his motor bike in collision with a car, he was crying for help telling her where the accident had occurred.

In other cases on record : state that people have had these waking dreams and acting on them lives have been saved, we should regard ourselves very thankful that we have beside us such wonderful friends.

A Prayer

To my Ancestor

From thee I come from as thee I go
All day long like a fountain I flow
From thy handout, swayed about
Mote like in thy perfect glow.

What I know of thee I bless
As acknowledging thy stress
On my being and as seeing
Something of thy holiness

Once I, turned from thee and hid
Bound on what thou would forbid
Sow the wind I would; I sinned
Now I repent of what I did.

Bad I am yet I am thy child
Father be thou reconciled
Spare thou me, since now I see
With all thy power, thou art mild.

I have my life before me still
And thy purpose I wish to fulfil;
Yes many a debt to pay thee yet;
So help me sir, and so I will.

Taken from an un-finished poem by Gerard Manley Hopkins with apologies for the alterations,

Genie our Secret Self

We have seen how our secret self is in communication with our Genie, when we are engaged in other pursuits, and we know that many people are made aware of forth coming accidents and other tragedies.

One of modern day students of dialogue between the genie and self was Maeterlinc He described the genie as a guide and counsellor who among other functions could protect the waking self from hidden dangers and disaster.

Is it not a curious and constant fact that when great calamities fall upon us there are generally far fewer people killed than can be expected ?

Before a collision or other devastating train accident we find that just before the happening far fewer people are travelling by train ?

Before an ocean going liner catches fire, sinks, there are far fewer people on board for that trip ? Why is it that trains ships, and in times of floods, far more people stay at home ?

Is it just precognition, or is it that whether or not we believe in the spirit world the Ancestors are watching over us and that in times of disaster they are able to contact our inner self, spirit, or soul and without our knowledge so influence our mind that we make a sudden decision that saves our lives ?.

On October 7, 1965, on the quay at Charlottetown stood Queen Elizabeth ID. She was about to board the Royal Yacht Britannia , just as she was stepping on to the gang way she suddenly drew back saying it is not safe .

A moment later to the confusion of the sailors it collapsed, now did she see the danger or was she warned of the danger ?

VooDoo

How many times have you heard faint voices that are not your own, making suggestions and prompting and how often have they proved true.

Some few years ago I was attending a VooDoo session, there was a young girl sitting at a table, she had in front of her a metal tray covered with fine sand.

I sat beside her, she looked at me and said 'How are you Basil ? ' As I had only arrived that morning in Sao Paulo and had never met or even heard of this girl 'til now, I asked her how come she knew my name !

Smiling she said, 'Watch the tray ' she shook it and to my surprise there in front of my eyes the sand formed the name Basil Le Croix ! surprised, amazed like an old time Indian I said "HOW ".

With an impish grin she replied, 'O my guardian Angel told me you were coming to see me, and told me I was to be nice to you as you were a good magician in your own right '.

Well nothing that happens in Brazil surprises me any more, and I only mention this to show that contacting your ancestors can often enlighten you to future events.

Genie helps Police

One time he was asked by his superiors to find a suspected criminal, He consulted his ancestor then replied, it is not a man as you think but a woman in disguise.

She left Turin a few days ago with two accomplices, she is in hiding near the bend of a river in a wooden building with overlapping planks in the town of.....?.. Sure enough they were found there and arrested.

The Italian Police also consult a Spiritist medium who helps them solve crimes, even giving them the name of a certain murderer and telling them where he was hiding.

There are records by the thousand telling of these things, every country of the World is full of recorded facts bearing out the solid truth that the Spirits are alive and ever willing to help us in our present life counselling and assisting us in obtaining the best things of life.

Extracts from Letters

It was a wet miserable day when I met Tony, he was sheltering from the rain in a subway, begging for coppers to buy a cup of tea.

Leo Talamonti writing in his book "Forbidden Universe", tells this story.

" In March 1961, I met for the first time Dr G Adolfo Rol, I arrived in Turin on a Thursday afternoon checked in a Hotel chosen at random, when to my surprise the phone rang, it was Dr Rol suggesting I should call and see him that evening."

'But how did you know I had arrived in Turin, and how did you know where I was staying,' He answered, 'I was doing a charcoal drawing when my hand wrote your name of it's own accord then underneath it wrote P. Hotel room 92 !'

.....
.....
.....
O Sacred Ancestor who from end to end
Strongly and nobly movest: shall I write
And not of thee, through whom my fingers bend
To hold my pen, shall they not do thee right.

Of all the creatures both in sea and land
Only to Man thou hast made known thy days
And put the pen alone into his hand
And made him secretary to unknown events and days.

There is the story of a Policeman in Turin who being a Spiritist and daily calling on his Genie, an ancestor long passed over is able to solve many mystery crimes.

I have his letter before me as I write.' Basil if only you could see me now, I am smartly dressed have silver rings on my fingers like you, I have a good well paid job, and it's all due to you for showing me the way.

Dear Basil, Miracles do happen, through you my boy friend came back to me and we are shortly to be married, how can I thank you ? You are WONDERFUL.

Hi Basil, beam using that marvellous talisman you made for me, twice lately I have won over £16000, how can I thank you.

WOW! just won over £2000 on Littlewoods all through using your spirit method, thanks a lot. and so it goes on, money won, boy friends brought back, straying husbands are persuaded to return, wishes are being granted, and all this for just saying thank you to the spirits of your ancestors.

LO Basil, Thought I must write telling you how pleased I am, People say to me, 'its all right for you money seems to fall out of the sky for you '. Well it does thanks to you .

So why not you, if others are using these methods and gaining the things they have always longed for why not you ?

You now have the secret, keep it secret and practice the rituals and enjoy the remarkable results.

I have said this is NOT a BOOK about magic and the following although it may seem as though we are using invocation, we are going to use a mental device which your Genie will understand perfectly.

Your Personal Genie

But first a few words about your Genie, a genie being in the Spirit World is in constant touch with Universal or Divine Mind, therefore it can work wonders.

Now your Sub-conscious Mind also can link with Universal or Divine Mind, and the reason why you cannot link with your Sub-conscious Mind is because you also have a reasoning Mind.

Just as soon as you try to do something which for want of a better word we call Super Natural your reasoning Mind says "O NO YOU CAN'T ", but your sub-conscious Mind COULD do it.

Now the problem is HOW CAN we link with our sub-conscious Mind, well through our Genie, now just think about what I have said about the two ways, they have something in common don't they ?

They are both in touch with Super Mind, now try to remember this, your sub-conscious Mind cannot reason and it cannot think it can only SEE your thoughts if given to it in pictures.

No I am NOT going to give you the old run-a-round about visualization, I have a much better way, and that way is to act out the thing we seek, that is where Rituals come in, now a Ritual is something you do many times, it has nothing to do with magic but those who use magic have sort of stolen the meaning of Ritual.

Now our rituals are a method of telling our Genie in actions the things we need, so if we are in need of money we must start acting on some thing that will convey to our Genie the idea we need money.

In magic parlance this is known as sympathetic magic the idea being that what you enact will come true, or happen. so if you play a sort of money game money will come to you.

If you doubt this it will not work, but if you believe God's word taken from the Holy Bible then our example will be given from the Holy Bible.

So get out your Bible open it at Genesis Chapter 30 and read the story of how Jacob became rich by making the Sheep and Cattle that belonged to Laban produce spotted Calves and Lambs by making sure they daily looked upon poles that he had peeled to make them streaked white and green.

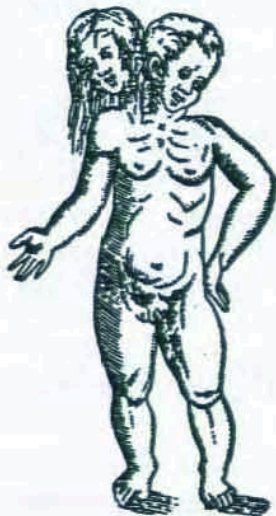

He knew that what you continually look at you will be in danger of changing into. Take note here, if you continually worry about having no money you will NEVER have any because you are telling your Genie you WANT for Money, again take a close look at your Fishmonger does he not look similar to a COD, does not his face look like a Fish Head ?

Medical Evidence

Now there are lots of evidence in medical history of women being frightened by some animal whilst carrying a baby in their womb and subsequently giving birth to a monster half human and half animal.

Again it is on record that if a woman who is with child continually longs for for some kind of fruit or food and that longing is not satisfied she will give birth to a child that is deformed in some way.

Again we are shown here that if the longing is not satisfied the woman will carry the thought or image of what she longs for and her subconscious will pick up that picture and cause the deformity in her unborn child.

Medical Curiosity

So we have plenty of evidence that if in some way we carry the thought of money to our Genie we shall inherit money from some source, we must not worry about where it is coming from just rest assured it will materialise sooner or, later.

Making a Start

Those who have a strong imagination will reap rewards soon, very soon those with little imagination will have to persevere with the rituals given until their needs are supplied.

Now I know some of my readers will be anxious to make start, so I will start by suggesting a way that could help you with the Lottery.

The first think you are going to need is a way to tell your Genie you are thinking about the Lottery, and secondly you are thinking that should you win a BIG sum of money you will be rich.

So now you must start with some work to show your Genie you mean business. Start right NOW !

Requirements.

You will need some thin cardboard, the Packet you Cereals come in will do fine, and a pair of scissors and a good pen.

You will need 4 White Candles and a box of Matches and some Kitchen Foil.

Practical Work.

Stand your Genie on the table so he/she can see what you doing, Open up the Cereal box and cut from it 49 small pieces about 1 inch square.

Also at this time cut out 4 small circles about 3 Inches in Diameter and cover them with Kitchen Foil. these are for standing your Candles on.

Having got your squares cut out, on the plain side you must print these letters.

The letter L (2) the letter Y (2) the letter O (4) the letter T (12) the letter E (8) the letter R (4) the letter W (5) the letter A (4) the letter H (4)

45 letters in all, these letters must be placed in the form of a rough square shape

The Set UP.

Start with the top line and follow the instructions given.

Now stand your Genie in the centre of the Square and place a Candle at each corner. Do not let the Kitchen foil covered circles touch the letters, now light the Candles, you can light them in any order.

(See illustration)

Sit looking into the Candle flame (any Candle) for at least 5 minutes thinking about entering the Lottery numbers.

Now read aloud the 23rd Psalm.

For those who do not have a Bible I will write out the psalm.

The Lord is my shepherd I shall not want.

He maketh me to lie down green pastures; he leadeth me beside still waters.

He restoreth my soul; he leadeth me in the paths of righteousness for his name's sake.

Yea, though I walk through the valley of the shadow of death, I will fear no evil; for thou art with me; thy rod and thy staff they comfort me.

Thou preparest a table before me in the presence of mine enemies; thou anointest my head with oil; my cup runneth over.

Surely goodness and mercy shall follow me all the days of my life; and I will dwell in the house of the Lord for ever.

Repeat this Psalm 3 times, now blow out the Candles, (again in any order). and leave every thing just as it is for at least 1 Hour, then place all in a box and hide from the sight of other people, but place your Genie in his/her normal place.

The best time for this ritual is after 10 O'Clock at night, it is a good sign if you dream about this ritual or money.

Another Ritual

We will now consider yet another ritual that you can perform that will impress on your Genie that you need some extra cash.

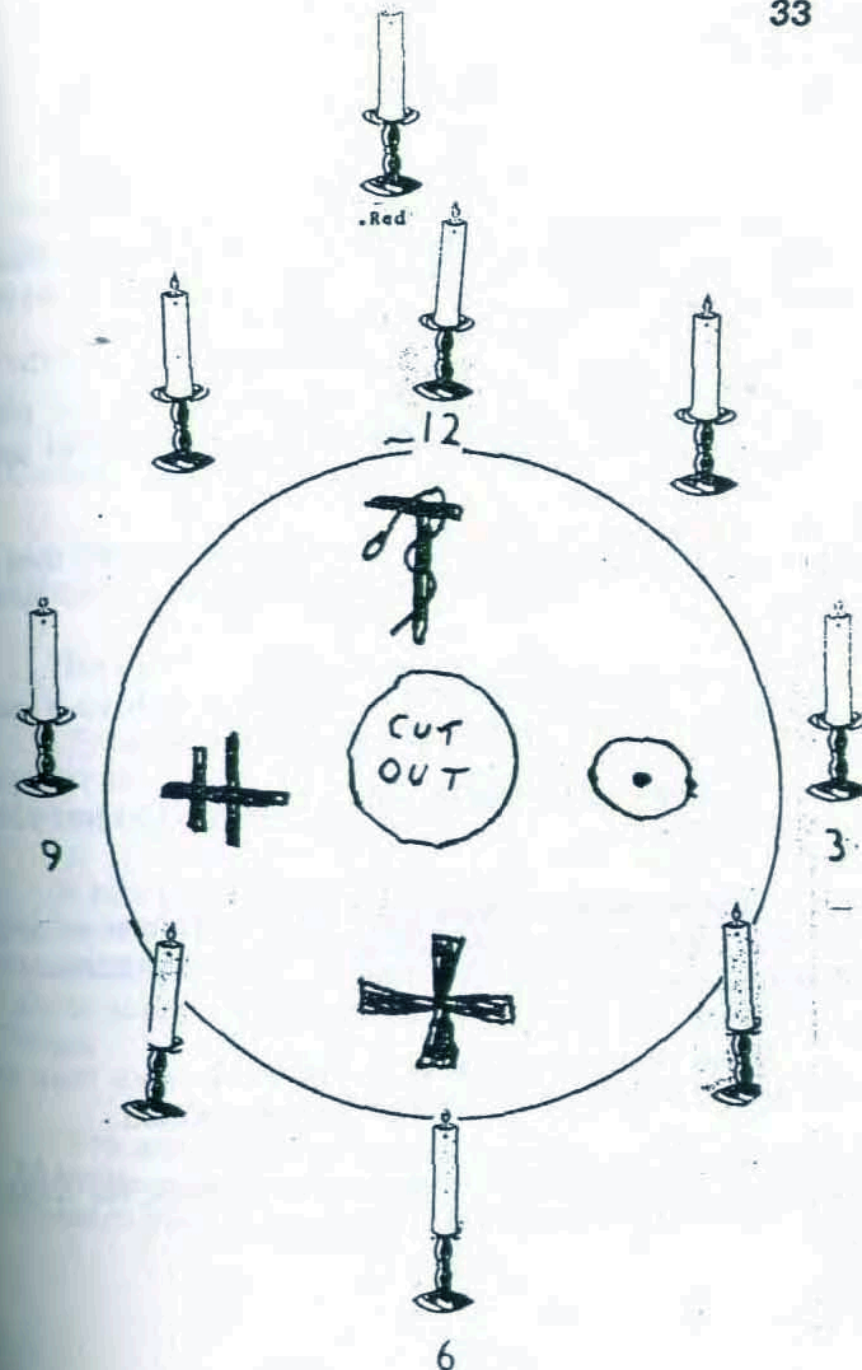

You will need several £10 Notes, a Red Candle and 8 White Candles, a piece of White paper on which you must draw a large circle. Place a dinner plate on the paper and use it to inscribe your circle

Place the notes in a rough circular shape (See illustration). Place your Genie in the centre of the notes (as in the illustration) cut a hole in the centre of the paper and place over your Genie after drawing the symbols on the paper.

Now place the Red Candle at the 12 O'Clock position, then a White Candle at 3 O'Clock and one at the 9 O'Clock position, now half way between those Candles place the remaining 4 Candles.

Light the Red candle then the others starting with the one that is between 12 'Clock and 3 O'Clock, continue until all the Candles are lit.

Now sit and think why you need this money. after about 3 minutes tell your Genie why you need the money,

Now say the 4th Psalm.

PSALM 4

Hear me when I call, O God of my righteousness; thou hast enlarged me when I was in distress; have mercy upon me, and hear my prayer .

O ye sons of men, how long will ye turn my glory into shame ? how long will ye love vanity, and seek after leasing ? Selah.

But know that the Lord hath set apart him that is godly for himself; the Lord will hear when I call unto him.

Stand in awe, and sin not; Commune with your own heart upon your bed, and be still. Selah.

Offer the sacrifices of righteousness, and put your trust in the Lord.

There be many that say, Who will show us any good; Lord lift thou up the light of thy countenance upon me.

Thou hast put gladness in my heart, more than in the time that their corn and their wine increased.

I will lay me down in peace, and sleep; for thou, Lord only maketh me dwell in safety.

Repeat this psalm 4 times

Now if it is possible walk around your table saying ' From somewhere and some how Money will flow to me. Money is coming to me.'

You should repeat those words at least 10 times while walking around your Table 7 times.

Now sit quietly for a few minutes then blow out the Candles and say 'Let it Be '.

Now put all the things away out of sight but place your Genie in his/her normal place.

The Candles can be blown out in any order.

From Brazil comes a very powerful ritual which if performed with faith in your Genie will produce wonders beyond belief.

It has been designed to bring you almost any thing you need, the choice is yours but do please be reasonable about it, don't ask for the impossible, the Spirits take a dim view of those who ask for foolish things.

The Ritual

You are going to need 14 Candles, 4 Red ones and 10 White ones, these must be placed in the form of the Cross of the Crucifixion.

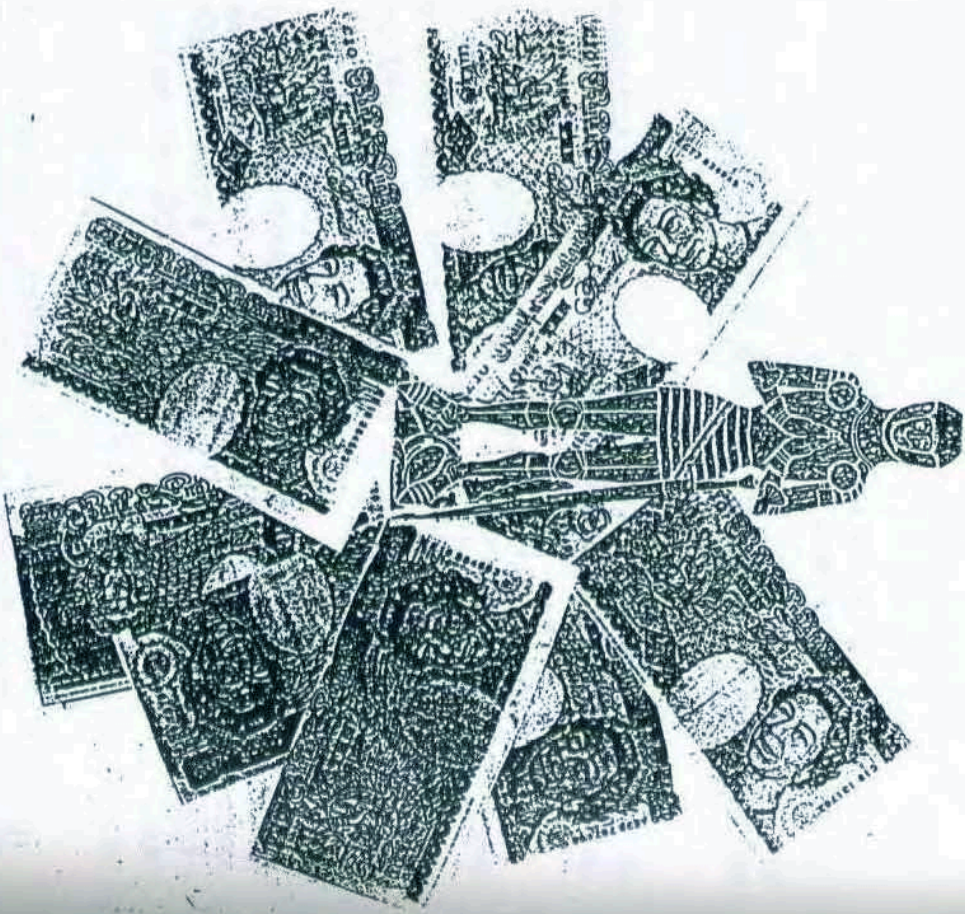

Illustration 4

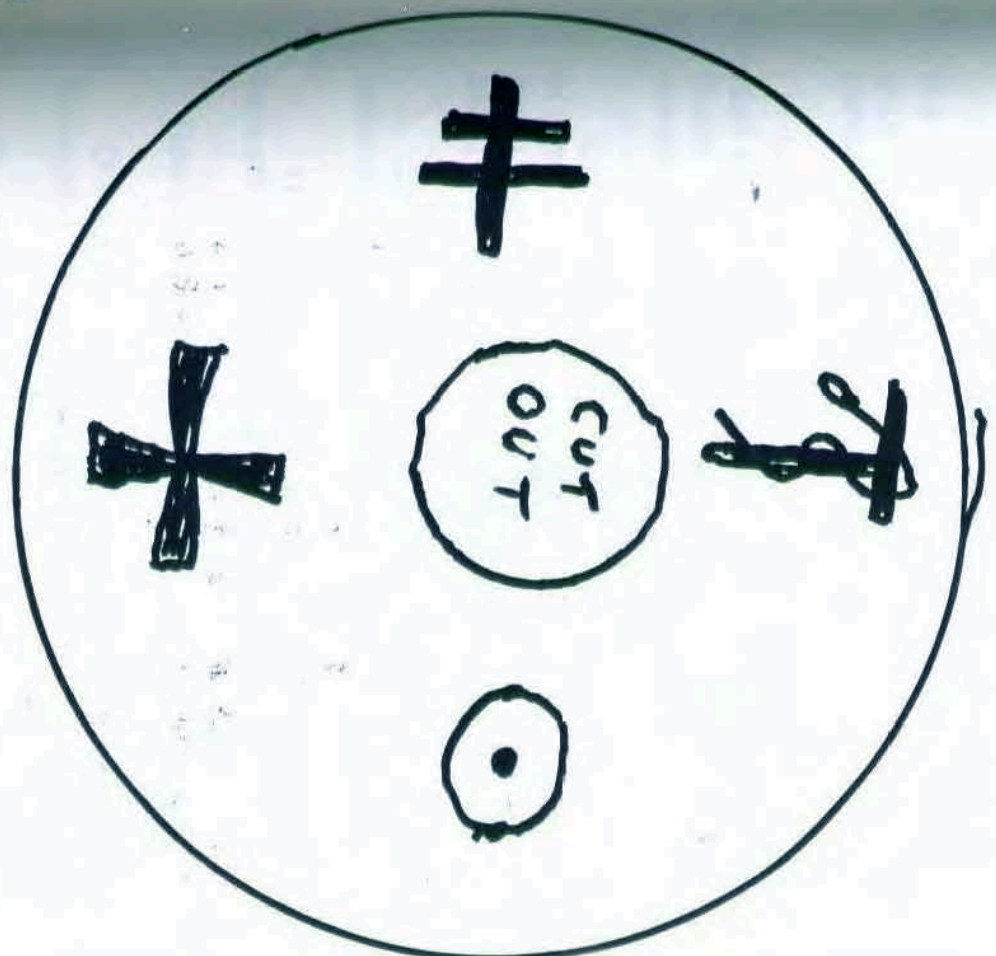

Illustration 5

The Cross Ritual

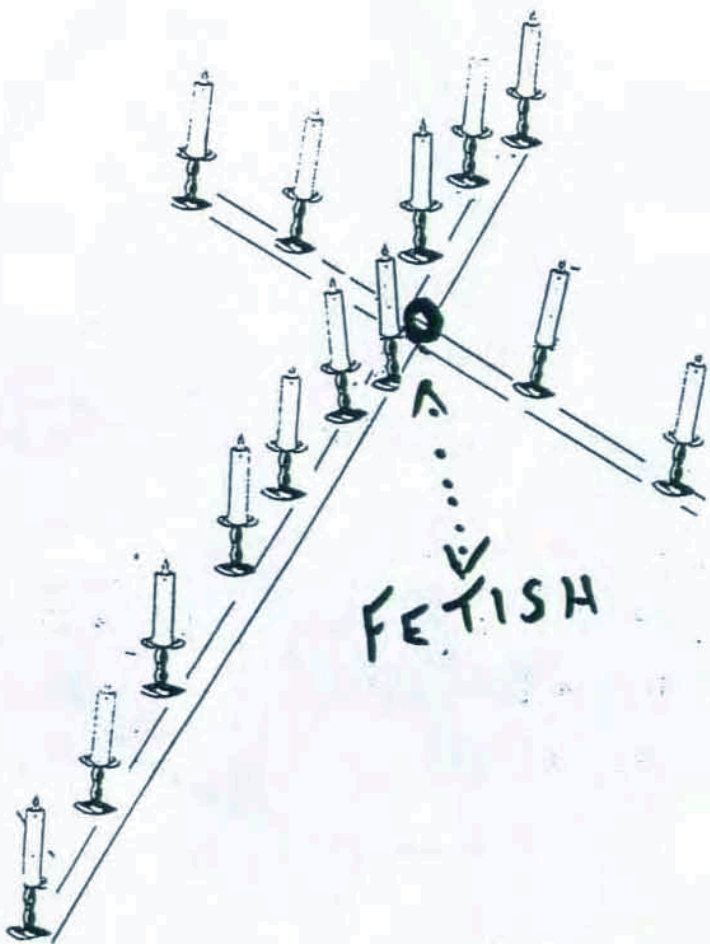

Illustration 6

Start with a White Candle which will be the top of the Cross below it place a White Candle, now place your Genie and then below your Genie place 5 White candles and finish with a Red Candle.

Next form the cross arm Start on your Left with a Red Candle then a White Candle to the right of your Genie place a White Candle and finish with the remaining Red Candle, (See illustration) .

Light the Candles starting with the Red one at top of cross continue to the Red one at bottom of the cross, now light the Red one on the left and continue along the arm finishing with the Red one on your right .

Sit quiet for a few minutes until you are really relaxed, then say these words from the 23rd Psalm.

The Lord is my shepherd I shall not want. He causeth me to lie down in green pastures.

Now read Psalm 8.

O Lord our Lord, how excellent is the name in all the earth ! who hast thy glory above the heaven.

Out of the mouth of babies and sucklings hast thou ordained strength because of thine enemies, that thou mightest still the enemy and avenger.

When I consider thy heavens, the work of thy fingers, the moon and the stars, which thou hast ordained;

What is man, that thou art mindful of him ?
and the son of man, that thou visitest him ?

For thou hast made him a little lower than the angels, and hast crowned him with glory and honour.

Thou madest him to have dominion over the works of thy hands; thou hast put all things under his feet.

All sheep and oxen, yea, and the beasts of the field;

The fowl of the air, and the fish of the sea, and whatsoever passeth through the paths of the seas.

O Lord our Lord, how excellent is thy name in all the earth.

Pause for a few minutes, then, read this psalm again then read from Proverbs Chapter 2.

My son, if thou wilt receive my words, and hide my commandments with thee;

So that thou incline thine ear unto wisdom, and apply thine heart to understanding;

Yea, if thou criest after knowledge, and liftest up thy voice for understanding;

If thou seekest her as silver, and searchest for her as for hid treasures;

Then shalt thou understand the fear of the lord, and find the knowledge of God.

For the Lord giveth wisdom; out of his mouth cometh knowledge and understanding.

Amen

Now is a good time for asking favours of all kinds, be it wealth love or peace.

Just ask for the things you need, the things you wish to happen, ask for them in your own words and fate will smile on you.

It is best to perform this ritual late at night, then blow out all the Candles and leave every thing as it is until the morning, take a last look at the arrangement on your table and go to bed.

Lay thinking of the things you have asked for until you drop off to sleep.

The Story of John X

.....

It was one of those cold dreary days in November with overcast sky and a cold wind howling down the street, from time to time a smattering of rain.

Our story concerns a young man whose name does not matter much so let's call him John X. and we find him wandering disconsolately down the street, shoulders hunched against the cold wet wind.

Last week he had a job, working long hours for peanuts, but that was last week now even that job had petered out and John had just signed on the dole and was walking home.

For some unknown reason as he passed a church he noticed the door was open and a couple had just gone in, a strange whim caused him to follow them ?

Now John was not a religious sort of person, O yes as a lad he had gone to Sunday School and had heard the Old, Old, Story, but that was about his lot as far as religion went.

He sat himself down and began to think of his past life, what had he got ? what had he achieved ? the answer was nowt !

After a time he noticed people were lighting candles to the figures that represent the saints, and he wondered, if he was to light a candle, but to whom ? that was the rub, to whom ?

St. John.

St. Matthew

Then he remembered, one evening in a Cafe had been a chap talking about Genies now what was it that chap had said ? " The North American Indians used a carved pole as a Genie and painted sand pictures of what they wanted and the Genie gave them what they painted !

Was there something in that story could it be true ?

That evening John began the construction of a powerful Genie. (I have described the making of a Genie in my book (" Shoon ") but a Genie can be any object that appeals to you, but it **MUST NOT** be a Photo of either a living or dead person.

Constructing a genie

Some

Modern Genies

The shape of your proposed Genie is a matter of choice, it can be in a human or animal shape, it can be beautiful or like some monster from space.

It can be solid or hollow or just a cut out shape, but a cut out shape will not have much power, for the power of a Genie comes from the Spirit Force that takes up residence in your Genie.

To make a Head shape you need a lot of paper, make it wet, squeeze out all the water, carry on until you have a ball of wet paper the size of a cocoa nut or larger. now cut more paper in small scraps and coat then with wall paper paste and continue to form the features of the head.

You will need quite a large supply of paper, and you will have to buy a cheap wig (these can often be had at a Jumble sale) when your head is dry paste on the wig and get some Eyes from a model shop.

You must then mount the head on a base, wood will do or better on an up turned plate or saucer, paint the head in a natural colour to suit you.

When all is finished you must name your Genie, any name, BUT IT MUST REPRESENT some PERSON who has passed over into the Spirit World.

In olden times all Genie Gods were in Female form, they tried to make these genie forms as beautiful as they could, they strived for perfection in body shape and features, (Look at some of the Roman and Greek statues) for in the old religion these figures represented the Queen of Heaven.

From the Holy Bible

The book of Jeremiah Chapter 44 Verse 15. then all the men which knew that their wives had burned incense unto other Gods, and all the women that stood by, a great multitude, even all the people that dwelt in the land of Egypt, in Pathros, answered Jeremiah, saying.

Verse 17

But we will certainly do whatsoever thing goeth forth out of our own mouth, to burn incense unto the Queen of Heaven, and to pour out drink offerings unto her, as we have done, we, and our fathers, our kings, and our princes, in the cities of Judah, and in the streets of Jerusalem; for then had we plenty of victuals, and were well, and saw no evil.

So even the Holy Bible says that to prosper you need only burn incense and pour out drink to your Genie and you will prosper.

Well John built his Genie and every night he talked to it telling it of the things he would like to happen, but for a while he seemed to get nowhere.

Then one night he said to it, where am I going wrong ? Why is it that others can get the things they ask for, why not me ?

The next day wandering down the street in a unhappy mood, feeling fed up with life, shivering a little in the chill wind, for comfort he entered the town's library, looking along the shelves he seemed drawn to a little red book.

The book of knowhow

Illustration 9

It was a book that described how to speak to your inner soul! John took out the book and that evening he read it through and put into practice the advice given.

Now he began to speak in the correct manner to his genie, no longer did he say I, want This, I want that, I want money, I want a job, for he now knew that to say I WANT is to ask for Want.

(Your genie will give you what you ask for, it cannot reason, so if you say I want money it takes it as you say it, and you have said I WANT money, so it takes it as I want for money, so it makes sure you keep WANTING not having.)

Now John started to say, 'I need some cash for (Here he stated why he needed the cash) and gave the exact sum needed, at the end of speaking he thanked his Genie for helping him to get the money, two days later he had it !

Next he told his Genie he needed a car and a good job, he said I know you can get me a car and I am certain you will find me a good job, and I thank you for seeing to it that I get these things.

John started collecting pictures of cars, he cut them out from papers and magazines, then pasted them into a small scrap book, every night he would stand his genie on the table and open the scrap book in front of it and talk to it saying 'Look at these lovely cars, now I know you can get me one so look carefully and decide which car you are going to get for me'.

In less than a week he got the job and the car was part of the job, a smashing new car and free petrol.

How a Genie works

.....

Now please note this, although the 'Bible' speaks of giving to a Genie it DOES NOT say you are to WORSHIP a genie, there is a vast difference in giving to a genie the necessary things it needs to transmute power into material objects. and bowing down and worshipping it

Bear in Mind you give certain things to your genie so that it can extract Psychic power from your gifts and words and transmute them into granting your wishes.

But times change we no longer strive for beauty, these days the opposite has gained favour, now it is the Monster form or shape that is sought for.

So make your genie as grotesque as possible, the more inhuman and ugly the better, and paint it in vivid colours, some will make it a sexual object going back to one of the oldest religions known to man, I speak of the worship, of Priapus .

Modern Day
Forms Of Genie

There is nothing in a genie that is Magic or Religious, but it is in contact with a higher force of Mind that brings about your wishes in a way that looks like magic.

We all need some thing beyond the normal to make us happy, some need extra cash to make ends meet, some suffer from illness, and disabilities, some need to pass exams, some see others getting promotion while they are always overlooked.

It really does seem silly to endure all these calamities when a simple genie can and will put an end to sorrow and want, it asks so little yet will give so much.

Gaining a girl

Donald was a shy young man, hard working, non smoker, and a very light drinker, he should have been a happy young man, but he seemed to be ignored by all, and deep in his heart he longed for a girl to love .

There is a well known and, very true saying, it goes like this, whether you are aware of it or not you will draw to you what ever you continually think of, and that can be good or bad and mostly it is BAD.

It was because Donald carried the thought of lovely girls in his Mind that he was drawn into a meeting with a very strange woman, a woman known in the world of White Magic as a Cyleel.

She had slipped and hurt her Ankle, Donald went to her aid and flagged down a Taxi and helped her home, she as a reward made him sit down with her and enjoy a cup of tea.

They struck up a firm friendship and she taught Donald about the power behind the Genie, teaching him that in the invisible world around us are two types of friendly spirit forms.

There are the Spirits of departed humans and there are the Little Folk who are servants who long for the day when they will receive a human Soul, and be born into this world, until that time they must obey commands given them by a Genie, if it is backed up by pictures of what is needed.

In Donald's case it was a girl that was needed, the Cyleel Lady told him to find a picture of the girl he wanted so badly, then to stop WANTING and set to work making a genie and working out the correct command.

Illustration 10

In next to no timed Donald had his genie and a few pictures stolen from a magazine, that pictured several lovely featured girls, he set up the Ritual in this way.

He laid on his table 4 girls in the form of a cross, feet to the centre (See illustration) at their feet he stood his genie, at their heads he placed 4 candles 1 at each girls head, lighting the candles he used this prayer.

May it please thee O my Lord to grant me the love a beautiful girl, one who in turn will be devoted to me, to be a constant companion, to like all the things that I like, to share in my triumphs and console me in my misfortunes.

He then recited part of the 25th Psalm.

PSALM 25

Unto thee O Lord, do I lift up my soul.

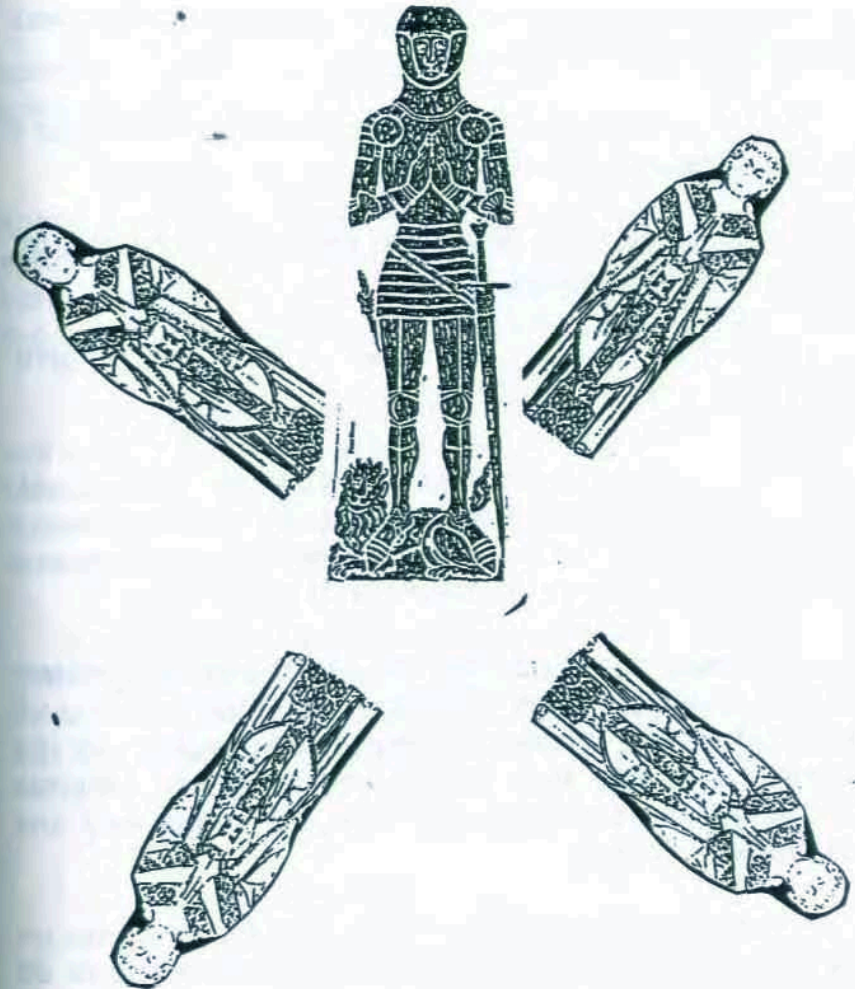

O my God, I trust in thee : let me not be ashamed, let not my enemies triumph over me.

Yea, let none that wait on thee be ashamed: let them be ashamed which transgress without cause.

Shew me thy ways, O Lord ; teach me thy paths.

Lead me in thy truth, and teach me : for thou art the God of my salvation; on thee do I wait all day.

Gaining a Girl

The secret of the Lord is with them that fear him; and he will shew them his covenant.

Mine eyes are ever toward the Lord ; for he shall pluck my feet out of the net.

Turn thee unto me ; and have mercy upon me ; for I am desolate and afflicted.

The troubles of my heart are enlarged: O bring thou me out of my distresses.

Look upon mine affliction and my pain ; and forgive all my sins. Amen.

Nothing happened right away but Donald persevered performing the ritual each evening, then 5 days later going for a walk by a river he came across a young lady whose car just would not start.

No way could that car be started for the battery was completely dead, Donald said 'Don't worry, sit tight I will get a new battery', and leaving her he walked back into town purchased a battery called a Taxi and in no time was back with the young lady and the car was started.

Three evenings later the young lady turned up on his door step to refund the money that he had spent on the battery, it was the beginning of a swift love affair that ended in wedding bells.

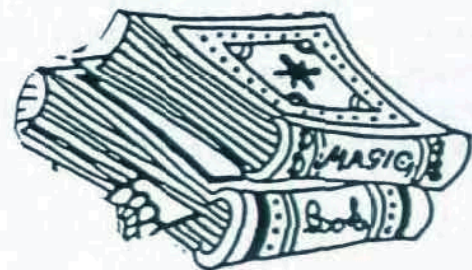

Peter Chamm never had much in the way of schooling, just an elementary school, one of a class of some 40 other children.

That was back in those good old times good for some maybe but those who were poor in those days were really poor, and the children of the poor went to a school for the poor and were lucky in they were taught the 3 Rs, many left without being able to read or write !

But Peter studied hard, where others sky larked around he tried to learn, he was known and pitied as a book worm, not for him the playing fields, or other games of sport, his spare time was spent in the town's library.

He left school at the age of 14 years, got a job as a Green grocer's boy delivering goods and running errands, at 18 years he was in charge of a Fruit shop, but the wages were very low and he longed to better himself.

A book of power

It was around this time that one evening he chanced to be in the town's library and came across a very old book, opening it he was drawn to a story of a genie, it told how one could get a new job or a new house without any loss.

So according to the book, Peter could leave the job he had if he took a chance and threw himself on the mercy of a genie, long he pondered on the writings in that old book.

Finally he took a chance gave up the job he had and commenced to fashion a doll and gave it a name and prayed for a genie to enter it and look after his affairs.

One week later Peter was a manager for another shop at nearly three times the wage he had been getting, 2 years rolled by and now Peter owns his own shop and is thinking of opening another shop in a neighbouring village.

And how did this all come about ? well Peter made his doll, gave it his own name and night after night he spoke to the doll saying, ' I am Peter, I am going to land a well paid job, you my fine friend are going to secure me that job, I rely on you, to contact the spirit of my late Grand Father, and enlist his help to get me that well paid job.

After talking like this to his genie for around 10 minutes he would open his Bible and read aloud the 63rd Psalm.

Peter Chamm's Genie

PSALM 63

O God, thou art my God ; early will I seek thee : my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land, where no water is ;

To see thy power and thy glory, so as I have seen thee in the sanctuary.

Because thy loving kindness is better than life, my lips shall praise thee .

'Thus will I bless thee while I live : I will lift up my hands in thy name.

My soul shall be satisfied as with marroew and fatness ; and my mouth shall praise thee with joyful lips.

When I remember thee upon my bed, and meditate on thee in the night watches.

Because thou hast been my help , therefore in the shadow of thy wings will I rejoice.

My soul followeth hard after thee : thy right hand upholdeth me.

But those that seek my soul to destroy it, shall go into the lower parts of the earth.

They shall fall by the sword : they shall be a portion for foxes.

But the king shall rejoice in God ; every one that sweareth by him shall glory ; but the mouth of them that speak lies shall be stopped.

Amen.

I am now closing this little book, my hope is that you will find comfort in it's pages, I also hope I have shown you a simple way to obtain to the things you have wished for.

Myself I am not a religious man, but I do read the Holy Bible and find therein many instances of sheer magic, and I recommend you to read it often.

The stories of those olden times will beat any modern fiction, and will give you many fruitful ideas.
