ADOLF HITLER AND THE MEANING OF THE NAZI HOLOCAUST

Paul Shockley
Trance-Interpreter

QUESTION:

N.K. sent in a question. He says: "Over the years I have had several dreams about Adolph Hitler. These dreams were very deep, and did seem to have a message. I would like to ask Awareness why I did dream about that person, the meaning of these dreams and where this entity is now, and the role this entity played in this century."

COSMIC AWARENESS:

This Awareness indicates that basically this as related unto certain memories of your previous lifetime which has been exposed to you in previous readings and through your own channel.

This Awareness suggests this as also related unto certain karmic memory, the purpose being to release unto you portions of yourself to allow you to glimpse a more clear picture of how certain attitudes came about in your consciousness from that previous lifetime experience, and how this entity served for you as a kind of father figure, authority figure, or leader that could become a type or archetypal form in your consciousness.

This Awareness indicates this also as showing the fallacy and danger of such archetypal forms. This Awareness suggests that essentially, the role of Adolph Hitler was to personify the energies that began with the movement of hierarchy systems whereby entities began moving in worship, adoration, trust, faith, belief, and without questioning those authorities, leaders and father figures down through the ages.

This Awareness indicates that the entity, Adolph Hitler, showed all consciousness the absurdity and fallacy of trusting a leader simply because the entity was a leader. This Awareness indicates this entity as one who helped to show entities that it is necessary to form one's own principles rather than riding on the coattail of another entity whose principles are based on power, prestige, leadership and authority.

This Awareness indicates that those entities who most needed this lesson are those who served under this entity and saw and experienced the fallacy and failure that was Nazi Germany. This Awareness indicates that those who already had an understanding of this fallacy tended to experience the opposite point of view, whereby their own principles, and principles of a higher nature, were the guiding force.

This Awareness indicates that this as being a relative lesson, not clear-cut, but one dealing with intensity and dramatization of the fallacy of power.

This Awareness indicates the entity, Adolph Hitler, as being the reincarnation of the Atlantean known as Baal. This Awareness indicates that the followers of Baal did move into that experience which became the Nazi movement and continued to follow Baal

to the epitome of power and its demise.

This Awareness suggests that there are still others who continue to follow the memory and the concepts and the energies and patterns which Baal did promote and demonstrate down through the ages. This Awareness indicates that essentially, however, this energy was released with the Second World War through Nazi Germany, dramatized, focused upon for all consciousness to see, and that the greater part of this energy was thrown out, scattered about and greatly reduced and weakened by that action.

This Awareness suggests that there is what may be called the "mopping up" action in consciousness, whereby entities are reflecting back on World War II and Adolph Hitler and the energies generated by this, and in that reflection clearing out those corners and cobwebs of power and authority as absolutes from within their own consciousness.

This Awareness indicates this as the basic purpose and reason and the intrigue and fascination that still tends to draw entities into looking back at World War II and the various kinds of movies, books and memories relating unto this action. This Awareness indicates that as the power and archetypal cobwebs or patterns are removed from within the consciousness of entities, World War II and Adolph Hitler shall lose fascination and shall become less and less intriguing to the entities.

This Awareness indicates that as long as this fascination with authority, father-figures and power still remains within the consciousness of entities, there will be a continued intrigue and fascination with the memory of World War II and the power held by this entity, Adolph Hitler.

QUESTION:

In reference to that: what the Jewish people refer to as "the holocaust" which Hitler was responsible for; it seems to me that he was acting as a karmic leader on that level. Is this true?

COSMIC AWARENESS:

This Awareness indicates this as in the affirmative. This Awareness indicates that the so-called Jewish Race as having taken on themselves many energies over a period of time that led to this cleansing.

This Awareness indicates that the entities who referred to themselves as Hebrews, the priests who assisted in the crucifixion of the Christ, and who stated: "Let His blood be upon our heads, and the heads of our children". This Awareness indicates that essentially this was a parable rather than an actual event creating a karmic curse.

This Awareness indicates that in the sense of a parable, the Hebrew teaching which recognized Yod, He, Vau, Heh, or Jehovah, the God of Power, but did not recognize the Yod, He, Shin, Vau, Heh, the Jesus, which is the Force that links power of the material plane into the Spirit of the Anti-Matter plane. This Awareness indicates information on this has been given previously. This Awareness suggests that the Yod, He, Vau, Heh followers, the Hebrews, not recognizing the Yod, He, Shin, Vau, Heh, or Jesus Energy as being the delivering Force, that which liberates from matter.

This Awareness indicates these entities, moving down through time and space, through history, created a kind of pattern for themselves that did not recognize mercy, did not recognize the Spirit and Life Force as being supreme in their dealings with others, but rather recognized the use of material means and power as being supreme in dealings with others.

This Awareness indicates that this as a general action, rather than in each case with each individual. This Awareness indicates that essentially, what occurred at the time of the Nazi movement was an action whereby these entities began putting into motion a movement in consciousness known as the Jehovah-Complex, the God-religion of

the Hebrews, which promoted power, knowledge and creative energies as given in the Old Testament, but did not stress mercy, love and kindness toward fellow humans with the intensity that such kindness and mercy and love deserved. This Awareness indicates that essentially, this energy which was set in motion by the Old Testament, moved into a point of action that, likened unto a whiplash, came back and struck those who were the followers of Jehovah.

This Awareness indicates that essentially, the international banking concerns set up Hitler. That these were representatives of energies that had been set in motion by the Jehovah followers, the followers of power through material manipulation.

These international bankers set up Hitler to go after Stalin, to destroy Stalin. This Awareness suggests that Hitler, however, became aware of the games being played and decided instead to move after the international bankers. This Awareness indicates that the entity, Chamberlain, was asked by Hitler at Munich to assist him in his attack against the international bankers.

This Awareness indicates that Chamberlain was reluctant to do so on the grounds that the international bankers had too much power in England and he would not be allowed to assist. This Awareness suggests that at this point, Hitler asked Chamberlain then, that England be kept neutral. This Awareness suggests this as that which is known as the Munich Conference.

This Awareness suggests that wherein Chamberlain returned to England, he was promptly replaced by Winston Churchill. This Awareness suggests that at this point, Hitler determined to go after the international bankers, but was thwarted. This Awareness indicates that Hitler, misunderstanding certain concepts, believing the international bankers to be Jewish, and assuming that since there were so many of these who were Jewish, believed that the Jewish Race, or Jewish people, were in part to blame for all the ills of the European world. This Awareness suggests that in this manner, Hitler determined to do something about the Jewish people.

This Awareness suggests this as an error in judgment, whereby he assumed that those in the international banking system, because they were Jewish, that all the other Jewish people were also involved in a kind of Jewish conspiracy against the world.

This Awareness indicates the entity Hitler, sincerely believing that it was his messianic duty to bring about a super race, surpassing the Jewish empire that had been building in the monetary fields.

This Awareness suggests that in this manner, Hitler began the holocaust against the Jews. This Awareness suggests that those in charge in the international banking system capitalized on this action by using the holocaust against the Jews to focus attention away from themselves and onto the problems created by Hitler and onto other problems throughout the world at that time.

This Awareness indicates the rest of the story as clear through the history and memories of most entities who lived during those times.

QUESTION: (Thank you). One related question to that. During the darkest of the days when Hitler's air armadas were bombing London continuously, Hitler inexplicably called back the bombers and they never returned. What he didn't know was that he had destroyed the British airforce and there were only a very few fighters left, and not nearly enough to repulse an enemy attack. Since that turning point in the war, certain groups of so-called 'witches' in England, and the Society of the Golden Dawn, have taken credit for changing Hitler's mind through certain magic rituals. Will Awareness please give details on this?

COSMIC AWARENESS:

This Awareness indicates these energies may be considered valid by these organizations. This Awareness indicates that this as from one particular frame of reference.

This Awareness indicates that essentially, however, what changed Hitler's mind and caused him to bring back the airforce, was a realization that Britain was no longer a great threat at that particular time, but that there were other forces building and that he needed to begin concentrating his energies in other directions, in other fronts.

This Awareness indicates particularly toward the East and the South, and that the American influence and threat was growing greater daily.

This Awareness indicates that in claiming credit for changing Hitler's action, this can be considered somewhat valid. This Awareness indicates, however, this as likened unto that which may be known as synchronicity in consciousness, wherein many things happen at once that are inter-related.

This Awareness indicates that it can also be said that something caused those entities of the Golden Dawn, something caused those witches to go through certain rituals at that time.

This Awareness indicates that whoever wishes to take credit for causing those witches and the members of the Golden Dawn to move through those rituals could also take credit for the results of those rituals.

This Awareness suggests that this as a matter of debate as to which came first, which caused which.

This Awareness indicates, basically, the movement of the planets at the time, the movement of the energy patterns in consciousness, the movement of information reaching certain key ears and certain key points, and the manner of delivery of that information, and the minds which interpreted that information, which felt threatened, or which felt encouraged by that information, that all of these things had their influence on the events.

ON HORRIBLE CRIMES

Q. Are there crimes or errors so horrible, so violent as that the ones committing such crimes be excluded forever from the plane of Essence, such as Judas Iscariot, Hitler, those responsible for the annihilation of so many Jews?

A. It has been indicated to you that you resist not evil. That concept which was Judas Iscariot had with it that kind of awareness which resisted much good, that the association of Judas with the Christ Consciousness was that which was not entirely alienation, that he of all the disciples perhaps best understood the true message represented by the Christ Consciousness; that the proportion of evil is often accelerated by the resistance which minds make to it; that there is no error so great, that there is no crime so horrible, that when minds full of love, full of mercy, full of gratitude, contemplate and send messages to those who are in error, cannot be minimized, cannot be changed. Those who are relegated to that area referred to as Limbo go there to wait, and sometimes their waiting appears to be an eternity, and it is often indicated that this Awareness does not forgive and cannot remember. This Awareness is forgiveness, and this Awareness always remembers.
