COSMIC AWARENESS is the force that expressed Itself through Edgar Cayce, Jesus of Nazareth, the Buddha, Krishna, Mohammed, and other great avatars who served as 'Channels' for the 'Heavenly Father', and who speaks again today as the world begins to enter the *New Age* of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through certain carefully trained channels. The information contained herein was received from deep trance states and 'interpreted' by an entity affiliated with C.A.C. This information is for those who inherit the New Age. Awareness tells you not to believe anything, but to question, explore, doubt and discover for yourself what is the truth. Cosmic Awareness only indicates and suggests.

Paul Shockley
Trance-Interpreter

MORE ABOUT EDGAR CAYCE

WHY DIDN'T THE SOURCE SPEAKING
THROUGH EDGAR CAYCE
EVER IDENTIFY ITSELF
AS COSMIC AWARENESS?

Question:

M.W. of Petaluma, California, asks: "Why didn't the source speaking through Edgar Cayce ever identify itself as Cosmic Awareness? If it is the same source, why did Cayce shun publicity, whereas C.A.C. advertises?"

COSMIC AWARENESS:

This Awareness indicates that the entity, Edgar Cayce, as having channeled many different entities, several different entities prior to the time wherein this Awareness began to speak through this entity.

This Awareness indicates that Edgar Cayce even then continued to channel other entities, that occasionally this Awareness spoke through this entity and many of the messages emanating through the entity, Edgar Cayce, came from this Awareness.

This Awareness indicates that the energizing process for the Edgar Cayce readings was such that it was difficult for the entity to move into levels of clear communication with this Awareness.

This Awareness indicates the entity also moved into deeper levels of hypnosis and contacted spirits and entities through those deeper levels. This Awareness indicates the entity often totally lost consciousness through these deep levels.

This Awareness suggests that the Interpreter for this Awareness, regardless of who this is, as generally not in an unconscious state, but as in a superconscious state. This Awareness indicates that this as being somewhat different from a hypnotic trance.

This Awareness suggests that in regard to the entity, Edgar Cayce, not wishing publicity, that this as so in some degree; that the entity was being somewhat tormented, was looked at as strange, was seen as being of the satanic or evil forces by many, and the entity, wanting to avoid these kinds of publicity and the energies which would come from such publicity, did, in general, avoid that type of exposure.

Edgar Cayce Paved the Way
For Later Trance Readings

This Awareness indicates that as time has passed and the entity, Edgar Cayce, has more or less paved the way whereby consciousness can accept a trance reading as being something that is not necessarily of the devil, wherein devil fears have diminished, wherein entities have become more intelligent and can evaluate more clearly without relying on the priestcraft and prejudism of various religious leaders; wherein entities can look at the value of information being given rather than at the way it is being given, then it becomes possible for something of this type of phenomena to have an expression without offending consciousness.

There is a Crises Upon this Plane
(Why C.A.C. Advertises)

This Awareness indicates that the C.A.C. advertisement as that which is being initiated because there is a great crises upon the earth plane, and because there are changes which need to be administered to consciousness in general; that the old ways, the old so-called 'truths', are no longer effective in dealing with the changes which are occurring.

This Awareness suggests that these changes which are occurring, require a deeper look, a deeper understanding, and wherein entities recognize certain original concepts or certain new ways of looking at something, such entities often wish to share those concepts and ideas with others.

This Awareness indicates that what you consider as being advertisement is, in another word, a desire to share. This Awareness suggests it is all a matter of how you wish to state the situation.

Cosmic Awareness Addresses
Those Who Have Ears to Hear

This Awareness wishes to address entities upon this plane who have ears to hear. This Awareness wishes to address entities upon this plane who have a desire to see something different happen; that violence has occurred long enough; that it is time for entities to begin looking at other ways of living.

This Awareness indicates that this plane is due for a deep karmic cleansing, that this shall occur with the blessings of entities who are willing to accept the cleansing, who are willing to take the cleansing upon themselves, who are willing to cleanse themselves; or this shall occur from forces outside, which shall cleanse the earth of its scum.

This Awareness indicates that this basically is the message which this Awareness wishes entities to understand; that there is a great need upon this plane for change, and this Awareness wishes to address entities and make this information known. This Awareness wishes entities to understand this and is not simply trying to promote the Cosmic Awareness Communications organization in order to give the founders of this organization their monthly salary, if there is such a thing.

This Awareness indicates that the entities promoting the C.A.C. do not, in fact, take a monthly salary; that they earn their living from other business. This Awareness suggests that if you object to the information which is being promoted, you may go back and continue delving into the Cayce readings and forget what is occurring at present time.
