COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the New Age of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully-trained channels. The information contained herein was received from deep super-conscious trance levels and 'interpreted' by an entity affiliated with C.A.C. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel, what is the truth. Cosmic Awareness will only indicate and suggest. Neither C.A.C., the Aquarian Church of Universal Service, or the Interpreter, Paul Shockley is responsible for anything Cosmic Awareness may state in any of these readings, nor does C.A.C. or Paul Shockley necessarily believe or agree with the statements of Cosmic Awareness. Paul interprets the energies as he sees them in trance levels and is not personally responsible for what is said. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication.

DR. PETER BETER... The Alarm of Consciousness

Paul Shockley
Trance-Interpreter

(From a C.A.C. General Reading, April 11, 1980)

QUESTION:

We have received the following question, or variation of this question, many times. Was Dr. Beter's recent heart attack natural or was it a psychotronic 'hit'? And if so, by whom? The probability that such an event would occur while Dr. Beter was recording one of his tapes is only one in 720. If an attack was made upon him, was the tape recording time chosen deliberately, and if so, for what reason? This question from K.B.

COSMIC AWARENESS:

This Awareness indicates it appears that there was a force, as indicated in the question, which was directed toward this entity which contributed greatly to this incident. This Awareness indicates that this appears to have been brought about in an effort to curtail information which was being released. This Awareness indicates that this intended to appear as a natural death caused by the heart attack.

This Awareness indicates that there appears to be some present protection around this entity preventing further similar attacks. This Awareness suggests that entities wishing to contribute to this protection of this entity to visualize the entity wrapped in a cocoon of white light spun and woven around this entity as threads of silk—the white light protecting this entity from any further attacks in the future. This Awareness indicates the entity is already under much protective grace. That those wishing to continue and contribute this may do so through their prayers, through their meditations, through their visualizations of the resonating electro-magnetic energy field surrounding this entity, permeating his body, and through the image of the cocoon-like silk threads of white light wrapped around and around in a protective shield.

This Awareness indicates that this entity as being guided carefully from higher vibratory levels for his purpose as a messenger.

This Awareness indicates this entity as having experienced the lifetime as Nicodemus in the Sanhedrin or ruling class during the time of Jesus, wherein this entity, against his peers, stood up for the entity Jesus and sought to assist this entity, and thereafter became a follower of the entity Jesus.

This Awareness indicates this entity Dr. Beter as having also been that entity known as Cicero, and also Disraeli. This Awareness indicates this entity as having had much influence in various key times throughout history in assisting to bring about greater understanding and enlightenment to the masses.

This Awareness indicates the entity Disraeli as having brought many reforms for the benefit of women, children, and the working class of England during his lifetime and this Awareness suggests that this entity as having been well known for his oratory and quick mind and way with words.*

This Awareness indicates the entity Dr. Beter in present life as carrying on, reflecting the law practice of his past experiences, the oratory and the statesmanlike understanding and the wisdom to recognize justice and humanitarian principles and the need for ideals to guide the human condition.

Cicero.

This Awareness indicates that this entity has come under great criticism by many, has been ridiculed by many. That those who have ridiculed this entity generally have only reflected their own ignorance of the facts in their pompous attitudes. These entities merely reflect how little they really understand in terms of scientific, political, economic, and national and international affairs. This Awareness indicates that much of what the entity Dr. Beter has related is only now beginning to surface in other areas, through other publications, and much of this will not surface from other publications or other areas for many years to come.

This Awareness indicates that this entity is not likely to be seen as a popular spokesman for the times, as the entity is ahead of his time and the popular ideas are twenty years behind the reality which entity informs others of. This Awareness indicates if an entity seeks to be popular, the entity must tell the populous that which they already believe. This entity, Dr. Beter, does not seek popularity, but simply seeks to tell it as it is for those who have the eyes to see, the ears to hear, and the wisdom to understand.

This Awareness indicates this entity is not infallible in everything he says, but is informative, and entities can learn much by listening to his messages.

This Awareness suggests that entities review the messages from the previous tapes, particularly the tape regarding the inflation during the post World War One era in Germany. This Awareness indicates this appears to be tape No. 50. This Awareness indicates that this tape and Dr. Beter's explanation of the situation at that time will reveal to entities the general scenario of the economic condition facing this nation during the coming few years and entities who listen to these messages will begin to see the signs as they arise in their newspapers so that they need not be taken by surprise.

This Awareness indicates the future is never fixed, never absolute according to any prediction, but the general directions incline in such a way that this entity's messages appear to be continuing as valid in their predictions. This Awareness indicates that there are mitigating circumstances which will alter certain aspects of future events, but it is wise for entities to be made aware of the energies in motion; and this entity, Dr. Beter, has revealed these energies, so that you may have greater understanding of the general direction which must be observed in terms of future events.

Benjamin Disraeli was for a long time prime minister of Great Britain and was raised to the peerage as Lord Beaconsfield. He also wrote many novels and was a brilliant talker.

This Awareness indicates that the entity often serves as an alarm in consciousness, alarming entities. The purpose of an alarm is to ring out and awaken others. This Awareness indicates that the alarm does not wait until absolute proof is present, the alarmist does not wait until the fire has begun gutting a building, the alarm does not wait until the enemy has attacked your fortress — the alarm rings out well ahead of time as a warning. This Awareness indicates a smoke alarm may go off before great fires have broken out.

This Awareness indicates Dr. Beter's alarm has been ringing, and because of that alarm and others of a similar nature, many of the crises which the entity warns about have been diminished, the energies being curtailed because entities have awakened in response to the alarm.

This Awareness indicates some entities, rather than awakening and responding, become annoyed that the alarm would ring and disturb their stupor.

This Awareness blesses this alarm.

* EDITOR'S Note:

Marcus Tullius Cicero, (106 to 43 BC) was a Roman orator, senator, lawyer and writer who took the simple Latin prose of his day, which was merely one of the ancient dialects, and made it the universal language of mankind which has endured for 20 centuries. His favorite quotation was "Knowledge of all that is, is the supreme delight". Although Cicero did not take part in the assassination of Julius Caesar, he did condone it and was pursued by Mark Antony and publicly executed for his beliefs.

Benjamin Disraeli, Earl of Beaconsfield, (1804--1881), Prime Minister of England under Queen Victoria and the real power behind the throne. His mysticism and his Hebrew romanticism contributed greatly to the building of the Empire and they survive today in the half-mystical ideal that pervades the Commonwealth of Nations. For Disraeli, Christianity was "completed Judaism" and though proud of his Jewish origins, he saw Baptism and assimilation as the logical course for Jews in a Christian society. An example of his facile wit, quick mind, and way with words, history records one of his famous encounters with William Gladstone during a debate in the House of Parliament. Gladstone, hating Disraeli as a powerful Jew in the Queen's favor and for his sweeping political vision, leaped to his feet after one of Disraeli's oratories and yelled, "I predict, Mr. Disraeli, you will one day either be hanged as a traitor or die of syphilis!" Disraeli turned to him and yelled back, "That, Mr. Gladstone, will depend on whether I embrace your politics or your mistress."

ARE THERE OTHER CHANNELS FOR AWARENESS
ELSEWHERE IN THE WORLD?

(More on the Interpreter, Paul Shockley)

QUESTION:

A question from T.M.: 'To what extent is the information from Cosmic Awareness messages via Paul Shockley available in other geographical locations throughout the world? Are Paul's interpretations that you publish and mail out the major source, or are there several channels in foreign countries that are operating in the same way that Paul and you are serving to get the Cosmic Awareness word out? What is the major role of the geographical location of the United States in the ushering in of the New Age and the Unified States of Awareness concepts? Phrased another way, Why the United States at this time of the Aquarian Age's beginning?'

COSMIC AWARENESS:

This Awareness indicates that there are many entities throughout the world who are channeling this Awareness, though these channelings are not of the same nature. This Awareness indicates that each channeling, each opening, is somewhat different and unique. This Awareness indicates there are different ways, different avenues for the Spirit to move into this plane to have its effect. This Awareness indicates that the present Interpreter as one who has developed this particular avenue from experiences which go back over many lifetimes.

A ruler came by night.

This Awareness indicates that this entity as even now having a connection through the Aka-cord with a mummy which lies deep in the sands of Egypt, this mummy dating back approximately twelve thousand years. This Awareness indicates this entity as also having more recent experience contributing to the particular manner of channeling as the entity William Penn. This Awareness indicates the entity William Penn having spent the last two months of his life in a deep coma or trance-like state. This Awareness indicates this experience and the mummification experience, wherein the entity was placed into a deep hypnotic trance, injected with a serum which crystallized the cells, and whereby the entity was mummified while still alive--this has created a particular manner of channeling which is somewhat unique for this entity, which would not be the same without those experiences. This Awareness indicates there are also other experiences which the entity has entered into during different lifetimes, and all of these add up to to the sum total, the Gestalt of the entity's present channeling capacities.

Paul Shockley

William Penn

This Awareness indicates other entities have their own particular experiences, from this lifetime and previous lifetimes, and in their capability of becoming clear. These entities open their channel with regard to their previous experiences and their own channel, likewise, is a unique vehicle for Spirit to enter and serve upon this plane.

This Awareness wishes entities not to attempt to imitate or emulate others, but rather to discover their own form of channeling the Spirit. For each entity has the capacity to be a channel, but each entity's channel is a unique form--and the one who is best at singing should not attempt to be a dancer, and the one who is best at writing should not attempt to be a trance medium, and the one who is best in sports should not attempt to be a lawyer or banker, and the one who is best at counseling should not attempt to be involved in salesmanship. This Awareness suggests that each entity find that area which is best suitable for your own particular type of channeling of the Spirit whereby you can best give service to others and develop those talents which lie within yourself.

In reference to the role of the United States, this Awareness indicates that essentially, there are the forces which have moved from Egypt which were programmed during the time of Ra-Ta in the ancient Egyptian period wherein the Sphinx and first pyramid were built. These forces, the royalty of Egypt, and those who took upon themselves the responsibility for guiding the consciousness of the future generations, these entities moved as a group, reincarnating in group mind from place to place for various purposes, bringing together that situation of the Essenes whereby the entity Jesus could enter and leave his mark. These entities also assisted in the area of Java, preparing the way for the Buddha. These entities also assisted in Persia, preparing the way for Mithra. This Awareness indicates the entities also assisted in Rome and Greece and later in France and in England. This Awareness indicates these entities also assisting in the founding of the United States in its present situation.

This Awareness indicates that these entities, being programmed as a group of approximately one thousand entities, moving together from lifetime to lifetime in various ways, these entities appearing at crucial times in places where the stress points of change were due to occur. This Awareness indicates that at present time these changes are due to occur in the United States and also in connection with other areas of the world. This Awareness indicates this including the Soviet Union and areas of Europe. This Awareness indicates these links may occur at a later time, whereby the forces become more aware of each other's presence and the relationships which are linking them.

This Awareness indicates that the Soviet Union is aware, to a certain degree, of the messages which this Awareness has channeled through this entity--that the degree of interest in this as being relatively low, but as also having certain significance in particular areas or circles. This Awareness indicates this being brought about by the reprinting and remailing of particular messages into that area. This Awareness suggests however, that the messages so far as being insignificant in relation to any influence on the consciousness of those in the Soviet Union. This Awareness indicates however, within the Soviet Union itself there are other ways whereby this Awareness moves through its other channels: through the scientists, through the politicians, through the teachers and through certain psychics in that Soviet Union, and the awareness there is also expanding and consciousness is rising there also.

This Awareness suggests that throughout the world there is the gradual rising of consciousness; that the use of spiritual groups for this purpose is but one avenue for the Universal Spirit to enter into this plane. This Awareness suggests you recognize also the value of the communication systems, such as radio, telephone, television, and the printed word; for these communication systems are of enormous value in raising the consciousness of entities throughout the world. The very act of informing entities, allowing them to glimpse other cultures, other values, other concepts is an act of raising their consciousness.

This Awareness indicates also, certain events as confrontations, wherein all of consciousness focuses on an event which makes headlines throughout the world, these symbols and focal points also have affects on consciousness to raise the understanding in certain situations, so that all entities become better equipped to handle relationships. This Awareness indicates that wherein war and violence erupt, these serve as examples for solving problems; and entities who see such examples for solving problems, do not learn to solve their problems through diplomatic or conciliatory means, but may rather see that violence is a way of life, and in such examples consciousness can be set back.

IS PAUL SHOCKLEY AN ASPECT OF JESUS ?

QUESTION:

A question from D.B. which is along this line: "I have read a portion of the Seth Material which seems to relate to Paul Shockley and the Aquarian Church. It stated that one aspect of Jesus would return to set up a new church as Christ had intended it to be, but that by this action would also undermine all current religious organizations. Is Paul's church the one mentioned, and also is Paul the third aspect of Jesus mentioned in the material?"

COSMIC AWARENESS:

This Awareness indicates that the entity Paul Shockley as a reincarnation of the entity Nathanael*. This Awareness indicates that this entity having served with Jesus during the time of his alchemical action upon this plane; the entity then moving on into other actions. This Awareness indicates that the entity, Paul Shockley, as not having been an aspect of the entity Jesus; that the entity as having been a close friend and follower of this entity.

This Awareness indicates that the Aquarian Church and *Cosmic Awareness Communications* as being guided by this Awareness through this entity and others for the purpose of reconciling the various religious concepts which separate entities from each other, and giving a sense of direction to these various religious concepts so that the return to the spirit of religion, the philosophy of humanity and Oneness of all living beings is respected. This Awareness indicates that the Seth Material as basically correct, applying in principle to this action, but not limited strictly to the Aquarian Church—for the church which is being created by the crystal clear consciousness, the Christ Consciousness, is that which is occurring in consciousness itself, including all those entities who are becoming aware, regardless of whether they have any connection with the Aquarian Church or not. This Awareness indicates however that *It* intends to focus great energies into the organization and promotion and growth of the Aquarian Church as this church begins to manifest and exemplify the teachings which this Awareness wishes entities to recognize.

This Awareness indicates that this church as but being in potential levels, waiting for those proper energies for its proper launching. And when it is time, and the energies are present; and those on the inner plane who are preparing and assisting in the development of this church, and when these entities are satisfied that the energies are correct and ready to move, this church will begin to grow and develop in a manner which will be surprising to the masses -- for the church does have the nucleus which is capable of tying together humanity into one, harmonious mandala.

This Awareness indicates that *It* is working through entities on the inner planes and entities on the physical plane to bring forth the proper energies whereby this church may begin to sail; for this as being prepared for the role of the carrier and form which shall help to direct the spiritual energies into those proper paths and directions for service in the New Age.

*ED's Note:

Nathanael, born at Cana of Galilee. One of the Twelve, under the name of Bartholomew. He was one of the seven Apostles to whom Jesus appeared after the resurrection at the Sea of Tiberias. When introduced to Jesus by Philip, Jesus said, "Behold an Israelite indeed, in whom there is no deceit;" thus making his name almost a synonym for sincerity. Tradition says he preached in Arabia Felix, having Matthew's gospel, and was crucified in Armenia or Cilicia.
