COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the New Age of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully-trained channels. The information contained herein was received from deep super-conscious trance levels and 'interpreted' by an entity affiliated with C.A.C. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel, what is the truth. Cosmic Awareness will only indicate and suggest. Neither C.A.C., the Aquarian Church of Universal Service, or the Interpreter, Paul Shockley is responsible for anything Cosmic Awareness may state in any of these readings, nor does C.A.C. or Paul Shockley necessarily believe or agree with the statements of Cosmic Awareness. Paul interprets the energies as he sees them in trance levels and is not personally responsible for what is said. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication.

(Opening Message)

COSMIC AWARENESS:

This Awareness indicates that in the boiling pot of consciousness, there is seen that which is humanity--with all its differences, with all its crystalizations, with all its sharp edges. This Awareness indicates that this humanity during the past five years has had many of the sharp edges blunted, the differences reconciled, and the polarities neutralized. This Awareness indicates that during the past ten years, the difference is even more exaggerated; during the past century, the difference is greatly magnified. This Awareness indicates that communication through the modern technologies as that which has created the great difference. This through radio, television, and the new methods of printing in mass quantities, through paperback books, magazines, periodicals, and through the duplicating machines.

This Awareness indicates communication spread by entities in their relationships with one another through organizations and in various other ways--all of this is part of the alchemical process of sanding down the rough edges, melting the sharp differences, and allowing humanity to melt into the unified field of harmonious consciousness. This Awareness indicates that all this movement continues at its pace, on its course, and the rough edges and differences will give way to the heat of the rising consciousness under the alchemical pot of humanity.

QUESTION:

Dr. Beter recently told the Interpreter that he does not intend to put out his Audio Letter for some time yet, and that the ball was to be carried by the Interpreter and C.A.C. In light of that statement, is there any information Awareness would like to give at this time that we should put out in relationship to information that Dr. Beter might have put out if he had not been struck with this "heart attack"?

COSMIC AWARENESS:

This Awareness indicates that there are continued intrigues occurring, that the general scenario of events has already been laid out. This Awareness indicates that in a sense, the absence of Dr. Beter in his informative newsletters is causing greater attention to be focused on his messages previously given. This Awareness indicates that were this entity presently giving further information, entities would be observing these messages with great attention and intrigue for the content in light of present-day happenings. This Awareness indicates in that these are now absent, entities can no longer look upon these messages for their entertainment value, but must look now at the messages which have been given previously.

This Awareness indicates the vacuum is that which is creating the respect which this entity did not receive for his previous messages at the time they were given. This Awareness indicates that often a messenger is not appreciated until the messenger is no longer speaking, until the entities have the opportunity to look back on the situation and see the full significance of the messages. This Awareness indicates that in this case, this is the situation. This Awareness indicates that entities are now beginning to pick up where Dr. Beter left off in his messages, for they are seeing the reality of what is occurring in their own lives, in their daily news, in their pocketbooks. This Awareness indicates that this is causing entities around this nation to recall messages which were given, to repeat these messages, and to spread the awareness even further. This Awareness suggests that there could be further discussions of the intrigues, but that this is not essential to the ongoing awakening of the masses; for the problem which the entity warned about is now at hand, and entities are being forced to awaken, due to the events which they must confront.

This Awareness indicates that it has suggested SPIRAL organizations, (this as the Society for the Protection of Individual Rights and Liberties). That those interested, form their organizations and communicate with one another and spread the information available to them as a kind of network.* This Awareness suggests that these not be tightly coordinated, but loosely coordinated, so that they are capable of spreading information, receiving information, and passing this on to masses, to publishers, to radio personalities, to leaders of the community, and to leaders of the nation. This Awareness suggests that these bits of information gradually be circulated about this country as the SPIRAL organizations grow.

This Awareness suggests that each SPIRAL organization may also become a coordinator for the growth of further SPIRAL organizations branching out from its particular leadership. This Awareness suggests that each of these SPIRAL organizations to assist and coordinate others who wish to pass on and duplicate information, so that this becomes likened unto a chain letter being repeated; but rather than each repetition being a letter, the repetition is a SPIRAL organization which spreads information and gathers information for its assimilation and to pass back to the mother organizations. This Awareness suggests that in this manner, it begins to spread across the population, so that the SPIRAL organizations become the eyes and ears of the people, spreading information which is not necessarily available from other sources. This Awareness indicates that this becomes a means whereby the masses are informed by the pyramid of organizations which continually grow and spread and multiply--these as the SPIRAL organizations, the Society for the Protection of Individual Rights and Liberties.

This Awareness indicates that this society of individuals who are concerned about rights and liberties of each other spreading their concern, awakening each other, and continuing to spread that concern....this is that which shall bring about the freedom in this nation and allow entities to understand the events which are occurring. This Awareness indicates that there will be many variations of the messages. Some of the SPIRAL organizations will observe events from a leftish point of view, others from the extreme right or conservative point of view, others from the middle; and there will be continued conflict in terms of the way that many of these entities are observing the events, and this conflict may grow in terms of the information which they present, but the conflicting ideas, nevertheless, will inform the public of both sides, of many sides of the issues and this information shall enlighten the masses. This Awareness indicates that as this continues to develop and grow, it takes away the power of the controlled press as a molding force of consciousness.

This Awareness indicates that this information released through these SPIRAL organizations coming now from many sources and being released through these organizations can have great affect upon the nature of the controlled press, whereby more and more information shall be released through even the controlled press, so that entities awaken and become aware of what is occurring.

* Entities interested in starting a SPIRAL organization should contact 'The Revelatory News', Rte. 2, Box 267, Bakersville, N.C. 28705, which is the coordinator for SPIRAL groups. (\$12 for a year's subscription). Also please refer to Rev. of Awareness No. 80-13 for further SPIRAL references.

Carter Could Seize Dictatorial Control Under Secret Plan

Only Few Within 'Inner Circle' Aware of the Unpublished Revisions of 'Emergency Powers' Permitting Suspension of Constitution

President Carter has the power, under secret arrangements already established, to suspend the Constitution and seize total dictatorial control.

EXCLUSIVE TO SPOTLIGHT By George Nicholas

Unknown to virtually all Americans except for the tiny handful who make up his administration's inner circle, Jimmy Carter has promulgated a secret program to suspend the Constitution and to clamp executive dictatorship on the nation whenever, in his judgment, conditions warrant the declaration of a "national emergency".

The Spotlight, 300 Independence Ave., SE, Wash. DC, 20003 (52 weeks for \$16) has been exposing Carter's National Emergency Powers, (already enacted). Send them \$1.00 and ask for May 5 and May 26, 1980 issues. You won't believe what is about to come down upon this nation.

which are happening are such that the masses and those who wish to experience a more harmonious world shall have their day, and those forces which seek control and domination over others shall find themselves on the wrong end of the sword....(this Awareness suggests that this in the broad and general sense.) That in more particular areas, this Awareness suggests that entities prepare themselves for times of change. That the inflation, particularly in terms of energies and food will continue. This Awareness indicates there will be shortages of food during the next two or three years. That the cost of energy in the action of farming--the prices of petroleum--as forcing many farmers out of business, causing even greater price rises in food production. The cost of transporting the farm produce as also increasing the prices.

This Awareness indicates that those who can store grains and basic commodities are wise. This Awareness suggests that this should be enough to last approximately six months. That there will always be other foods which entities can grow or find, but that to have a six month's supply of grain and other staple commodities will give the added needs to one's diet and their personal feeling of security.

This Awareness indicates that entities may also expect the National Emergency powers to be put into affect, whereby a crisis which may be manipulated, can lead to this National Emergency Act, so that freedoms are curtailed. And from this curtailment of freedoms, entities then are placed under greater control by those in power. This Awareness indicates that this will be temporary, for the American people are not the type to accept such manipulation. That there are even those in higher places in the government who will prevent this from gaining complete control or having its affect for any great length of time.

GOLD AND SILVER ARE GOOD BUYS RIGHT NOW

This Awareness indicates that also there will be changes in fortune because of the financial conditions. This Awareness has given information previously on the investment into such commodities as valuable metals, semi-precious stones and gems*. This Awareness suggests that this type of commodity will be stable throughout the crisis. This Awareness indicates that presently the prices of gold and silver are low. That these prices will begin to rise shortly, and those wishing to purchase these commodities should do so now. This Awareness indicates that the prices will rise and again may fall, and then will rise again. This Awareness suggests that the general trend is upward.

This Awareness indicates that humanity is reaching a place whereby it no longer accepts the answers which those who have previously controlled the masses can simply dictate their rules. This Awareness indicates that entities no longer are willing to drop their shovels, pencils, or tools to rush off to a war which is obviously intended to benefit the wealthy, the bankers, the petroleum industries. This Awareness indicates that even with the Depression being created and entities being forced into economic chaos, there will become a kind of understanding that does not turn only toward the various cultures and races of society, but turns against those who have manipulated the crisis.

This Awareness indicates that the coming difficulties will not be easily managed by the manipulators, for the masses are too aware at this point and that awareness will be spread to others. This Awareness indicates that approximately 10% of the population at this point feels confident that the power which is in control of this nation is working for the best vested interests of the super-wealthy rather than for the patriotic interests of the nation as a whole. This Awareness indicates this 10% cannot be silenced, and as the crisis comes down, that 10% will quickly grow to 10%, then 40%, then 80%. This Awareness indicates the changes

A WALL STREET JOURNAL News Roundup

Exxon Corp., the world's biggest oil company, set a U.S. record with first quarter earnings estimated at nearly \$1.93 billion.

Equal to \$4.40 a share, that is more than double Exxon's year-earlier net income of \$955 million, or \$2.16 a share. And it is believed to be the highest quarterly earnings ever for a U.S. publicly held corporation.

In the U.S., only a utility, American Telephone & Telegraph Co., has come close.

EXXON CORP. is owned by Rockefeller and the Chase-Manhattan Bank. Iranian Crisis planned by Kissinger and Rockefeller interests in order to freeze Shah's plundered billions and prevent bankruptcy of Chase-Manhattan. (See recent issues of Spotlight for full exposure of this incredible story)

with its previously reported first quarter earnings of nearly \$1.44 billion. Among industrial concerns, General Motors Corp. hasn't been in Exxon's profit range since the gasoline price explosion drove more U.S. motorists into smaller imported cars.

Exxon, whose first quarter revenue rose 47% to \$27.65 billion from \$18.83 billion a year earlier, is hardly alone in recording surging oil profits even as the recession begins to bite into the earnings of most companies outside the oil industry. All oil compa-

This Awareness indicates there is a Bill which needs to be looked at. This Awareness indicates this appears to be House Bill 1722--this as the offspring of Senate Bill 1. This Awareness indicates this Bill as a revision of the Criminal Code, that this needs to be looked at by the SPIRAL organizations. This Awareness indicates this available through NCARL, this as the National Council Against Repressive Legislation. This Awareness indicates this needs to be examined by the SPIRAL organizations, as it is intended to strip away certain freedoms given by the Constitution to assist in the controls of the masses, so that they who wish this control can use the Revised Criminal Code for implementing greater powers.

This Awareness indicates that it appears the entity Dr. Beter shall again give forth information in the not-too-distant future. This Awareness suggests this may come in written form for a time, or through messages given to others who will repeat the information for him until this entity is ready to again begin his Audio tapes.

This Awareness indicates that essentially, the masses have enough information now. That as the crisis deepens, the information available to them will spread like wild fire. There are entities all over this nation who are picking up the ball and running with it. This Awareness suggests that entities continue their Dr. Beter parties wherein they play the old Dr. Beter tapes, and this Awareness suggests particularly that entities re-listen to tape number 50.*

* This tape contained information on runaway inflation and the collapsing American economy as well as info on the instability of the Carter robotoids.

WHAT HAPPENED IN IRAN ?

(The attempt to rescue the hostages)

QUESTION:

Awareness, was the recent debacle in Iran, the alleged plan to rescue the captives which failed so miserably, a contrived plan that they knew would fail, which would make people so angry they would use this to enact the National Emergency Act, or was this a genuine, honest attempt to rescue the prisoners?

COSMIC AWARENESS:

This Awareness indicates that the Spotlight newspaper of Liberty Lobby contained much of the story as it actually occurred. This Awareness indicates that this plan as having been modified and whittled down from the military plan which was presented in November and December, this being whittled down by the civilian advisors to a point whereby it was relatively clear that the plan would fail, and then the plan was scrapped. This Awareness indicates that approximately two or three days after the event took place, there was the scheduled '60 Minutes' broadcast which was to give the full story of the Rockefellers' involvement with the Shah and the transfer of the billions of dollars into the Chase-Manhattan Bank. This Awareness indicates that this story as having been broken through different sources, and that the entity Jack Anderson as having spread this across the United States through the news columns. This Awareness indicates that this then was to have been a featured topic on the program, '60 Minutes.' This Awareness indicates that the entity Carter as recognizing the danger of this program to Chase-Manhattan Bank and to others, was given the direction to do something to overshadow the story. This Awareness indicates the idea was that if the hostages were suddenly released or if an attempt were made or if they were rescued and brought home, no one would pay any attention to the story. This Awareness indicates that therefore, the decision was made to bring up the plan again and attempt to implement

World Crisis

LONDON (AP) — World War III is closer now than at any time since the Cuban missile crisis of 1962, says a House of Commons motion signed by lawmakers of all three main parties. The motion Tuesday, sponsored by former Foreign Ministers David Ennals and Geoffrey Rippon, urges an early meeting between Presidents Carter of the United States and Leonid Brezhnev of the Soviet Union "as a means of preventing a further slide towards world conflict."

Top Banker Warns Of National Bankruptcy

NEW YORK (AP) — Felix Rohatyn, the banker who played a leading role in saving New York City from fiscal collapse, said yesterday that the United States is "headed for a national bankruptcy."

He called for a freeze on wages and prices coupled with federal budget cuts and a large gasoline tax.

"What is happening to the United States in 1980 is similar to what happened to New York City in 1975, namely a slide towards bankruptcy," said Rohatyn, a partner of Lazard Freres & Co. who served as chairman of the Municipal Assistance Corp., set up by the state.

In a speech prepared for delivery to the Conference Board, a business-financed research organization, Rohatyn said New York's political leaders "did not wake up to reality until the credit markets closed on the city," stopping it from borrowing.

"The present near-collapse of the credit markets is finally focusing attention of the government and the public on what has been the inescapable reality for some time, namely that we are headed for a national bankruptcy, in this case called runaway inflation," he said.

The federal government has been forced to pay record interest rates to borrow this year as investors have sought high rates to protect them against inflation. The rates have been rising rapidly in recent weeks, forcing some companies and municipalities to avoid borrowing money through the bond markets.

Rohatyn called for a "temporary 12-month wage-price freeze, together with extreme budgetary restraint. This should include a cut of at least \$20 billion in current outlays to break inflationary expectations."

the rescue plan, even though it was very risky. This Awareness indicates that in the process of attempting to rescue these entities, the Russians interfered in the action and contributed to much of the chaos and tragedy which followed. This Awareness indicates that the Russians as now having an influence in the Iranian action which is growing stronger, creating greater difficulty for the release of the hostages.

Draft Cards Are Off the Presses

WASHINGTON (UPI) — The Selective Service has printed 25 million draft registration cards for use in June — even though Congress still is debating President Carter's registration plan, Scripps League Newspapers reported yesterday.

Congress is in the process of appropriating \$13.3 million to begin registering 19- and 20-year-old males the last two weeks of June. The House approved Carter's request and the measure now is before the Senate.

Sen. Mark Hatfield, R-Ore., a draft opponent, delayed the bill while it was in the Senate Appropriations Committee and said he would vote against the measure.

Two House members defeated the draft registration conscientious objector amendment.

The Senate printed 25 million registration cards and changed the design.

4,500 Seek 550 Jobs

The New York Times

MILWAUKEE — John Orr, general manager of the new \$28 million Milwaukee Hyatt Regency Hotel, kept shaking his head in disbelief. More than 4,500 people were seeking 550 jobs at the first downtown hotel built here in more than a decade.

"I've never seen anything of this magnitude," Orr said of the crush of people at the Milwaukee Exposition Convention Center and Arena, a block from the new 484-room Hyatt Regency, hoping for jobs there as bakers, waiters, clerks or bellhops.

About 1,000 people were at the convention center, waiting to get in at 7 a.m. Thursday.

Elsewhere, Orr said, the hotel chain would have interviewed six persons for each job, but here the average was 10 persons for each job. To cope with the great turnout, the manager got 1,500 additional application forms from the Hyatt office in Chicago Saturday.

"I haven't seen so many people seeking jobs since the Depression," said a labor leader who watched the line of applicants.

TRACKING THE CATTLE MUTILATORS

For almost a decade, the gruesome livestock killings have baffled law-enforcement officials. Hundreds of cattle in 27 states have been found dead and mutilated—their ears, lips, tongues, eyes and genitals cut out with almost surgical precision. The mutilations have given rise to wild rumors about flying saucers and witchcraft.

LINKING CATTLE MUTILATIONS TO CULTS DEBUNKED

By BUD APPELBY

VERMILLION, S.D. — A behavioral scientist who has studied reports of cattle mutilations said on Friday that the Iowa Division of Criminal Investigation's contention that they are the work of religious cults is "a bunch of silliness."

Dr. James R. Stewart of the University of South Dakota's department of social behavior said he believes that the DCI is a victim of the same collective delusion that gripped others during a previous rash of similar reports.

The DCI is looking into reports of cattle mutilations around Iowa in the past six months, and officers have said they believe "satanic" groups are responsible for the deaths.

Pravda Raps Carter

MOSCOW (AP) — The Soviet Union's major daily said yesterday that as a "born-again war hawk" Jimmy Carter has proved to be more dangerous than "traditional war hawks." In a stinging new attack on Carter, Pravda said that "never in the history of the U.S.A. has there been a president who would place so openly and cynically his election interests above the objective interests of the nation." The attack was signed by a "Pravda" editorialist.
