Helping People Become Aware

Getting history straight

WHEN WAS JESUS BORN?

MERRY CHRISTMAS FROM COSMIC AWARENESS!

COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the 'New Age' of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully-trained channels. The information contained herein was received from deep super-conscious 'trance' levels and 'interpreted' by an entity affiliated with C.A.C. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these various channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel what is the truth. Cosmic Awareness will only 'indicate' and 'suggest'. Neither C.A.C. or any of the Interpreters is responsible for anything Cosmic Awareness states in any of these readings, nor does C.A.C. or the Interpreters necessarily agree with the statements of Cosmic Awareness. The Interpreters interpret the energies as they see them in trance levels and are not personally responsible for what is said. The Interpreters published herein have no connection with, nor control over the editorial comments and material, including illustrations. This is entirely the responsibility of the editor. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication in this newsletter.

Paul Shockley, Interpreter

QUESTION:

A question from W. H., Panorama City, Calif.
"I read recently that Cosmic Awareness stated that the entity known as Jesus the Nazarene was born in the 3rd Century, B.C., which contradicts so many historical facts of the time, and I find this hard to swallow. Can Cosmic Awareness comment further on this?"

COSMIC AWARENESS:

This Awareness indicates that there were approximately five entities who played the role of the Jesus which has been described in the *New Testament* and the various writings of that time. This Awareness indicates that the story of Jesus, the story of the crucifixion, the story of the entity being born of a virgin, coming into the world to save mankind, and being crucified and killed for his efforts, is an ancient story which has been played over and over by many entities, particularly in certain mystic and secret schools. This Awareness indicates that you might like to study the history of Krishna, of Mithra, and of various others of the Oriental and Middle East area during that time and previously. This Awareness indicates there were several different entities playing the role of Jesus during the early part of the Piscean Age.

This Awareness indicates that certain records in India indicate Jesus had come to study with certain Yogis of that time, also in Tibet. This Awareness indicates that the Mormons in America indicate that there have been records of Jesus having come to America also; that there are also legends in South America.

This Awareness indicates that there was an entity born approximately 300 B.C. who moved through the experiences which have been recorded, passed through story form from these secret schools and put into writing. This Awareness indicates that approximately 300 years later, another entity re-played the passion play and went through similar experiences. This Awareness indicates that when you consider that there were thousands of entities being crucified, when you consider that there were many secret schools and religious organizations looking for a messiah, practicing this passion play, going through the rituals, acting out this story, and when you consider that the name 'Jesus' was just about as common as the present-day name John is common, you can understand how historical evidence could be found to prove dates, or events; particularly if those searching for the dates and events want to prove such dates and events.

This Awareness indicates that there were few people who could write during those times, except for the priests and certain skilled persons working in religious monasteries or orders, and some working in government areas; this makes it much more difficult for information to be placed for public recognition as proof.

This Awareness indicates that wherein entities look back to prove something which was not recorded at the particular moment, that the information can easily be distorted and changed. This Awareness indicates that this does not in any manner make one change in the purpose of the Christian religion, in the purpose of Christ's coming, in the purpose of his experiences. This Awareness indicates it matters not whether the entity was born 300 B.C., whether this was the one which was spoken of in the *Book of Luke*, or in the *Book of Mark*, or *Matthew*. This Awareness indicates that what matters is the effect of this teaching upon the individuals who have heard and received this, and how they apply this teaching in their own lives.

This Awareness indicates it matters not whether this information which is given in the Bible is true or false; what *does* matter is whether entities have improved their lives from hearing this information, or whether they have simply become more hostile toward their fellow man, and more pious and dogmatic in their beliefs.

This Awareness indicates that what profits it for a messiah to come, if entities simply take the teaching and use that teaching to hate others who do not believe in their messiah? This Awareness indicates that all these details which entities wish in order to justify, reconfirm, prove and give greater security to their belief system,--all these details are of little real value; what *is* of real value is whether entities have learned the lesson which the master attempted to give, that lesson being *to love one another*.

This Awareness indicates if it will make entities feel any better for this Awareness to state that the entity was born on Christmas Day, in the year zero, then this Awareness now says that this was when this entity was born. Therefore, entities may now use Christmas Day at midnight on December 25, at 12:01 A.M. as the birth of the entity known as Jesus the Christ.

This Awareness hopes that this helps entities to feel more relaxed about these messages.

(Closing Message)

This Awareness suggests that entities find it in their hearts to be tolerant of this Awareness for not being always what entities would like this Awareness to be.

A CHRISTMAS MESSAGE FROM COSMIC AWARENESS

Paul Shockley, Interpreter

QUESTION:

Does Awareness have a Christmas message?

COSMIC AWARENESS:

This Awareness indicates that action which occurred in that town of Bethlehem some 2000 years ago as that which is related unto the paradox; as that which ushered into the Piscean Age the crystal consciousness, being ushered in a form which would be palatable to entities during this era. This Awareness indicates that in each age there is a messiah who does personify the qualities and nature of that age; that these messiahs are often the creation of those around as much as of that force which is within. This Awareness indicates the messiah of any age as resulting from the needs of the entities of that age and in that flux of consciousness related to and associated with that age.

This Awareness suggests that the action of the paradox, wherein the microcosmic image reflects the macrocosm, that this is the nature of that action which occurred on this plane some 2000 years ago. This Awareness indicates that this also had steps between wherein the physical microcosmic creation of that birth of Christ, the Child, as also a representation of the Christ Consciousness, the purity, the clarity which was being emanated and brought about through certain rites, rituals, teachings and associations in relationship, which resulted from the actions and was involved in the actions of the Essenes. (This Awareness wishes you to understand the word 'Essene' as related to the word "Essence", and also related unto the word "seance".) This Awareness indicates that actions of that time by those Essenes did help to manifest that consciousness whereby the crystal consciousness of the Christ could emanate itself through the child known as Jesus. This Awareness indicates that this was done also in Java with the Buddha.

In this present time there is the possibility and the opportunity for entities to bring about those children of high levels of awareness by allowing these children the environment, the space, the vibratory situations, the faith and the proper social situations whereby the Christ Consciousness may manifest and develop without being driven out by excessive distortions, perversions and frustrations.

This Awareness suggests in the coming years there shall be many, many children who shall be likened unto the Holy Child. That the movement in this direction begins within the individual, wherein the child within, the Holy Being within each and every one of you which needs its nourishment and needs certain attention, does begin to grow and manifest and give you its blessing; and does begin to bring your life into order whereby you, yourself, may emanate the Christ Consciousness from within.

This Awareness indicates that Christmas begins at home within your own psyche, your own awareness, and does move outward to manifest its radiance into the world about. This Awareness indicates that the spirit of Christmas expresses the *Law of Love*, and the *Law of Gratitude* expresses the action of generosity and affection, and allows entities to cast their bread upon the waters without knowing where, how, whence, or if it shall return to them. This is the only *true* gift.

The Spirit of Christmas allows wise entities that opportunity to present their presents of gold, frankincense and myrrh to the Christ Consciousness within each other.

The Spirit of Christmas allows each entity the opportunity to graciously receive such gifts from others, even as the Christchild, (before his recognition as the Christ by the masses), received those gifts from the wisemen who recognized the Christ that lived behind the unlikely situation of the lowly stable, the manger, the camel and sheep, and the tiny babe in arms.

The Spirit of Christmas recognizes the Christchild growing behind each and every unlikely scene, each and every unlikely face and situation, and those who are wise will bring gifts to nurture and devotion to encourage the growth and development of that Christchild within each face, each scene, each situation.

The Spirit of Christmas is a dedication and devotion in mass to the Christ within yourself and others.

This Awareness suggests you keep this Holiday sacred and Holy and that you keep yourself sacred and Holy, and that you make each day a Holyday.

This Awareness indicates *The Law of Gratitude* is that sense of satisfaction where energy which has been given receives a certain reward. Energy that is given moves out on that curved and unequal line and when extended far enough can only return to its source bearing gifts.

This Awareness indicates *The Law of Love* is that Law which places the welfare and the concern and the feeling for others above self. *The Law of Love* is that close affinity with all forces that you associate with as good. *The Law of Love* is that force which denies the existence of evil in the world, that Resists Not. For love follows the course of least resistance.

This Awareness suggests the greatest gift that any entity can give to another is that portion of themselves which is given with love and which has no strings attached and no expectations. This Awareness suggests that in giving yourself, the spirit of Christ moves in communion between you and the other.
