## "OPERATION HOT AUGUST NIGHT"---AN UPDATE

(Closing Message, CAC General Reading No. 8, )

August 13, 1992

### COSMIC AWARENESS:

This Awareness suggests that it is approximately one week from the time that the plan for the Hot August Night is due to begin. This Awareness indicates that it is *still* seen as a 30% possibility for this to be carried off, or attempted.

This Awareness suggests that entities can help to reduce the success of this, if indeed it is initiated in this month of August, by strongly meditating and visualizing the exposure of the plan, and by doing whatever can be done before or after the plan is initiated, to alert blacks to stay off the streets and not cooperate in the plan, to alert leaders of black communities of the intention of the plan, and to communicate the messages or steps of the plan, even if they have already been started, so that entities can recognize them as the plan progresses.

This Awareness indicates that once the plan has started, if indeed it does, entities will have even more reason to make copies and send out copies to the black community, the Hispanic communities, to keep them from involving themselves in ways whereby they are used for this diabolical purpose which would, if successful, begin to later exterminate them as occurred in Nazi Germany with the Jews and Gypsies and Hungarians and others.

This Awareness indicates that if the plan begins, Patriots should do all that is possible to link up before it becomes impossible to do so. And in this manner, help to relay information, assess situations, and determine where their allies may be and what the obstacles that they face will be.

This Awareness indicates that *if* this plan begins to unfold, it is not likely that you will receive further instructions or directions from this source. Thus, you must learn how to contact and find others with whom to relate and work for restoring and keeping the freedoms you desire.

This Awareness suggests the Interpreter be brought from trance.

\*\*\*

*The Law of Gratitude is given.*

*ED's Note: Ordinarily this Hot Line information would be sent out via First Class Mail. However, Vikki has informed me that the last Hot Line on the 'Operation Hot August Night', which was mailed via First Class Mail to all members, foreign and domestic; that this used up her postage account. Therefore, we are including this announcement with your regular mailing, enclosed, which may or may not reach you before the end of August.*

Memo from the Editor:

April 13, 1992

Hi, Gang! It's time to check in with a few plugs and announcements. My only comment on the weather out here in the Pacific Northwest is that we missed winter; it completely passed us by. No snow, no rain, just tropical weather requiring only a light coat or jacket. We did get snow in the high mounains but it is melting like crazy because of El Nino, so we will probably get some flooding soon and drouth and a shortage of water this summer. It appears all our rain went south to California.

You may recall in issue 92-2 about health, Awareness stated to the effect that the product K-Lonic was too effective, that physicians using the product made claims that cancer and AIDS were being cured by its use in some cases, and that it was in grave danger of being jerked off the market. Prophetic words indeed. That newsletter went out of here on Jan. 20th, and on Feb. 25th we heard the manufacturer was raided in the night, the doors kicked down, their computer, all records, all stock and equipment used to make K-Lonic was seized by the FDA. Of course, there was no warrant issued, no court order, the Gestapo just confiscated everything and the entities had to flee for their very lives. (Once before the FDA tried to destroy the 2 men who originated the formula, blew up their lab, killing one, the other fleeing to Europe where he gave the K-Lonic formula to the current producer.) Some people simply can't believe "our government" would allow such violations, let alone be involved in it. Hey! They are killing people all the time who come up with natural products that heal entities. You don't read much about it in the controlled press, but it is happening all too often. This is just another case in point except the makers this time fled to another country and I am happy to report they are back in business and K-Lonic is coming through via the underground network that brings goodies like that and GH-3 etc. to the people who know about these things and the wonders they can produce. At first the cover story was that the warehouse in California had been destroyed by a mud slide, but once the word came through that the makers of K-Lonic were home free and safe outside the US, the real story can be told. Those of you who may have ordered K-Lonic from the sources we recommended are now being informed the stuff is being manufactured once again and it should not be too long before your orders are filled. Also, we are assured by these sources that no checks will be cashed until the orders are filled. So be patient, such things take time, but in the long run are well worth the wait.

It works the same way we used to get the "Acapulco Gold" and other goodies in the good old days, --some gets in, some gets stopped at the border, but they keep trying anyway.

Something else strange appears to be happening. We can't get anymore of the book "AIDS, INC. Scandal of the Century" by John Rappoport. We sent a purchase order in to the publisher in California, and our letter came back marked, "No such person at this address". We sent 2 more, one to the author and one to the publisher. Same thing happened! Awareness said the info in the book was valid and much of it was dynamite, pointing fingers at the conspiracy and those who are getting rich by stringing those with the virus along, but never offering the cure which does exist.

Anyway, don't order this book until we notify you it is again available. A few years back, I noticed ads for this book in various New Age type magazines but have not noticed any lately. If any of you happen to see an ad, please send me the address as we would like to have this book made available again. Many thanks!

Speaking of books, we have a couple of good ones available for you. These are not listed in our catalog but will be later on. These are:

"WHAT YOUR DOCTOR WON'T TELL YOU--The Complete Guide to the Latest in Alternative Medicine, including Mega-Nutrients, Chelation Therapy, Energy Medicine, Therapeutic Diets and much more, to help you prevent or control heart disease, cancer, high blood pressure, arthritis, and many other diseases, written by Jane Heimlich. This book has been recommended by Awareness in the past, but we could not locate it until now. It is not, obviously, the sort of book they allow to be promoted widely. The price is \$12 plus \$1.50 postage.

DRAGON POWER, BY R.A. Boulay, concerns the origin of the fiery, flying serpent and its obsession with gemstones. This is a sequel to his previous work, "Flying serpents and Dragons" which is also recommended by Awareness. Price is \$15.95 plus \$1.50 postage.

VISITORS FROM WITHIN, by Lyssa Royal and Keith Priest, the authors of "The Prism of Lyra" focuses on the abduction phenomena in this book, with considerable info on the Zeta Reticuli's past history and their relationship today as they frantically attempt to restore their race through abductions and genetic engineering. Much is the channeling of Bashar and others and they present interesting aspects of the alien presence not covered by Cosmic Awareness. Price: \$12.95 plus \$1.25 postage.

Somehow we ended up with 12 copies of Zecharia Sitchin's "The Lost Realms" his 4th book of "The Earth Chronicles" in the hard cover version, with big readable type. As you know, we stock his 5 books in this series only in the paperback edition, so we will not be able to get anymore of this particular book in hardcover. Anyone out there who would like a copy, the price is \$19.95 plus \$1.50 postage, while the 12 copies last.

I spotted an ad in "Friends Journal" (a Quaker publication) for a book called "New World Order: Can it Bring Security to the World's People?" It's a series of essays published in 1991 by the World Federalist Assn., 418 7th St. SE, Washington, DC 20003. Price: \$5.00 plus \$1.50 postage. I sent for a copy and it is interesting reading. The essays are on restructuring the United Nations, both pro and con. The book turned out to be a real bargain, 8-1/2 x 11 with large type. Norman Cousins was President of the World Federalist Ass'n, for 14 years. The ideas are worth examining.

Member Biagio Conti, PO Box 1014, Carmel, N.Y. 10512 is offering a thorough handwriting analysis for \$20. He asks that you please be sure to use one 8-1/2 by 11 inch blank, unlined paper, written with any topic by you and have the paper signed at the bottom.

Biagio has also written a book, "Exotic Patent Listing" for \$23, including First Class Mail delivery. It lists over 300 patents, listed numerically, with dates of issues. Includes free energy machines, ozone generators, radionic devices, Tesla inventions etc.

Robert Hanzel writes that Stan Barrington and William Cooper have a new address and phone number, which is PO Box 889, Camp Verde, AZ 86322. Their hotline number is (213)-281-8222. Stan's number is (602)-567-6109. Call or write for their catalog of tapes and videos. They now have the very hard to find "Alternative 003" Video.

Robert also informs us that there are now 2 new SPIRALS putting out info, which are SPIRAL, 258 Long Shoals Road, Marietta, S.C. 29661. And SPIRAL, 205 Minami Tanabe Heights, 7-6 chome Minami Tanabe, Higashi Sumiyoshi-Ku, Osaka, Japan 546. Robert adds that these and all SPIRALS need your support, that the whole concept of SPIRAL is information sharing, so don't get involved if you are not willing or able to share.

Received an interesting newsletter recently called "The Whistleblower Report", published by the National Coalition of IRS Whistleblowers, a group of present and former IRS employees and concerned citizens working to expose Internal Revenue Service abuses and pave the way to reform. It's very informative and it's free! Write to them at PO Box 65471, Washington DC 20035 for copies.

For you recovering Catholics, you can get your daily laugh by dialing 1-900-SHOPOPE (actually 740 POPE) and hear recorded message from the pontiff himself. (Like those 900 numbers where the girls talk dirty to you, the cost will go on your phone bill).

Those pin dot eyeglasses that used to sell for \$49 are now available from Dr. Leonard's Health Care products, 74-20th St., Brooklyn NY 11232 for only \$9.95 plus \$3 Postage & handling.

We keep getting asked, where can one find the Dr. Beter Audio letters in transcribed form? You can get them from Educational Service Council, PO Box 271, Elm Grove, WIS. 53122. \$43 for transcriptions of all 80 tapes.

Recently Johnny Carson had an herbalist on his show who was 90 something, but looked 40. After giving a number of herbal remedies for various ailments, Johnny asked him if he had an aphrodisiac that really worked, and he replied: "Take 3 dill pickles, a black olive, one ripe banana, and one teaspoonful of soda in an 8 ounce glass of water and get ready for an all night party." (If any of you try it, let me know if it works and I will pass the info along to others).

Member Dora Schlitzkus writes: "While listening to a lecture given on radio by Dr. Michael Weiner, a herbalist, mentioned a remedy against allergies: ginger tea along with 60 mg of ginkgo biloba. If I remember right, Dr. Weiner said that this remedy sapped most allergies. I have been using raw ginger for tea with 60-80 mg of ginkgo biloba, and the stuffed-up nose and itchiness around the eyes disappear in less than an hour. It is harmless and it works, so I am sending this info along." Thanks Dora. I am sure there are lots of readers who will give this a try, including me when the trees outside start pollinating.

Avid UFO researchers will want a copy of Christa Tilton's manuscript, "The Bennowitz Papers", a collection of data, personal interviews etc. with Paul Bennowitz and others involved with him or have interest in his research. It also has much info on the Dulce base. Price: \$25. Available from Christa Tilton, PO Box 906237, Tulsa, Oklahoma 74112.

Member Ed McCabe whose book, "Oxygen Therapies" is an underground best seller, a book which lists 5 AIDS case histories showing successful treatment by ozone, is working on a new book, and is offering a booklet "AN ABBREVIATED LIST OF CHRONOLOGICAL MEDICAL OZONE REFERENCES WITH A CONCENTRATION ON SUCCESSFUL AIDS RESEARCH" for \$5.00 plus \$1.00 postage, this now available from C.A.C. Almost daily the FDA is breaking down the doors of doctors and others who are using the various oxygen therapies available in their efforts to cure those suffering from these diseases. Still, the word is getting out. This booklet lists the evolution of this therapy and the conclusion is that this is the only meaningful method to stop the spread of these diseases.

#### LETTERS:

I would like to congratulate Cosmic Awareness on the answer given concerning the letter from R.M. in Hawaii, (issue 92-1 Page 15). This proves that Cosmic Awareness is a TRUE PATRIOT who has the utmost concern for the future of this country. I am a satisfied reader, and you can be assured of my continued support of your fine newsletter. Many thanks. James Henry.

You people must be angels! Over 60 years I've amassed over 10,000 books, looking for the truths packed into your newsletter. Frank Anderson.

Keep up the alien questions to Awareness. I look forward to this information with each mailing. Also, congrats on the 20th Anniversary! I've been reading Awareness info since 1976 and it is one of the most "Religious" sources in my life. Stanley Kmonk.

I was impressed and intrigued with the level-headed and sensible replys of "Awareness" to the wide variety of questions asked. This seems to stand in sharp contrast to much of the hysterical ravings of many self-styled "New Agers". I should add that I'm pretty skeptical about aliens invading the earth. I've never heard of anything like this before, except in science fiction, of course. On the other hand, to quote the late Oscar Wilde: "I'm no longer young enough to know everything". Charles Riddles.

In your latest memo to the membership, the P.S. at bottom informed me that Vikki's collator died. I don't want to miss even ONE of the communications, so I am enclosing a check in the amount of \$500 and a challenge to the other members to match me. CAC is the glue that will keep this planet together as long as information keeps getting out. When I receive the communications in the mail, it's the first thing I read. All the rest of the mail is placed on hold until I'm through reading every word, from first to last. The \$500 I've enclosed is to bring Vikki's collator back to life, or to be used where it is most needed. In deepest gratitude, I am Bertha Semple.

I was astounded to read that some people didn't wish to read information about the various aliens!! This information is absolutely the most important news we can possibly receive. It has tremendous impact on every facet of our lives. It also clarifies our interpretations of all news attempting to brainwash us. I do hope we continue to receive this info in great detail. Jeanette Cullison.

Hi. Renew my subscription for one more year. But please, enough of the aliens. They are the least of my worry. Our own government is our biggest enemy. Get back on track. R.G. Grand Junction, Co.

Ed's note: This guy is in prison, and I wonder if the aliens really are the least of his worries. I just read a report that claims 60% of the prisoners in this country have been abducted and implanted!

The April 6, 1992 issue of TIME magazine has a cover story on "The Real Power of Vitamins. New research shows they may help fight cancer, heart disease and the ravages of aging". The gist of the article, while suggesting that vitamins, if proscribed and used properly, under your doctor's supervision, can indeed help to keep you healthy. Is this really news, gang? Not in the least, except that "under your doctor's supervision" bit. Articles like this one in a Rockefeller owned and controlled publication like TIME, is paving the way for the FDA's scheme to allow vitamins, minerals and supplements etc. to be made available only through doctors. In short, before you can go out and buy some Vitamin C for that cold, you must make an appointment with your doctor, pay the \$60 for an office call, plus the prescription, then go to your friendly drug store and pay 10 times for the vitamin C you can now obtain in your healthfood store. To cinch their argument, we can now look for planted horror stories of people "overdosing" on vitamins. It's getting scary, gang.

By the way, in regard to the K-Lonic mentioned earlier, I just got word tonight that the shipment that was to fill your backorders, arrived in Portland, Oregon, but was seized by the FDA, the same agents who busted the manufacturer a few months ago. ( I expect your refunds will be in the mail soon).

For CAC, yours in the service,  
Avaton

P.S. "Send in questions!"
