THE RETURN OF THE PLEIADIANS TO EARTH AND THE CHANCE TO GET THOSE IMPLANTS REMOVED

C.A.C. General Reading, March 14, 1993

QUESTION:

Awareness, we're here to begin a series of C.A.C. general readings, with questions sent in from the membership. Does Awareness have an opening message?

COSMIC AWARENESS:

This Awareness indicates there are three things that this Awareness wishes to address at this time: The return of Pleiadian energies; the critical status of Russian democracy; and the update on the Interpreter's efforts to regain assets from the American Trading Company.

How to Get Alien Implants Removed

This Awareness indicates that in regard to the first, the return of Pleiadian energies; this Awareness indicates that there are instances wherein certain of the Pleiadians have returned to the earth environment and have been involved in assisting entities, particularly those who have had implants from Zeta Reticuli Greys. The Pleiadians have shown a willingness to assist in removing these implants.

This Awareness indicates that if there are any entities reading or hearing of this message, it is suggested that the way by which you can acquire the assistance of the Pleiadians in removing these implants, if you so need this service, is first to make contact with the Pleiadians.

This Awareness indicates that this can be best accomplished by focusing on the Pleiadians in the same or similar way you might focus on a deity in prayer. You concentrate your energies and attention on the Pleiadian vibration, whatever it may be. It is not necessary that you know the vibration, just simply focus on Pleiadians, and ask for their help.

This Awareness indicates that this may require repeated efforts before contact is made; that eventually these entities will contact you and you will feel that you have made contact with them. This Awareness indicates this may occur in a dream or in meditation, and in contacting the entities, if you believe you have had an implant from the Greys, you may ask the Pleiadians to help you to get free from the Grey's influence.

This Awareness indicates that of course, it could be someone other than the Greys that has implanted you and the same would be so in either case, but you *want* to ask the Pleiadians for help in freeing you from the influence of these other aliens who have implanted you with some kind of device or implant, and ask them to have it removed.

This Awareness indicates the Pleiadians may not necessarily directly remove the implant, but may take you to the types who have implanted you; for example, a Grey ship, and may direct these Greys to remove the implants. This may occur in a kind of dream-state, or you may consider it as a dream, or view it as being unreal or as a dream experience, even if it is indeed real.

You will notice after the implants have been removed, a feeling of freedom. This Awareness indicates there have been a few entities on the mailing list who have written about having received implants; that these entities have to be ready and willing to totally renounce the Greys or whoever implanted them, for this to be effective.

This Awareness indicates that in the removal of the implants, entities can then feel true freedom, a sense of individuality, as though they were now unhooked from any obligation or connection with the aliens that once implanted them. This Awareness indicates that this is an action that may need considerable focus on your part, until it is completed.

Do not start and stop just because there seems to be no immediate or easy result. You must continue to focus and continue the effort to free yourself with the help of Pleiadian energies.

COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the 'New Age' of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully trained channels. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these various channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel what is the truth. Cosmic Awareness will only 'indicate' and 'suggest'. Neither C.A.C. or any of the Interpreters is responsible for anything Cosmic Awareness states in any of these readings, nor does C.A.C. or the Interpreters necessarily agree with the statements of Cosmic Awareness. The Interpreters interpret the energies as they see them in trance levels and are not personally responsible for what is said. The Interpreters published herein have no connection with, nor control over the editorial comments and material, including illustrations. This is entirely the responsibility of the editor. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication in this newsletter.

Paul Shockley, Interpreter

THE GREAT CONCERN ABOUT RUSSIA

This Awareness indicates that in regard to the fragile state of democracy in Russia, , there is much to be concerned about, for this country, having embarked on a pursuit of democracy under Boris Yeltsin as that which is being torn apart internally by old hard-line Communists who do not want the experiment to succeed, and is being threatened by the nature of the economic distress that was inherited from the demise of communism and has not been healed in the free enterprisse and democratic approach.

This Awareness indicates it is likened unto trying to adapt to a new democratic society in the midst of the worse depression the country has ever experienced. You would have a hard time in this country of the United States or any other democratic country in a depression of such nature, keeping people from turning to other political approaches.

This Awareness indicates even in the deep Depression of the 1930s, many people started turning to Communism as a potential way out of the Depression. How does it differ from entities who experienced communism as providing their basic needs of personal existence through the socialistic programs in Soviet Russia, as compared to present times, when the socialist programs have been dropped and no dole or welfare is being given to the entities and they are asked to fend for themselves, without ever having been trained or without having learned in several generations to create jobs for themselves as individuals?

They simply do not yet know how to organize a free enterprise system in that country and therefore, many entities are highly discouraged with what they consider to be the democratic experiment. This Awareness indicates therefore, democracy is teetering precariously in Russia today, and the meeting coming up in April between Mr. Yeltsin and your President Clinton will be highly critical in terms of whether democracy can continue to prevail in Russia.

This Awareness indicates that it *does* appear likely that Mr. Yeltsin will retain his general control, although much of his power has been stripped from him.This Awareness indicates of course, there is a need for a new constitution in Russia; the old constitution of the Soviet government is still in place and has been in part to blame for the difficulties experienced at this time.

THE ONGOING SAGA OF THE INTERPRETER'S LAWSUIT

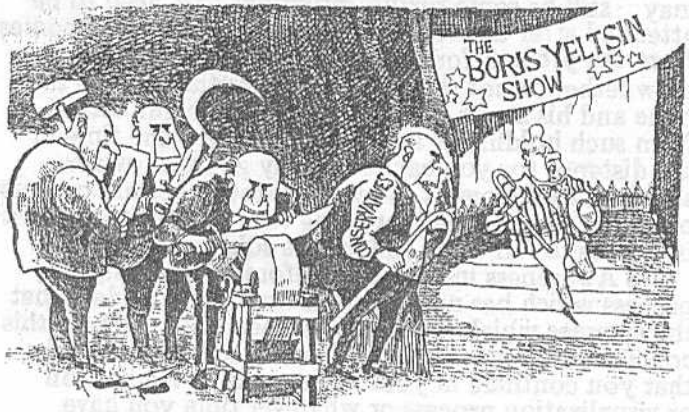
This Awareness indicates that in reference to the third issue or topic this Awareness wished to discuss, that of the Interpreter's involvement with American Trading Company assets in which he was half owner of the company and whereby he, as half owner, was entitled to half of the assets of that company, but whereby his partner decided to cut him out of the loop in terms of his ownership.

The Interpreter, having filed a lawsuit against his partner to have the looted assets returned to American Trading Company from two other companies that the partner created, to which he moved the assets of the American Trading Company into. All this has been in progress for approximately two years.

The date of December 15th to 18th was significant in that the partner had been indicted by the FBI for fraud in other projects and activities, including the transfer of used clothing to Ghana, in which he took investors' money and did not deliver the goods to Ghana, because he did not use the investors' money to pay the shipping costs as was part of the agreement. The clothing ended up in Amsterdam, never reaching Ghana, and was then sold for shipping costs.

This Awareness indicates that the investors filed criminal charges against the entity. There were other charges filed by other entities who also were cheated in their investments, and the entity went to trial on December 15th, and was found guilty on 11 counts, including money laundering, approximately 5 counts of money laundering, several other counts of fraud and of fraudulent wire transfers.

This Awareness indicates that the entity was given until March Ist for sentencing, and during that time, attempted to create various problems for the Interpreter in his ongoing lawsuit, including threats of suit against the Aquarian Church, which were not carried out, having no basis for doing so, and including other legal harassment techniques that the courts generally denied and the situation reached a point in December where the partner, refusing to deliver documents or to allow deposition of a certain individual who was to be deposed, put himself into a position whereby the court ruled against him, and deciding that it was too late to get the documents and information in time before the scheduled trial date of January 27, ruled that the date of trial



would be put off until April 28.

This infuriated the ex-partner of the Interpreter, but the court stated that it was his own doing that had caused this delay in the trial, and there was no changing of the date of April 28th of '93. Therefore, with the extension of time, it allowed the Interpreter and his attorney more time to get the records and documents needed to go to trial.

This Awareness indicates this included the documents associated with ownership or a contract between American Trading Company and the diamond/gold mine in Ghana, Africa, and it allowed these documents to be brought in as evidence of ownership by the American Trading Company prior to the transfer of the assets of this mine into the other companies which the ex-partner had created for the purpose of looting.

This Awareness indicates that in late February or just prior to the scheduled sentencing date, the ex-partner failed to show for a pre-sentencing hearing and was told by the County Clerk that a warrant for his arrest would be issued. This warning by the county clerk was enough to allow the entity to skip the country, and the FBI, upon reaching the entity's home for the arrest, felt that the county clerk had tipped off the entity to the arrest and was very distressed and angry about having been unable to arrest him and put forth a Fugitive Warrant for the entity to be picked up.

This Awareness indicates that it appears around the same time a reporter who had been investigating the entity, presented a story on television news describing the entity's activities and ending the story with a picture of the entity, asking people to report to authorities if they see this man anywhere, that he could be armed and dangerous.

This Awareness indicates up to the present time, there has been no indication that the entity has been arrested or picked up. This Awareness indicates it appears the entity went to Mexico, and that the entity is making efforts to go from Mexico into Africa. He has no passport of his own, which was seized by the FBI, but may be able to forge a passport that will somehow allow him to get into that country.

This Awareness indicates in other words, the entity is now a fugitive and his whereabouts are unknown. Meanwhile, the attorneys for the entity in the Interpreter's civil case, have been given authority to settle the case in his absence. The settlement by the attorneys for the ex-partner is that which offers a token amount of shares in a company that may or may not have any real value.

The Interpreter is not interested in the token shares. It is indicated that the ex-partner had 50 million shares of this company and offered the Interpreter 650,000 shares to settle and drop his case. This of course is only a token amount of energy to exchange for what should have been at least half of the 50 million shares.

Therefore, it is still an ongoing situation which may not be settled until April 28th, when it goes into trial in the courts in Eugene, Oregon. That even then there

may still be some further situations that need to be attended after the court rules, before any money comes from the project, for this ruling will only be a ruling on whether or not the Interpreter has the right to the mine and his assets. The payment that might come from such holding of assets may still be some time in the distance for you cannot simply go from ownership into cash flow. It has to go through certain processes of either being mined or being turned into stock, which in turn takes on value and can be sold on the market.

This Awareness indicates therefore, it is an ongoing process which has not yet been clearly concluded; that the energies which entities have been giving toward this conclusion have been helpful and this Awareness asks that you continue in your 20 seconds of meditation or visualization process or whatever time you have available, to help render this to a beneficial conclusion for the Interpreter, the Aquarian Church, Cosmic Awareness Communications and the World Peace University in particular. These are the organizations which this Awareness particularly wishes to see funded from this project.

This Awareness wishes also to inform you that there are spiritual energies and entities in the higher planes who are helping to direct the events relating to this. There are also of course negative forces that would like to throw blocks into these events and energies to prevent the organizations and individuals from reaping any rewards.

This Awareness indicates that the more you can energize light and spiritual assistance toward bringing these energies to a healthy fruition, the greater the chances for these energies to be used by the spiritual forces for the good of all.

HOW TO ATTRACT THE PLEIADIANS TO YOU SO THEY CAN REMOVE YOUR IMPLANT

QUESTION:

In regard to the return of the Pleiadian energies, is there a symbol or something representing the Pleiadians that entities could visualize that would help them to speed up this contact with the Pleiadians?

COSMIC AWARENESS:

This Awareness indicates that perhaps the simplest symbol is that of their particular unique space-craft which appears in the Billy Meier tapes; it is a most commonly known shape, peculiar to the Pleiadians. This Awareness indicates also common to the Pleiadians in connection with this is the face of Semjase which appeared in some of Billy Meier's books and this can be easily found in *Contact from the Pleiades*, and by looking at the face of Semjase entities can help to make their contact with the Pleiadians more clearly and with greater focus.

There is not seen a particular symbol that is commonly understood or known by entities that will help to create a contact; that these are the more commonly known images associated with the Pleiades contacts.

ED's Note: In the book "Contact from the Pleiades," it is stated there are no photographs in existence of Semjase, the widely used photo claiming to be her is a phony.

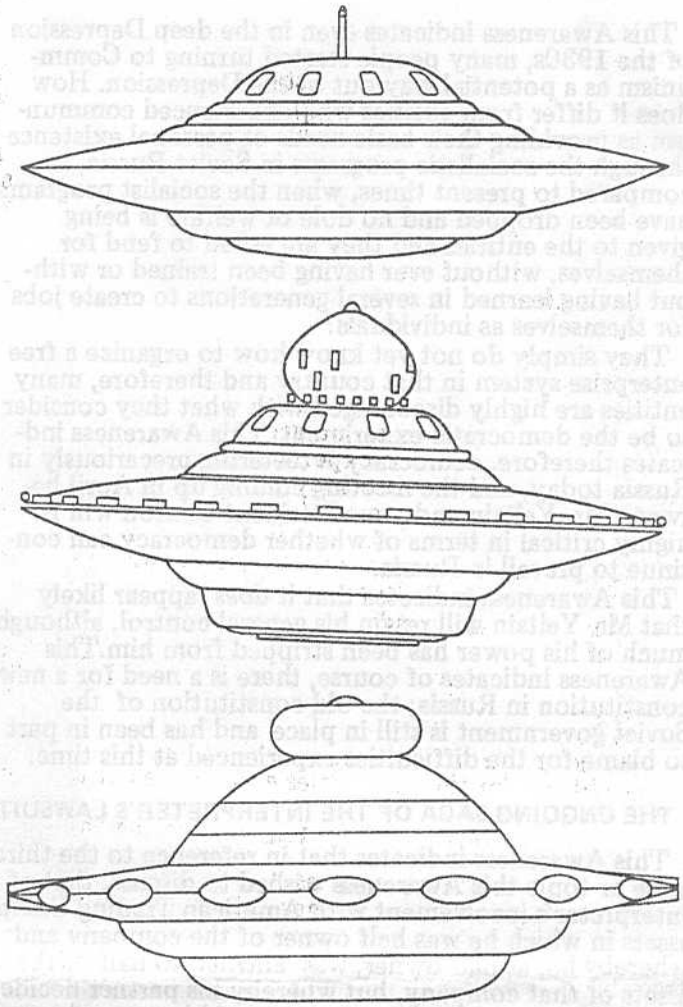
MORE ON THE PLEIADIAN WAR ON THE REPTOIDS

FOLLOW-UP QUESTION:

Does the return of these Pleiadian energies indicate that their war with the Reptoids has turned in the Pleiadians' favor?

COSMIC AWARENESS:

This is in the affirmative; this in reference to their own region in the galaxy.



Three of the more commonly seen Pleiadian Reconnaissance Ships

WHAT ARE THE RUSSIAN SKOPTSIS DOING?

QUESTION:

In regard to the situation in Russia, what are the Skoptsis doing about this situation, or are the Skoptsis any longer in power?

COSMIC AWARENESS:

This Awareness indicates there are many of these entities still in positions of power who appear to be working to promote the concepts of democracy; these appear to be the people who are behind Yeltsin as his strong support group. It appears that these entities are definitely opposed to communist rule in that country and that they would be of great service to Yeltsin but there is confusion as to how democracy and capitalism can be used in a country that is not geared for the kind of economy that runs itself automatically by free enterprise.

There *are* underground and Mafia-like elements in Russia that have taken over and set up themselves as a kind of structure in the society, which seeks to control the masses and determine who gets a job, who doesn't, and what prices people pay for goods and services. This criminal element is largely composed of the old communist bureaucrats and others, and these entities are the strongest force at this time because the government has not yet structured a democratic free enterprise bureaucracy to distribute goods and services throughout society that is capable of handling the needs of the society.

They need to be given guidance from entities who are familiar with the free enterprise capitalistic system in order to restructure society for the free enterprise approach. This Awareness indicates the army as one organization that might be useful in distributing goods and services, but this has not yet been employed, and if it were employed, it might turn things more into a totalitarian government or dictatorship than a democracy.

WHY HASN'T THE U.S. HELPED RUSSIA?
(More on the George Bush Family)

FOLLOW-UP QUESTION:

Why is it now Awareness, that after all these years of fighting communism, and a chance has arrived where it can be removed as a major threat, is the United States only allocating $500 million dollars to help the Russians, and they are giving Israel $10 billion dollars and Israel is no longer much use at all, now that the Cold War is over?

COSMIC AWARENESS:

This Awareness reminds you of a previous reading in which this Awareness explained about George Prescott Bush once owned the land in Russia and that it was leased to the communists through certain kind of contracts whereby the communist government held the land for the people of Russia and used the land for the people, giving the people the belief that it was their land and that the communists were simply caretakers and that Russia was a country in which no one owned private property.

Even through the entity Gorbachev, the Bush family still owned that land technically, although secretly, and with the fall of Gorbachev from power, the land then became Russian territory because the communist party which had the control and contract was no longer of any existence. With the demise of communism, the contract became void and although the agreement that the Bush family had with the Russians dating from the Revolution in 1917 gave the Bush family control in exchange for large sums of money. It was no longer valid if the country or the party no longer existed. At least, that is the way the new Russian country viewed it.

Yeltsin did not honor this, and because Yeltsin did not honor the Bush holdings, and did not see Bush as the owner of these lands, there was a personal conflict between the two, whereby George Bush did not wish to do anything that would help Yeltsin remain in power or give the Russian people a chance to survive without returning to communism and the contracts that were originally created and allowed the Bush family to have their particular control over the real estate in Russia.

This Awareness indicates that this entire thing was sufficient enough to keep Russia from receiving any meaningful assistance other than token assistance to appease the question of whether the United States wanted Russia to become democratic. There was not sufficient amount given to assist the democratic approach in Russia and it was intended that Yeltsin and his democracy would flounder and fail.

The "Unseen Hand" at Work

This Awareness indicates that with the election of Clinton, which was thoroughly unexpected on all levels, until vibrations on the earth plane were altered by spiritual energies coming in; many of these spiritual energies relating to the return of the Pleiadians; with the return of these energies and the election of Clinton, it has altered the potential so that there is a chance that democracy in Russia can again have a chance of thriving.

It is the ideal, but it is still very precarious and fragile, for there are many in Russia who have vested interests in returning to a communist rule of Russia. There are many in the United States who would benefit personally, privately, and corporately in seeing the Cold War resume, with Russia returning to communism.

This Awareness indicates that it has been almost an accident outside the control of the manipulators that Russia has slipped into democracy or a pursuit of democracy and there are efforts, extreme efforts, to reverse this course. This Awareness indicates that this movement into democracy is the result of what may be termed the "Unseen Hand" of the Divine Force at work.

THE GROWING MILITARY THREAT IN RUSSIA
(Germ Warfare Factories Still in Business)

FOLLOW-UP QUESTION:

William Randolf Hearst, Jr., the head of the Hearst newspaper chain, in an editorial wrote the following:

"Reports I've been getting point to a pair of alarming trends in Russia. The military seems to be acting with increasing independence. At the same time, the old-line communists are regaining their self-confidence.

Some mysterious things are also going on. The Swedish government disclosed last week the "unidentified" submarines have recently been violating Sweden's territorial waters in greater numbers than ever before. No one doubts the offenders are Russian.

During the Cold War, Soviet subs constantly prowled around Sweden's coast in violation of international law. But why should the Russian navy do the same, in fact do it more frequently?

My attention was also recently drawn to an investigative report by the reliable British Broadcasting Corporation alleging that, contrary to Moscow's international commitments, germ warfare weapons are still in production, at least at one big plant near St Petersburg.

The BBC reported that Yeltsin has tried to close the plant but the military won't let him.

At the same time, the old Communist Party that Yeltsin outlawed has reorganized as the Unified Russian Communist Party and at a party congress two weeks ago in a Moscow suburb claimed 450,000 members, making it Russia's largest political movement.

This may be an exaggeration, but my information says the communists have taken heart from the deepening popular discontent among Russians at hyperinflation, the spread of crime and the other seething troubles of the new free market economy.

The communists expect that if daily life doesn't soon improve, ordinary Russians will turn back to them."

Now, does Awareness see that information, particularly about the submarines and the germ warfare factories, as being valid?

COSMIC AWARENESS:

This as in the affirmative. That in general, all of what this entity expressed in his article is an accurate description of the situation which is why this Awareness indicates it is a very precarious and very dangerous situation. There needs to be some action taken to help the entity Yeltsin in his efforts to move toward democracy.

The Growing Misery of the Average Russian

This Awareness indicates that the average Russian who cannot find food or sustenance in the free enterprise or democratic approach is going to lose heart and turn toward communism or totalitarianism in any way possible to get back to where something can be given for his needs, his family and the hungry mouths of his family and neighbors.

If you cannot provide food and shelter, you lose faith in whatever system is being expressed and the communist system fell because food and shelter were being undermined from the high cost of military activities and people did not have enough food or proper shelter and they became disenchanted with communism.

But in turning to democracy, things have not gotten better, they have gotten worse, and thus it is only a matter of weeks before the people will overthrow democracy and its proponents to return to a more dictatorial

This Awareness indicates that obviously, the people would opt for the less expensive and more effective approach and the surgeons would lose hundreds of thousands or millions of dollars individually, each year, in their surgical practice.

More On The Evil "Global 2000" Conspiracy..
HAS A NEW VERSION OF AIDS BEEN CREATED ?
(AIDS Now Being Released Through Cattle & Cats)

(From a CAC Reading, August 13, 1992)

QUESTION:

There's been a lot in the papers lately about a rare mystery ailment that's mimicking AIDS. I'll read just a little bit on this.

"In Amsterdam, at least 2 dozen people who show no sign of the AIDS virus have been stricken over a mysterious AIDS-like ailment, and experts differed Tuesday about whether an undetectable mutant microbe might be responsible. The illness mimics AIDS' devastating destruction of the body's immune system. If it is caused by blood-borne microbes such as a variety of the AIDS virus that eludes standard screening tests, it could complicate the job of keeping blood supplies safe for transfusions, and one doctor said, "It's apparently rare, but we are not sure just *how* rare. Whether the 2 dozen cases described so far have the same cause is also unknown."

Researchers speculated that they could result from blood cancer or contagious organism or something in the environment, among other things. Researchers say that many, but not all of the victims have been homosexual men and others who are at a high risk of AIDS. People with the disease developed overwhelming infections that were the same as those seen in AIDS patients."

I'd like to ask Awareness, is this going to be a problem? Have they released another form of disease similar to AIDS?

COSMIC AWARENESS:

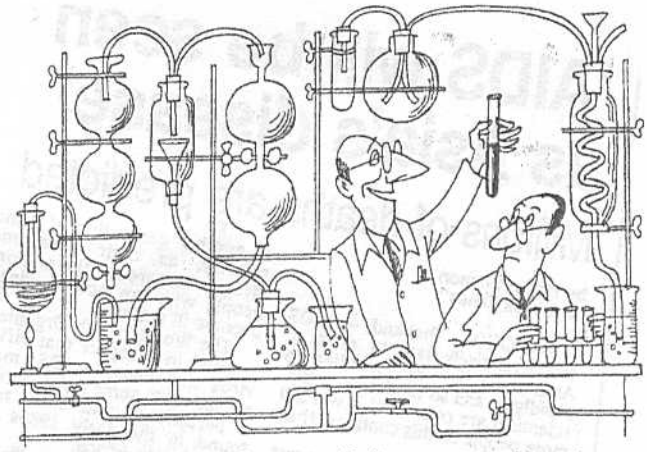
This Awareness indicates that it appears the AIDS as previously released has not moved fast enough, has not spread fast enough to meet the Global 2000 goal of diminishing the population of earth by the year 2000 to the desired level and that this new strain has been made more undetectable so that it will spread faster.

It is also seen that this is airborne and easier to spread through kissing, through saliva, even through coughing and close contact from breath. This Awareness indicates that it is a kind of merger between the efforts to create the new perfect Tuberculosis strain of TB that was resistant to drug treatment and the old AIDS forms, and by combining these or certain aspects of these, it made the new AIDS a more virulent and active disease that can be airborne, when in close proximity with a carrier.

Bovine or Cattle AIDS Soon to Manifest

This Awareness indicates there is also another form of AIDS that has been released through cattle; the bovine or cattle AIDS is released into certain herds of cattle and will be spread in this manner, but so far it is more for testing. This Awareness indicates however, the extreme hazard involved in this bovine AIDS is that cattle raised for beef which is injected with AIDS in the blood often finds its way onto the plates of diners, even in some of the fanciest restaurants, and it especially is dangerous when the meat is not well-cooked, but rare, as many choose it.

This Awareness indicates that obviously, this poses a totally new and serious threat to the middle class who are most likely to indulge in such dining and also to those who partake of fast-food outlets or hamburgers



"The time is near when we will discover something that does not cause cancer."

which may not be cooked completely. This Awareness indicates this is not seen as an immediate problem but could become a serious problem within a few years, if this bovine AIDS is spread among the herds that feed these fast food restaurants.

This Awareness indicates it may result in the death of far more people than the AIDS spread among humans. This Awareness indicates that when it is injected into the food chain in this manner it becomes a totally different situation and entities may wish to consider giving up red meat altogether because of this threat.

FOLLOW-UP QUESTION:

Would this virus affect ham and pork?

COSMIC AWARENESS:

With some minor alterations it could be made to affect these food sources also, especially pork.

This Awareness indicates that bovine blood is very much akin to human blood and therefore, it is more dangerous as a carrier than the other forms of animal AIDS; that feline AIDS has been around for some time. The cat carrying AIDS does not affect the human, at least not in a majority or serious level.

This Awareness indicates that the pork as having some connection or relationship to the human since its origin dates back into Atlantis as a genetic cross-breed between a boar and human genes, and the pig being a genetic creation containing some human genetic qualities.

The lamb is different and would be less inclined to be spread to humans without some considerable altering. The beef, however, is very close. That blood transfusions can be given from cattle to humans one time without unusual or fatal results, and in some cases entities have survived because of a blood transfusion from cattle.

This Awareness indicates that the bovine AIDS is more of a serious problem than the others.

ED's Note: Recently, late winter and spring of 1993, there has been an outbreak of what the media is calling "ecoli" bacteria emanating in the hamburgers of two fast-food chains: Jack in the Box, and the Sizzler here in Washington and Oregon, and some sporatic reports from California. So far several hundred have been hospitalized and several children have died from the outbreak, which is evidently still ongoing, but slowing down. The health authorities say ecoli bacteria is very common in meats, being fecal matter from the animal that often gets into the sellable meats at the slaughterhouse. Could it be possible that this new strain of bovine AIDS Awareness is speaking of could somehow be connected in this outbreak?

'AIDS will be seen as Asia's disease'

Millions of deaths are predicted

by Philip Shenon
New York Times

BANGKOK, Thailand – AIDS came relatively late to most of Asia, but it is now spreading so rapidly – and so randomly – that scientists are convinced it will kill more people on this continent than on any other.

Conservative estimates suggest that by the end of the decade, the AIDS virus will infect more than one million Asians each year, more than in the rest of the world combined.

Some researchers fear that the infection rate in Asia will be closer to three or four million a year, and that tens of millions of Asians will become infected and die of AIDS over the next two decades. Reliable projections show that at least 10 million Asians will be infected by the virus that causes AIDS by the year 2000.

It is a plague, they say, that threatens some of Asia's miracle economies and could condemn other, less fortunate Asian nations to another generation of grinding poverty, as their governments struggle to care for the millions of people who are now destined to become ill and die.

The World Health Organization warned in a report that HIV, the virus that causes AIDS, may be spreading in some Asian nations at a percentage rate close to that found in the early 1980s across sub-Saharan Africa.

In Asia, AIDS is usually spread by Asian-to-Asian heterosexual contact. According to the World Health Organization, more than three-quarters of all HIV infections now develop from heterosexual encounters. The other important forms of transmission, it says, are the sharing of dirty needles among intravenous drug users and sex between men.

Researchers say that as Asians begin dying by the millions, AIDS will soon lose its reputation among many people on the continent as a

Latin nations reeling under AIDS eruption

■ **Causes:** Included are poor health care and extramarital affairs by men not using protection.

N.Y. Times News Service

RIO DE JANEIRO, Brazil – Flourishing amid sexual promiscuity, hypocrisy, and haphazard prevention, Latin America's AIDS epidemic is on its way to surpassing United States', scientists say.

Much of the growth comes from rising infection rates among Latin American women, a fact that doctors attribute to a propensity for homosexual and heterosexual affairs by men and a reluctance to discuss these with their wives.

While much of the world's concern about AIDS has focused on Africa, Asia, and the United States, the rising number of infections in Latin America is prompting growing alarm about this region as well. Six years ago, fewer than 8,000 AIDS cases had been recorded in the region.

Today, the number is approaching 60,000, and estimates of cases are even higher.

"We are going to see something of biblical proportions," said Mauro Schecter, director of an AIDS program at a university hospital here. "These biblical tragedies wiped out large portions of populations."

In Brazil, a growing legion of women infected with the virus that causes AIDS has pushed the number of infected people to roughly 1 million, according to some researchers, in a population of 150 million.

Mexico, the third most populous nation in the Americas with 85 million people, has an estimated 225,000 people infected with the virus that causes AIDS and perhaps as many as 500,000, according to government officials and private researchers.

Estimates of infection rates and numbers of recorded AIDS cases in Argentina and throughout the region often vary because most Latin American countries have not conducted detailed surveys.

Mirroring the region's precarious health system, Brazil has only seven clinics where people can be tested at no charge to see if they are infected with the human immunodeficiency virus, which causes AIDS.

> "While much of the world's concern about AIDS has focused on Africa, Asia, and the United States, the rising number of infections in Latin America is prompting growing alarm about this region as well."

With many of Brazil's infections recent, doctors say the true size of Brazil's epidemic will loom graphically clear later this decade when patients start flooding hospitals. In Sao Paulo state, the number of people dying of AIDS quadrupled in four years, rising from 1,067 in 1987 to 4,134 in 1991.

"The difference in sero-positive populations" – people infected with the virus that causes AIDS – "is not that great between the United States and Brazil," said Richard G. Parker, an American anthropologist who directs an AIDS information group here. "But compared to the United States, much more of Brazil's iceberg is under the water."

Young and often widowed, women who gather weekly for mutual support at a downtown Rio clinic are the new faces of Latin America's AIDS epidemic.

"Married women always think that they are safe," said Ana Valeria Barbosa, whose husband died of AIDS two years ago. "Then I discovered my husband was not only injecting drugs, he was bisexual."

PLANE CARRIES TUBERCULOSIS: Passengers who flew on a Northwest Airlines flight from London to the Twin Cities last December may have been exposed to a virulent form of tuberculosis, state health officials say.

The Minnesota Department of Health is seeking passengers who traveled on Northwest Airlines Flight 45 on Dec. 22 for testing. One passenger flew on to Rochester, Minn., where he was diagnosed by the Mayo Clinic as having a drug-resistant strain of TB. The clinic then notified the health department. There were 319 passengers and 20 crew members on board, 96 of them American citizens. All of the crew and about half of the passengers, including all the U.S. citizens, have been contacted, said Northwest spokesman Jon Austin.

(THE WISDOM OF COSMIC AWARENESS):

CONCERNING THE "ULTIMATE EXPERIENCE"

This Awareness wishes entities to understand that *It* loves all of *Its* creation and all entities within *Its* creation and all of the Immortal realms as well as the Mortal realms.

It loves those who followed Lucifer and those who remained behind to await for Lucifer's return.

Lucifer was the Prodigal Son, and the purpose of the separation was to allow entities to discover their own individuality as well as to discover the workings of the creative forces for themselves; that there were those who loved to be obedient and to follow; there were those who loved to rebel and to strike out on their own.

All have had the opportunity for complete expression, and in that expression, have been given many lessons and many experiences from which to learn.

There has been much tragedy, sorrow and suffering, and that it now is time whereby entities begin to discover for themselves, without having to rely on authorities, without having to be obedient to authority, without needing to bow and worship a Divine King outside of themselves:

It is time that entities know the Truth, that they are all ONE, and that love and mercy, kindness and sensitivity of one to another brings about the greatest type of joy in being; and that the joy in being is the ultimate experience.

This Awareness indicates that this lesson cannot be taught, but that entities now are capable of discovering this for themselves.
