**Dear reader,**

this book is a short introduction into the art of laying the cards. This art is very much depending on the personal intuition of the person practicing it. Every person has to find their own system of laying cards. This book can only offer a guideline. Therefore neither the author nor the publishers are to be held responsible for any misinterpretation made by using this book.

## *Madame Lenormand*

Marie Anne Lenormand was born in Alencon, France on May 27<sup>th</sup>, 1772. She died on June 25<sup>th</sup> 1843 at the age of 71.

Not only did Madame Lenormand have clairvoyant powers, she also taught astrology and cabbalistics. Her name was well known all over Europe.

The majority of her clients consisted of members of the French nobility, including Napoleon who appreciated her for her soundness, his wife Josephine and several other well-known politicians of that time.

Madame Lenormand amassed a considerable fortune and left a stately home and a beautiful palace in Paris.

## *Understanding and interpreting the cards*

There is one thing I will keep repeating over and over again.

***Do not panic!***

There is no need to put yourself under any stress or pressure at all!

Keep calm so you can walk down this long and winding road step by step.

At the end of this course you will be astonished at how quickly and effortlessly you will have achieved the basic knowledge needed for your new skill.

I have tried to keep my instructions as precise and easy to follow as possible.

There might of course come a time when you seem to see less and sometimes even nothing at all in your cards.

***In the beginning this is normal.  
This happens from time to time.***

Just keep on trying and remember:

***Never ever give up!***

## Our 4 most important steps are

### 1) The meaning

Look up the meaning of each individual card in the list and let it sink into your mind for a little while before going on.

Never rush this point or misinterpretations are bound to be made.

### 2) Learning to „see“!

We will do things step by step. Easy does it!

There is no reason to rush things – you will see at the end of this basic course how easily you have the basis

### 3) Use your intuition

This may seem a little difficult but it is in fact a skill we have all been give by nature.

In our modern and busy world we are used to overemphasizing the importance of the ratio, but if you trust your inner voice, it will guide you well.

### 4) Interpreting

Try to find a place for yourself and your cards where you can have a little peace and quiet. Somewhere you will not be disturbed.

It is helpful to establish a little routine of about 15 minutes' practice every day. This will help you to get to know your cards and create a strong bond between you and your intuition.

***But first of all and most importantly;  
Have fun with your cards !***

The first step to interpreting the cards is your inner attitude.

Relax, sit back in a comfortable chair and take a few deep breaths before you start.

You can meditate for a while if you like.

I have tried to keep reading and interpreting the cards as easy as possible.

So try not to put yourself under any pressure at all. Allow passage to all thoughts that may come into your mind, this will not distract you but let your inner knowledge flow and help you become aware of the right meaning of your cards.

The pictures and associations will come to you as soon as you have opened your mind up and within these your subconscious has hidden the message you are now learning to understand.

*The only language your sub conscience  
knows is the one of pictures and symbols*

*La "Carte du Jour"*  
*Your card of the day*

This course will introduce you to the basic rules of fortune telling.

But please keep in mind that your inner attitude and emotions are as important for this task as the rules.

You will, however, realise that, as you move on with this course, your intuition will strengthen and finding the right interpretation will become easier from time to time.

This is best done with the card of the day. In the morning when you have not yet been exposed to the troubles of the day practise this little exercise.

Sit down somewhere nice and cosy where you feel comfortable and will be undisturbed. Then pick a card from your set and look at it for a few minutes, focusing on each single detail at a time.

*How do you feel about picking this card?*  
*Do you like it?*  
*What could it be trying to tell you?*

Try to be honest to yourself and think about the day that lies ahead of you.

*How do you feel about this?*

In the evening when everything is calm again  
and you are ready to go to bed, pick up the  
card again and look at it once more.  
Reconsider your feelings of the early morning.  
Have they come true?  
Has the day turned out to be totally different?  
What is the same card telling you now?

It is useful to write these ideas down  
So that you can always pick them up and read  
them again. Make this your

### *Topic of the day*

*For your notes:*

Card of .....<sup>th</sup> ..... 200..... no.....

How I feel about it in the morning?

.....

How I feel about it in the evening?

.....

What has come true?

.....

## *Shuffling and laying the cards*

Shuffle the cards until it feels right for you, then lay them on the table (or whatever kind of surface you may use), picture side down.

Spread them out in whichever shape you like, using both hands.

If you are a beginner, it is useful not to use more than two cards at once, all other ways will only lead to confusion and slow down your learning process.

Now pick a card with your left hand. Look up the meaning of the card in your list and read it out loud.

Do not worry if you cannot remember the meanings by heart, this will take a while.

***Always pay particular attention to the  
Personality Cards (PC)!***

***Example:***

You have picked card **no 25 Ring**  
-marriage or relationship.

Figure out what exactly you want to know about it.

Your subconscious already knows the answer!

Your question could be

***What is this card telling me?***

Now pick another card.

In our example this is  
**no 2 Clover leaf** - small happiness.

Let us now combine these two cards

<b>no 25 Ring</b>	+	<b>no 2 Clover leaf</b>
Marriage		small happiness
relationship		

- *Your relationship (married or not) is making you happy.*

***A new exercise:***

Put the cards back to the talon, shuffle and spread them out again.

Pick two new cards with your left hand.

Imagine your cards are **no 22 Paths** and **no 9 Flower**.

This leaves us with two meanings:

New or separate ways/paths as well as great happiness.

<b>no 22 Paths</b>	+	<b>no 9 Flower</b>
New ways		great happiness

*- It is a good idea to try out new things as they will bring great happiness for you.*

***Another exercise:***

Put the cards back and pick 2 new cards as before.

In this example our chosen cards are **no 22 Paths** - see above - and **no 23 Rat** - Loss or fear.

*- You should think carefully about your new ways or ideas, as they worry you a lot or will leave you in trouble.*

***One more example:***

Put the cards back and pick anew.

Our chosen cards are **no 19 Tower**  
- school, education, work -  
and **no 12 Birds** - small trouble.

<b>no 19 Tower</b>	+	<b>no 12 Birds</b>
work		small trouble

*- There may be a little trouble at work.*

Our first step to interpreting uses only two cards.  
It is therefore not yet possible for us to ask

**“Why.....?”**

This involves a much more complex display of  
the cards and will therefore be explained in  
part II of our course.

## *Combining two cards*

### *A few exercises for you:*

Use your intuition paired with what you have already learned about the cards and interpret for yourself.

Please write it down in your own words before you look up my interpretation at the end of this chapter. It is important to find your own way of expressing what you see.

My interpretations are only suggested solutions and by no means dogmatic. There is no “one” correct answer and there is no wrong answer either.

Fortune telling is an oracle and only you can interpret what the cards are telling you. Just make sure the basic sense of both our interpretations is the same.

## *Part Two Contents:*

- 1) Combining more than two cards
- 2) Practice with negative cards  
Rod, Birds, Coffin and Rat
- 3) A look around the Personality Card  
The present situation
- 4) Shuffling and laying the Grand Tableau
- 5) Exercises and suggested solutions

Thank you for choosing part two of my self-study course!

In part one you were introduced to the meaning of the individual cards. But you will usually have to interpret a whole tableau and we should therefore take a deeper look at the so-called **combinations**, i.e. you will display and interpret the cards **as a whole**.

Part two will show you how to combine two or more cards and interpret them together.

Before you start your interpretation I would advise you to take another good look at the

*meanings of the cards.*

You could put the sheet on the table next to you for help.

## *Combining more than two cards*

As you will still know from book one, the most important thing about these exercises on combining and interpreting cards is the fact that the basic meaning should be correct. Apart from this you should always use your own words and let your intuition guide you.

So let us take a fresh start at these relatively easy combinations. And don't worry if they seem tricky at first. I will be there to help you with my suggested solutions later.

### *Suggested Solutions*

Please note that these are my own interpretations and that these are mere suggestions and by no means binding.

**no 5 Tree** + **no 17 Stork**

- *There will definitely be a change.*

or \*

- *You will definitely want to make a change.*

**no 17 Stork** + **no 5 Tree**

- *A change will be definite.*

Which of the two definitions is best suitable for the situation can be seen in the Grand Tableau and depends both on the situation and on your intuition.

**no 25 Ring** + **no 12 Birds**  
Relationship small sadness

- *Your relationship will bring a little sadness for you.*

**no 28 Man** + **no 21 Mountain**

**no 19 Tower** + **no 6 Clouds**  
work unclarity

- *Some things at work are unclear.*

**no 11 Rod** + **no 10 Scythe**  
trouble sudden end

- *Your troubles will end.*

**no 10 Scythe** + **no 11 Rod**  
sudden start trouble

- *Trouble will start out of a sudden.*

Let us now take the next step!

*Exercises:*

Display the cards on the table, picture side down.  
Now pick a card. In our example this card is  
**no 4 House**

Next you can ask your question. This could be:

*What is the matter with my home?*

In order to answer this question we will pick another card.

Let us pretend the card was **no 1 Rider**

Which leaves us with the following constellation:

<b>no 4 House</b>	+	<b>no 1 Rider</b>
home, domestic area		conversation

Let us now combine these cards to the following interpretation:

*- There will be some kind of conversation at home.*

Would you like to know how this conversation will end?

Concentrate on the matter and form a question in your mind:

***How will this conversation end?***

Then pick another card.

This time our card is **no 31 Sun**.

Lay the cards on the table in the order in which you have picked them:

<b>no 4 House</b>	+	<b>no 1 Rider</b>	+	<b>no 31 Sun</b>
home, dom. area		conversation		success

*- The Conversation at home will end successfully.*

***Another example:***

As before, concentrate and pick two cards, one at a time:

<b>no 3 Ship</b>	+	<b>no 11 Rod</b>
journey		trouble

Now combine these two cards to one sentence:

.....

.....

You would like to know what this trouble will lead to, so you pick another card.

In our case this card is **no 2 Clover**.

**no 3 Ship** + **no 11 Rod** + **no 2 Clover**  
journey            trouble            small

Now combine these cards to one meaningful Sentence:

.....  
.....

Stay calm and relaxed and concentrate on the picking of the cards.

Stick to the order of picking when you start combining and interpreting, and you will see how easy the whole process actually is. In fact, if you follow your intuition, it is hard to go wrong here.

***One more example:***

The two cards you have picked and laid out in front of you are:

**no 29 Woman** + **no 17 Stork**  
Personality Card      change

Now combine the cards and write down your interpretation:

.....  
.....

You would like to know:

***What kind of change ?***

The card you pick in order to get the answer happens to be **no 2 Clover**.

**no 29 Woman** + **no 17 Stork** + **no 2 Clover**  
Personality card    change                      small happiness

Your combination and interpretation:

.....  
.....

*Example four:*

Your cards are.:

<b>no 4 House</b>	+	<b>no 12 Birds</b>

*A new example:*

This time we will pick three cards at a time and place them in front of us in the order of picking.

**no 29 Woman** + **no 22 Paths** + **no 28 Man**  
 PC \*                    new or                    PC \*  
    separate ways

\* *Personality Card*

Your interpretation could sound like this:

*There is a distance between the two partners.*  
 (which may have to do with their workplaces)

or

*The partners are no longer together.*

or

*The partners are taking separate ways.*

*Please keep the following in mind:*

If **no 22 Paths** appears

- 1) **At the beginning** of each of the eight lines of your tableau this card means that you are

*taking new paths.*

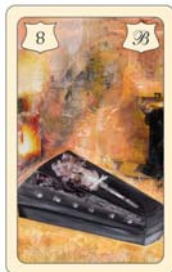

- 2) **At the end** of each of the eight lines of a tableau:

*You are separating from...  
or have just left... (following card.)*

The reason for this drastic step can be found in the preceding cards .

- 3) **In the middle of a line of cards:**  
**On the right** side of a Personality Card (PC): *This person should or is about to make a decision or look for a solution.*

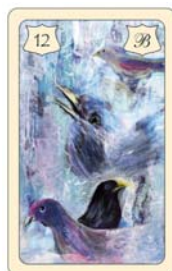

## Negative Cards

**no 8 Rat**  
sickness

**no 11 Rod**  
trouble,  
quarrel,  
sadness

**no 12 Birds**  
small,  
passing  
troubles

**no 23 Rat**  
loss,  
fear,  
illness

*Let us now practise with the negative cards*

Starting with card **no 12 Birds**:

**no 12 Birds**  
small,  
passing  
troubles

**no 29 Woman + no 12 Birds**

*This woman is troubled.*

**no 29 Woman + no 12 Birds + no 2 Clover**

*This woman's troubles will pass.*  
(**no 2 Clover** being a positive card)

**no 29 Woman + no 12 Birds + no 2 Clover + no 11 Rod**

*This woman's small troubles will pass but there is more to come!*

Now combine and interpret the following constellations no matter the direction.

**no 28 Man + no 12 Birds + no 30 Sun**

.....  
.....

**no 28 Man + no 12 Birds + no 29 Woman**

.....  
.....

**no 28 Man + no 12 Birds + no 21 Mountain + no 4 House**

.....  
.....

*Suggested Solutions*

**no 28 Man + no 12 Birds + no 30 Sun**

- *This man's troubles will pass.*  
(**no 30 Sun** being a positive card)

**no 28 Man + no 12 Birds + no 29 Woman**

- *This man is having trouble with his wife.*

**no 28 Man + no 12 Birds + no 21 Mountain + no 4 House**

- *This man is having big trouble in his domestic area.*  
(**no 21 Mountain** can also mean great or big)

We will now practise with **no 11 Rod**

*no 7 Snake + no 11 Rod + no 19 Tower*

- *This woman is having trouble at work.*  
(**no 7 Snake** being a Personality Card)

*no 7 Snake + no 11 Rod + no 19 Tower + no 17 Stork*

- This woman is having trouble at work which will  
be followed by a change.-

*(The following card will show you what the change  
will be like)*

*Now interpret the following combinations on your own*

**no 7 Snake + no 11 Rod + no 24 Ring + no 22 Paths**

.....  
.....

**no 5 Tree + no 18 Dog + no 11 Rod**

.....  
.....

***no 28 Man + no 15 Bear + no 11 Rod + no 3 Journey***

.....  
.....

*Suggested Solutions*

**no 7 Snake + no 11 Rod + no 24 Ring + no 22 Paths**

*- This woman's marriage is in danger.  
She is looking for a solution.*

**no 5 Tree + no 18 Dog + no 11 Rod**

*- This young man will definitely be in trouble  
sooner or later.*

**no 28 Man + no 15 Bear + no 11 Rod + no 3 Journey**

Let us now practise with the cards  
**no 8 Coffin** and **no 23 Rat**

**no 29 Woman + no 8 Coffin + no 23 Rat**

*- This woman has problems with indigestion.*

**no 13 Child + no 16 Stars + no 23 Rat**

*- This young lady is suffering very hard.*

As you can see **no 8 Coffin** is a sickness card.

**No 23 Rat** deals with illnesses and negative situations of all kinds.

Don't worry, I will keep repeating certain combinations for you!

## *The Present Situation*

Let us now practise the present situation:

This technique will provide a insight into the Questioner's current situation and their problems and troubles.

Please put picture 1 next to you so you can follow the individual steps of this example.

*Example:*

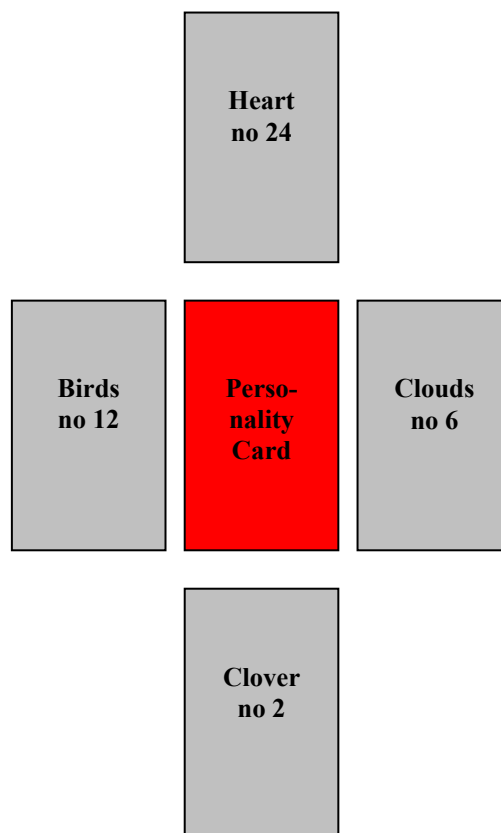

Please display the cards as shown in picture 1.

**Personality Card (PC), no 28 or 29** in the middle

- 1) **on top of the PC : no 24 Heart** - love
- 2) **left of the PC : no 12 Birds** -worries
- 3) **right of the PC: no 6 Clouds** - unclear
- 4) **below the PC: no 2 Clover** - small happiness

## Present Situation 1

pic 1

Let us now take a look at the constellation  
and start our interpretation!

- 1) *The person is thinking of love.* (no 24)
- 2) *There have just been some worries.* (no 12)
- 3) *Some things are still unclear.* (no 6)
- 4) *Everything will be alright again.* (no 2)

***Another example:***

Please take a look at picture 2 or put it next to you on your table so you can follow the individual steps one by one!

**Personality Card (PC), no 28 or no 29, in the middle**

- 1) **on top of the PC: no 25 Ring** - marriage
- 2) **left of the PC: no 9 Flowers** - great happiness
- 3) **right of the PC: no 22 Paths** - decision
- 4) **below the PC: no 10 Scythe** - sudden end

***Now please interpret the situation:***

.....

.....

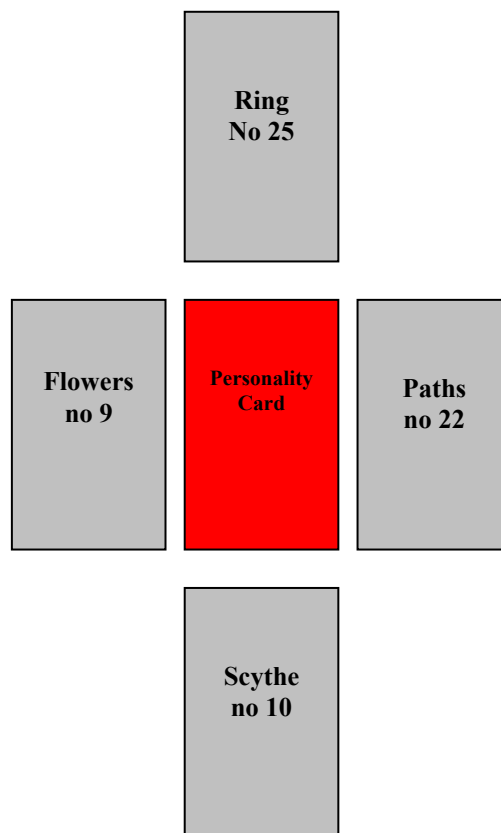

.....

.....

## Present Situation 2

pic 2

*Suggested solution*

- 1) *The person is thinking of his/her marriage.*
- 2) *He/She was happy until just recently.*
- 3) *He/She is currently looking for a solution.*
- 4) *He/She is looking for a solution to prevent a divorce.*  
(PC + no 22) (no25 + no10)

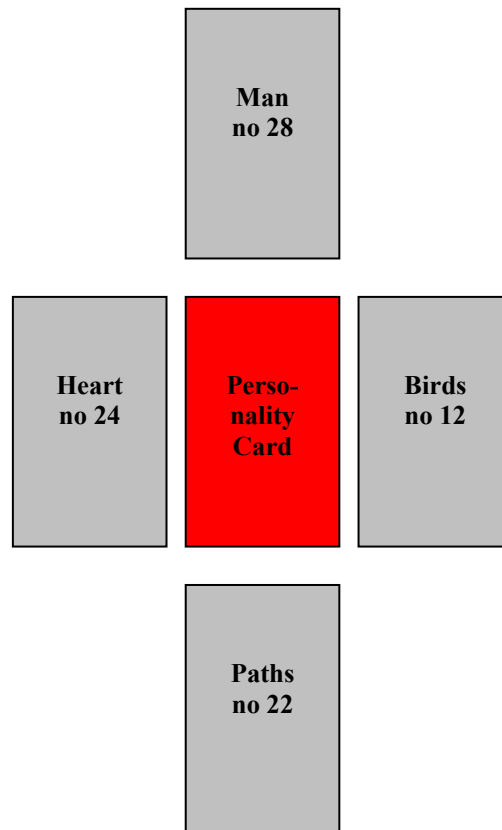

As you can see, laying the cards is not that difficult after all.

Just do not forget that practice makes perfect!

*Listen to your inner voice!*

*Another exercise* concerning the present situation:

pic 3

- 1) **On Top of the Personality Card: no 28 Man.**
- 2) **Left of the PC: no 24 Heart**
- 3) **Right of the PC: no 12 Birds**
- 4) **Below the PC: no 22 Paths**

Now combine this constellation and  
interpret the situation in your own words:

.....

.....

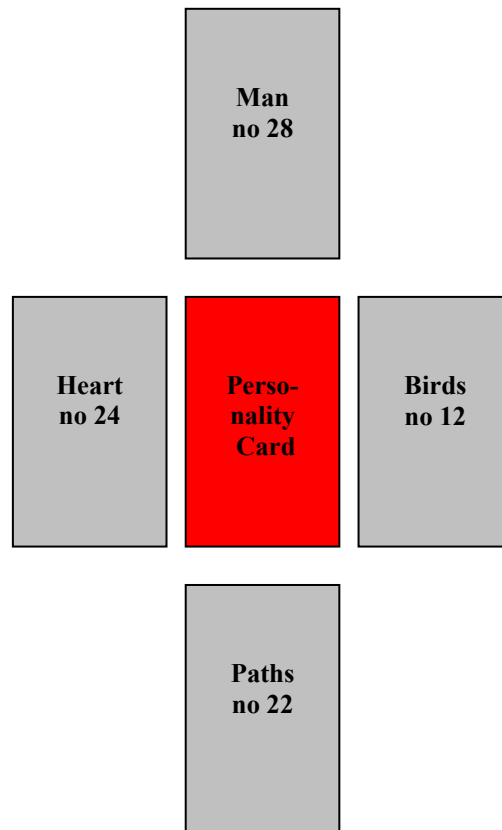

.....

.....

.....

.....

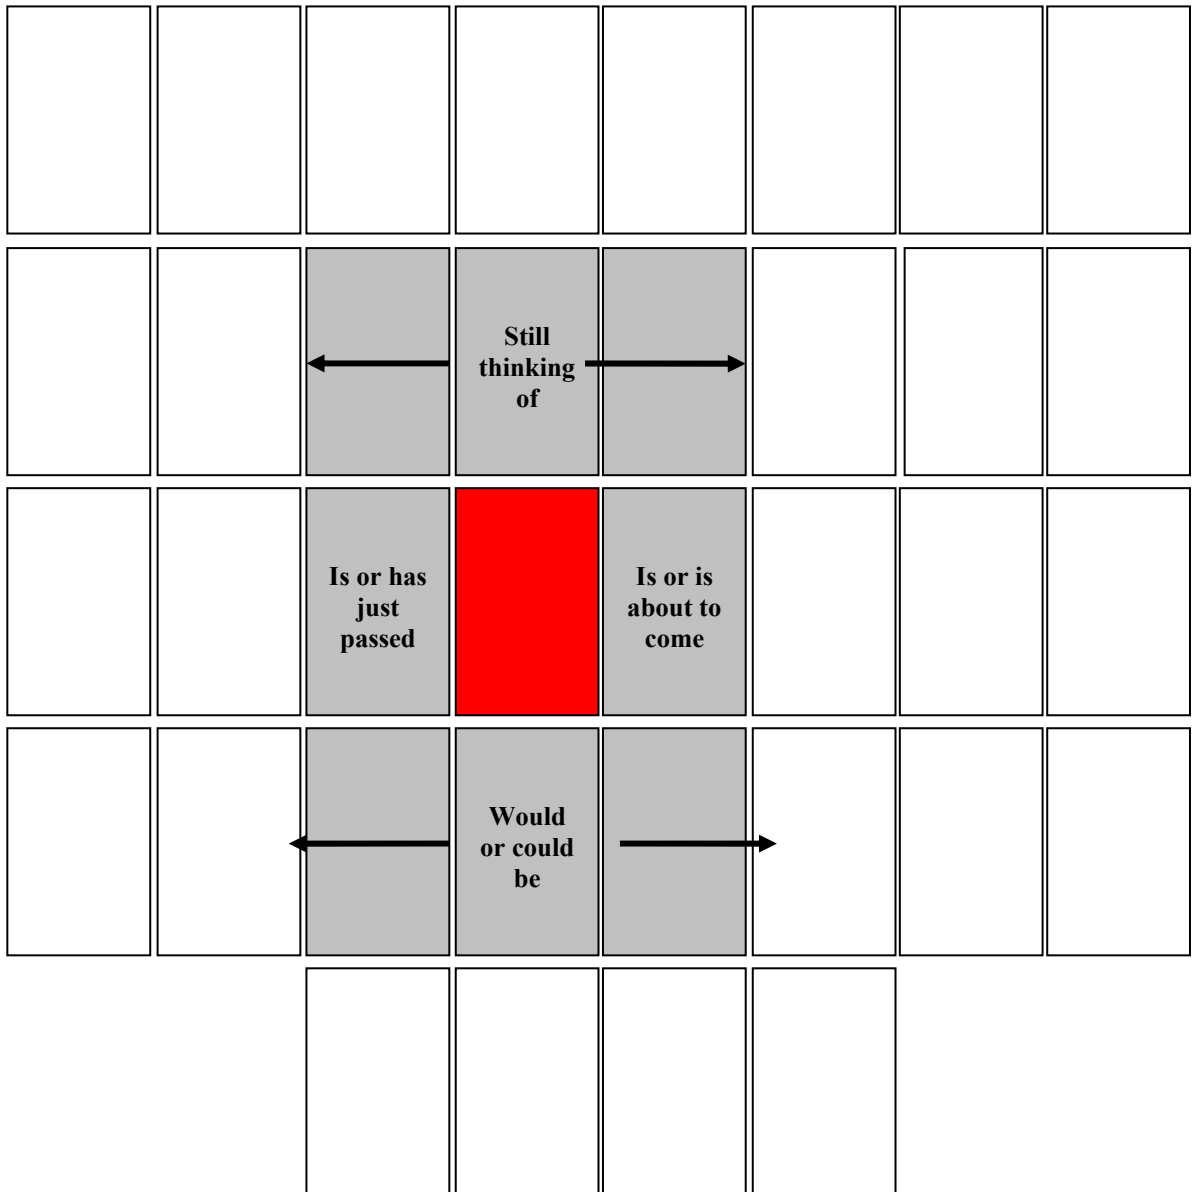

### *Suggested Solution*

- 1) *The person is **thinking** of the **man she loves**.*
- 2) *She has loved him **for a while** and is **still** in love with him.*
- 3) *But something is **troubling** her **at the moment**.*
- 4) *She fears that he might want to **leave** her.*

*Present State or Situation*

pic 4

***My personal suggestion:***

If you do not want to leave your partner  
you should look for a solution.

You can find this solution by looking at the  
cards on either side of **no 22 Paths**.

This card could show you the way to go.

*Please note that the cards only show you  
possibilities. Whichever way you choose  
is entirely up to you.*

***Take your fate into  
your own hands!***

**I can tell you from personal experience:**

Whenever I have a **problem** I look at the  
cards in order to find **help** or a **possible  
solution**.

You may have experienced this yourself;  
there are situations in which you are so  
**troubled or sad** that you seem to be  
absolutely unable to make a **decision** or  
find a **solution**.

***How does the old saying go?***

***You sometimes can't see  
the wood for the trees!***

## *Shuffling and Laying the Grand Tableau*

Shuffle the cards at least seven times while thinking about the question you would like to ask.

Try to keep the question as precise as possible. Subconsciously you already know the answer!

***For example:***

*What is my present situation?  
What could my future be like?  
What was the matter with me?*

Do not ask too many questions at a time!

Now display the cards as shown in picture 4 on page 40, picture side up!

***4 lines of 8 and  
1 line of the remaining 4 cards***

We are now looking at the Grand Tableau.

First of all you should look for the Personality Card resembling you or the questioner.

Now practise the present situation according to the rules you have learned in this book!

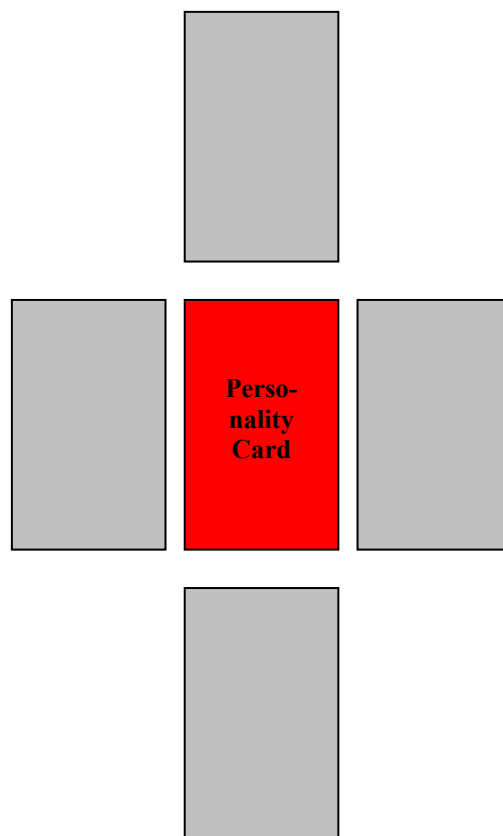

***Break a leg!***

I hope you have enjoyed this course book as much as the first one!

*Yours sincerely,  
Britta*

## *From me to you*

Take your time.

Choose a calm environment and take one step at a time. This will help you understand the real meanings of your cards.

As for combining and the so-called "combinations" of three or more cards: make sure you practise every day, even if it is just for a couple of minutes.

Let your intuition flow. Be open minded.

If your cards tell you something, which does not seem to make sense at the time of laying them, write it down.

Keep checking with your list to make sure you have got the meaning right.

You will certainly start by laying the Grand Tableau for yourself only as there is nobody you know better than yourself.

This will make the whole process much easier for you and help you understand your own problems better.

Please note that it is never easy to be honest to yourself in a situation like that. Just keep trying.

Do not let yourself be put off by misinterpretations, they will appear less frequently as you become more advanced.

I have added a blank tableau for you to practise with. You could fill in the cards you have laid yourself and keep rechecking over a period of time.

Have fun learning and practising!

*Yours sincerely,*  
*Britta*

## *An entire line of cards*

### *Exercises*

As you will certainly remember from the first two volumes of this handbook, combine the individual cards and interpret the situation in your very own words.

Never mind if you are not the world's greatest novelist, one or two sentences will usually do the trick. Just remember that the basic meaning of both your and my interpretation should correspond.

### *Suggested solutions*

Please note that the following solutions are mere **suggestions**.

As long as the basic ideas keep corresponding you should make sure the **ideas** you write down are **your own**.

**no 22 Paths**                    +        **no 23 Rat**  
new paths                                        fear  
decisions

- *Cerrtain decisions or new paths in life fill you

**no 23 Rat** + **no 14 Fox\*** + **no 8 Coffin**  
 fear creeping sickness

- *Caution: The illness may be chronic.*

You could imagine a fox creeping and sneaking up to you!

\* *In this case the **Fox** cannot mean "clever" or any other neutral or even positive thing, as both **Rat** and **Coffin** are very negative cards.*

**no 11 Rod** + **no 25 Ring** + **no 34 Fish**  
 dispute, quarrel relationship finance, money

- *There will be some sort of quarrel in your*
- *relationship which are due to financial problems.*

*Past*

•- *This woman was unhappily in love.*

**no 10 Scythe** + **no 19 Tower** + **no 25 Ring**

- - *You will suddenly get a work contract.*
- **Tower + Ring: See Combinations !**

**no 11 Rod** + **no 18 Dog** + **no 19 Tower**  
 dispute young man work  
 colleague

*- There will be a dispute with a male colleague.*

I hope you have enjoyed practising with your cards so far.

***My tip:***

I am sure there have been certain occasions on which your cards seemed to make not much sense at all.

This is perfectly normal.

I would advise you

*to look at each card carefully and allow it to speak to you. Use your intuition and do not try to force anything.*

The card may not be telling you anything at the moment, but there could be a billion reasons for this.

Never mind, you may be distracted or confused, but let us take a look at a couple of examples first:

***Example 1:***

A question regarding your love life.  
This could be:

*Does my partner really love me?*

Next you pick a card. This card is **no 4 House**.

So the answer could be **"Yes, he loves me!"**

as the house symbolizes the home, it is "safe and sound".

**no 4 House** is therefore a positive card.

*Another example regarding the same question:*

***Does my partner really love me?***

This time the card happens to be  
**no 17 Stork**, change.

This will arouse a number of questions at once:

- Does he not love me any more?*
- Why has his love changed?*
- Has it changed for the better  
or for the worse?*

**Please keep in mind:**

**no 17, Stork**      change  
   makes us wonder

- Has anything changed?*
- And if yes; what is it?*
- Does he want a change?*
- Does he want me to change?*

Please remember:

**no 17, Stork**,      change  
   wants us to realize something.

You can pick another card if you like.

*For example:*

**no 9, Flowers**      Great happiness,  
harmony

*Now this may be a positive change.*

Your love could have become much happier.

Let us assume you did not pick

no 9, Flowers      Great happiness,  
harmony

but

no 22, Paths      separation,  
decision

This on the other hand should give us  
something to worry about.

As you can see, the card gives you a preview of  
what might come.

**But in any case your cards can give you:**

An inspiration to re-examine your present situation and maybe an impulse to take action.

For example to make a change, advice on how to prevent a split, or find ways to stay together.

But you are still the one who has to do something – YOU have to take the action.

So...

***- Get in gear and take your life into your own two hands!***

**There is nothing to be afraid of  
but fear in itself!**

## *Fear what experience proves*

A couple of years ago fear seemed to rule my entire life.

Fear resulting from personal problems just took over and at certain points there appeared to be no way out.

This was when I first came to contact with laying the cards and this new skill of mine has made me more sensitive and taught me **to listen to my inner voice again.**

But please don't forget that the cards show you mere possibilities and are by no means dogmatic.

So whichever way you decide, you are free to change your mind and even make a complete u-turn should you feel the need to do so.

Just one more personal request:

Do not consult the cards with every tiny everyday problem.

**Do not make yourself a slave  
to your cards.**

*Listen to your inner voice!*

## *Shuffling and Laying the Grand Tableau*

You will remember this from part two of our course but this time we will ask our questions in a different way.

Shuffle the cards at least seven times (or until it feels right for you) and form the questions in your mind. Try to be as precise as possible.

Your subconscious already knows the answers to all these questions.

### **Example questions:**

*What is my work like at the moment?  
What will the future bring regarding my work?  
What is the matter with my marriage?  
What does the future hold for my marriage?  
Will I fall in love again?  
e.t.c.*

Please don't be too demanding and don't ask too many questions at a time.

Let us now lay the Grand Tableau:

***8 lines of 8 cards each and  
1 line with our remaining four cards.***

***Important:***

A **Personality Card (no 28 or no 29)** at the very beginning of your Tableau shows that this person is looking forward, into the future.

On the other hand, should this **Personality Card** appear at the end of your Tableau, the person would be living in or thinking of the past (see picture 2).

**The very first card** of your tableau gives you an idea of the topic that matters most at the moment - house, marriage, journey, etc. (see picture 3)

**Please pay particular attention to these two cards:**

**no 29 Woman** - This may be you (if you are female), the woman asking the cards, or the partner of **no 28 Man**, depending on who the cards are being laid for.

**no 28 Man** - This could be you (if you are male), the man asking the cards or the partner of **no 29 Woman**.

Now that we have the full Grand Tableau in front of us, we can start our interpretation.

## The Grand Tableau

pic1

The questioner is looking ahead (future)							

### The Grand Tableau

pic 3

The first card is important as it shows you the topic							

## *Horizontal Line of Interpretation*

Let us now have a look at the horizontal line of interpretation in our Grand Tableau.

In the case that you would like to know something about **your marriage** and should therefore look for card **no 25 Ring** in the cards we have just displayed.

If you would like to know the **future** regarding **your marriage**, you should follow the line to the right.

In our example the cards on the right hand side of **no 25 Ring** are:

- |                     |                     |
|---------------------|---------------------|
| <b>no 2 Clover</b>  | - small happiness   |
| <b>no 10 Scythe</b> | - sudden . . . .    |
| <b>no 12 Birds</b>  | - sadness           |
| <b>no 9 Flowers</b> | - great happiness - |

(See picture 4)

We have already learned how to combine these constellations.

So please interpret the future of this example marriage with the following cards:

**Clover; Scythe; Birds and Flowers:**

## Practice Sheet

pic 4

no 4 <u>House</u>	no 11 <u>Rod</u> ←	no 3 <u>Ship</u> ←	no 25 Ring	no 2 <u>Clover</u> →	no 10 <u>Scythe</u> →	no 12 <u>Bird</u> →	no 9 <u>Flowers</u>

***Suggested interpretation***

*This marriage will be happy.  
But there is some sudden trouble ahead  
which (luckily) will go by rather quickly.  
So great happiness can come back.*

Would you like to know more about the origins of this **trouble**?

Then simply follow the horizontal line of interpretation into the past. This means following it to the left starting from **no 25 Ring**.

So let us now take a look at the **horizontal line** of interpretation, following it to the **left into the past**.

In our **example** the cards on the left of the ring are the following:

<b>no 3 Ship</b>	journey
<b>no 11 Rod</b>	dispute, trouble
<b>no 4 House</b>	domestic area, home

Let us now combine the cards to the following interpretation:

*Both partners were away from home.  
But before these journeys took place there was  
trouble at home.*

***Exercise:*****Now please try for yourself.**

Look at these lines of cards and see if you can interpret the situation in a meaningful sentence:

<b>no 19</b> <b>Tower</b> →	<b>no 12</b> <b>Bird</b> →	<b>no 15</b> <b>Bear</b> →	<b>no 11</b> <b>Rod</b> →
-----------------------------------	----------------------------------	----------------------------------	---------------------------------

.....

.....

<b>no 29</b> <b>Woman</b> →	<b>no 24</b> <b>Heart</b> →	<b>no 23</b> <b>Rat</b> →	<b>no 16</b> <b>Star</b> →	<b>no 8</b> <b>Coffin</b> →
-----------------------------------	-----------------------------------	---------------------------------	----------------------------------	-----------------------------------

.....

.....

*Suggested solution*

no 19 Tower →	no 12 Birds →	no 15 Bear →	no 11 Rod →
---------------------	---------------------	--------------------	-------------------

*There is trouble at work because of a querulous colleague.*

no 29 Woman →	no 24 Heart →	no 23 Rat →	no 16 Stars →	no 8 Coffin →
---------------------	---------------------	-------------------	---------------------	---------------------

*This woman has lost her love and is very sad about this.  
(I would also advise her to keep an eye on her health!)*

***Exercises:***

Now see what you can tell me about the following lines of cards!

<b>no 28</b> <b>Man</b> →	<b>no 13</b> <b>Child</b> →	<b>no 24</b> <b>Heart</b> →	<b>no 33</b> <b>Key</b> →
---------------------------------	-----------------------------------	-----------------------------------	---------------------------------

.....  
.....

<b>no 28</b> <b>Man</b> →	<b>no 13</b> <b>Child</b> →	<b>no 24</b> <b>Heart</b> →	<b>no 33</b> <b>Key</b> →	<b>no 22</b> <b>Paths</b> →
---------------------------------	-----------------------------------	-----------------------------------	---------------------------------	-----------------------------------

.....  
.....

*Suggested solutions*

no 28 Man →	no 13 Child →	no 24 Heart →	no 33 Key →
-------------------	---------------------	---------------------	-------------------

*This man has a mistress.*  
(Mistress: **no 33 Key** directly next to **no 24 Heart** )

no 28 Man	no 13 Child	no 24 Heart	no 33 Key	no 22 Paths
--------------	----------------	----------------	--------------	----------------

*This man has a mistress. If he does not watch out,  
he will lose his wife.*  
(Separation/divorce: **no 22 Paths** at the end of the line.)

### Let us now take the whole thing one step further:

We will interpret a complete horizontal line of eight cards from the beginning to the end

no 24 Heart	no 6 Clouds	no 12 Birds	no 28 Man	no 32 Moon	no 21 Moun- tain	no 3 Ship	no 31 Sun
----------------	----------------	----------------	--------------	---------------	------------------------	--------------	--------------

*The first card tells us that this is all about love.  
Unfortunately there is a number of unclarities and  
trouble with the partner.  
The partner's feelings are blocked.  
A short trip would have a very positive effect on  
the relationship.*

### Please keep in mind:

This **relationship** is happy and fulfilling as the last card in this line is the **sun**.

The eighth card (**no 31 Sun**) shows us that **love** will outweigh all the problems that may be.  
So **sadness** and **blockades** will go by and will certainly strengthen this relationship.

In the case of a negative card, e.g. **no 23 Rat**, at the end of your line, you should be very careful and protect your partnership better.

Please take a look at picture two and interpret the *future* of **no 28 Man**.

.....

.....

.....

Now interpret the *past* of **no 28 Man**.

.....

.....

.....

Now combine these pieces of information and interpret the situation as a whole.

.....

## *Vertical Line of Interpretation*

Please take a look at picture 6.

As you already know, **no 5 Tree** means  
certainly or for sure.

You could therefore say ... will  
certainly be ... in the future.

So let us now have another go and interpret the next  
constellation of cards!

.....

.....

Now try and interpret the following situation!

<b>no 5</b>  <b>Tree</b>							
↓ <b>no 4</b>  <b>House</b>							
↓ <b>no 17</b>  <b>Stork</b>							
↓ <b>no 2</b>  <b>Clover leaf</b>							

Please take a look at picture 7.

The line still starts with **no 5 Tree** but the meaning has been changed considerably by the end of the line, **no 11 Rod**.

So let us now have another go and interpret the next constellation of cards!

.....

.....

Now try and interpret the following situation!

↓ <b>no 17</b> <b>Stork</b>							
↓ <b>no 11</b> <b>Rod</b>							

Please take a look at picture 8.

You will certainly remember that **no 26 Book**, means that something is in progress but not yet definite.

You could put it like this:

- It is not yet definite, but ... .
- I cannot say for sure when or how, but there will be ... .

Please interpret the following combinations!

Would you like to have another go?

Here you are!

Please interpret the following combinations!

Take a look at picture 9.

As you know, **no 36 Cross**, can also mean the future.

You could say it like this:

-There will be ... in the future.

### *Suggested solution*

#### **Picture 6**

*There will definitely be a change in your domestic area.*

*You could be moving house for example.*

*This change will be for the better.*

#### **Picture 7**

*There will definitely be a change in your domestic area.*

*You could be moving house for example.*

*This change will bring a lot of trouble and quarrelling.*

### **Picture 8**

This future holds a relationship with a man full of love, emotion and tenderness.

Wonderful, isn't it?

### **Picture 9**

*In this future there will be a change full of sadness and trouble.*

*But this will be a change for the better.*

## *Special cards*

Let me now introduce four cards with **special features** to you:

### *no 6 Clouds*

You will of course know by now that this card resembles **unclarity** or even **obscurity**.

**The Clouds at the end of a line of Interpretation** mean that:

- *It will pass.*

### *Example:*

*no 12 Birds*

**no 6 Clouds**

- *The sadness will go by.*

**no 26 Book**            *Knowledge,  
learning,  
"book-smart",  
secrets.*

•

- *If this card precedes another card it means that*
- *something is not yet definite, cannot be clearly*
- *defined yet.*

•

**Example:**

**no 26 Book**

**no 12 Birds**

*- There is trouble ahead,  
but still unseen.*

**no 33 Key**

*Power,  
work and activities*

**no 33 Key** in combination with  
**no 24 Heart** or **no 30 Lilly**  
means:

- *- Taking action.*

**For example:**

**no 24 Heart**

**no 30 Lilly**

**no 33 Key**    *- The action of love and lovemaking.*

**no 10 Scythe**      sudden end,  
                              sudden start of something new

can also be interpreted in different ways!.

*no 10 Scythe*

- 1) **At the beginning** of each of the eight lines  
of your tableau this card means:

*.....will come or start suddenly.*

(What is there to come? See the following card!)

- 2) **At the end of one of these eight lines,**  
**it means that something will end very suddenly.**  
(And what is that? See the preceding cards!)

- 3) **In the middle of a line ...**  
**... on the right side** of a Personality Card it means:

*This person should try harder to have his/  
her way*

or

*This person is rather aggressive*

Let us now practise a little with this card

**no 10 Scythe:**

We assume the card appears at the beginning  
of this line:

<b>no 10 Scythe</b>	+	<b>no 3 Ship</b>	+	<b>no 31 Sun</b>
suddenly		journey		summer, heat

- *There will be a sudden/spontaneous journey south.*

This time it appears **at the end** of the line:

... + ...	+	<b>no 3 Ship</b>	+	<b>no 10 Scythe</b>
		journey		sudden

- *This journey will suddenly be cancelled.*

## *Selected Combinations*

Combinations (sets of three or more cards belonging together with a particular meaning) can appear in both horizontal and vertical lines.

**no 24 Heart**, love, in certain combinations:

**no 26 Book**  
**no 24 Heart**

- *secret love*  
- *or secret love approaching*  
(The book can also mean that it is not yet definite).

**no 36 Cross**  
**no 24 Heart**

- *new love*

**no 29 Woman**  
**no 24 Heart**  
**no 18 Dog (or no 15 Bear)**  
**no 33 Key**

**no 28 Man**  
**no 24 Heart**  
**no 13 child (or no 7 Snake)**  
**no 33 Key**

- *The man's mistress*

**no 24 Heart**  
**no 14 Fox**  
**no 23 Rat**

- *jealousy, the person does not believe the partner.*

**no 24 Heart**

**no 23 Rat**

*- fear of love, fear of being  
disappointed.*

### *Ring – Combinations*

**no 14 Fox**

**no 25 Ring**

*- The partners do not trust each  
other any more.*

Further combinations can be found in Part 5

*Test exercise*  
*for you on part 3*

The following are extended test exercises taken from part one for practising you skill of "seeing"!

**no 19 Tower + no 12 Birds + no 23 Rat**

.....  
.....

**no 19 Tower + no 12 Birds + no 6 Clouds**

That seems to work quite well, doesn't it?

Just keep reading one card at a time and then put them  
all in a context you can understand

See you in part four!

*Yours sincerely,*

*Britta*

## ***Horizontal and vertical Lines of Interpretation***

*Let us now take a look at both the horizontal and the vertical lines of interpretation.*

### **Please note:**

*The two main lines of interpretation -i.e. the horizontal and the vertical line- are of particular importance in the Grand Tableau.:*

***These are the main lines of interpretation!***

These two lines must be looked at and interpreted first.

This refers to all the topics you may have shuffled into your tableau. (see Picture No. 1 and 2)

I know from my own personal experience that there may be days on which you only want to know things about the **future**.

The Why and Wherefore, however, can be discovered by looking at the line of **the past**.

This means:

If your relationship is in trouble **now** you could have a look at the **past** in order to find out why.

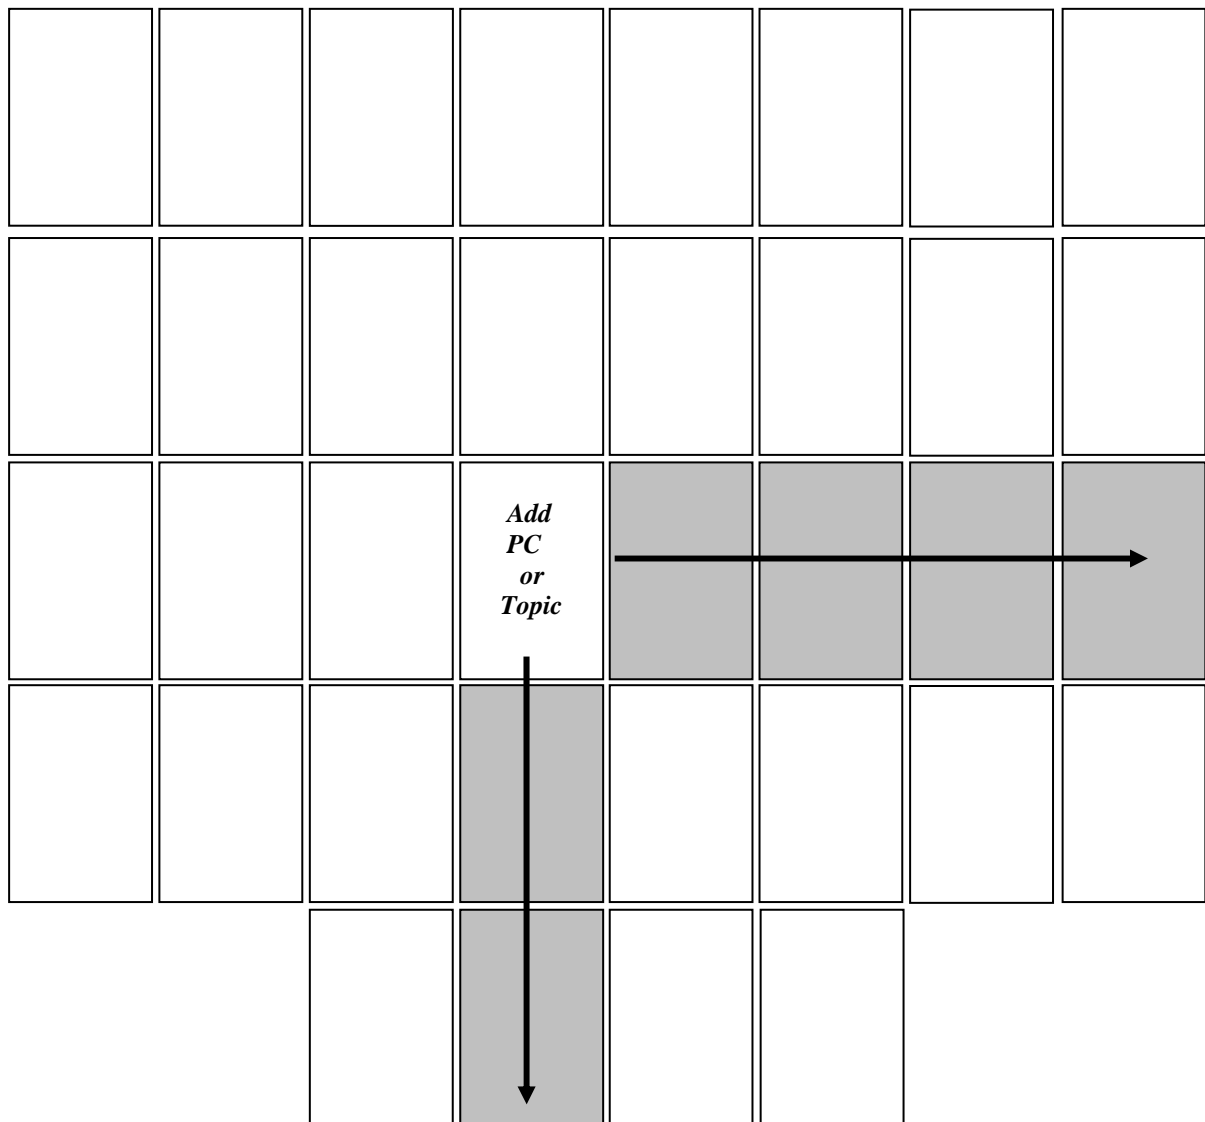

*-The present has its roots in the past -*

So please keep looking into the past as well, you will learn a lot about yourself.

In addition, you will also learn to understand yourself and the people around you much better and this important skill will help you lead a happier life.

## Lines of interpretation regarding the future- Picture No. 1

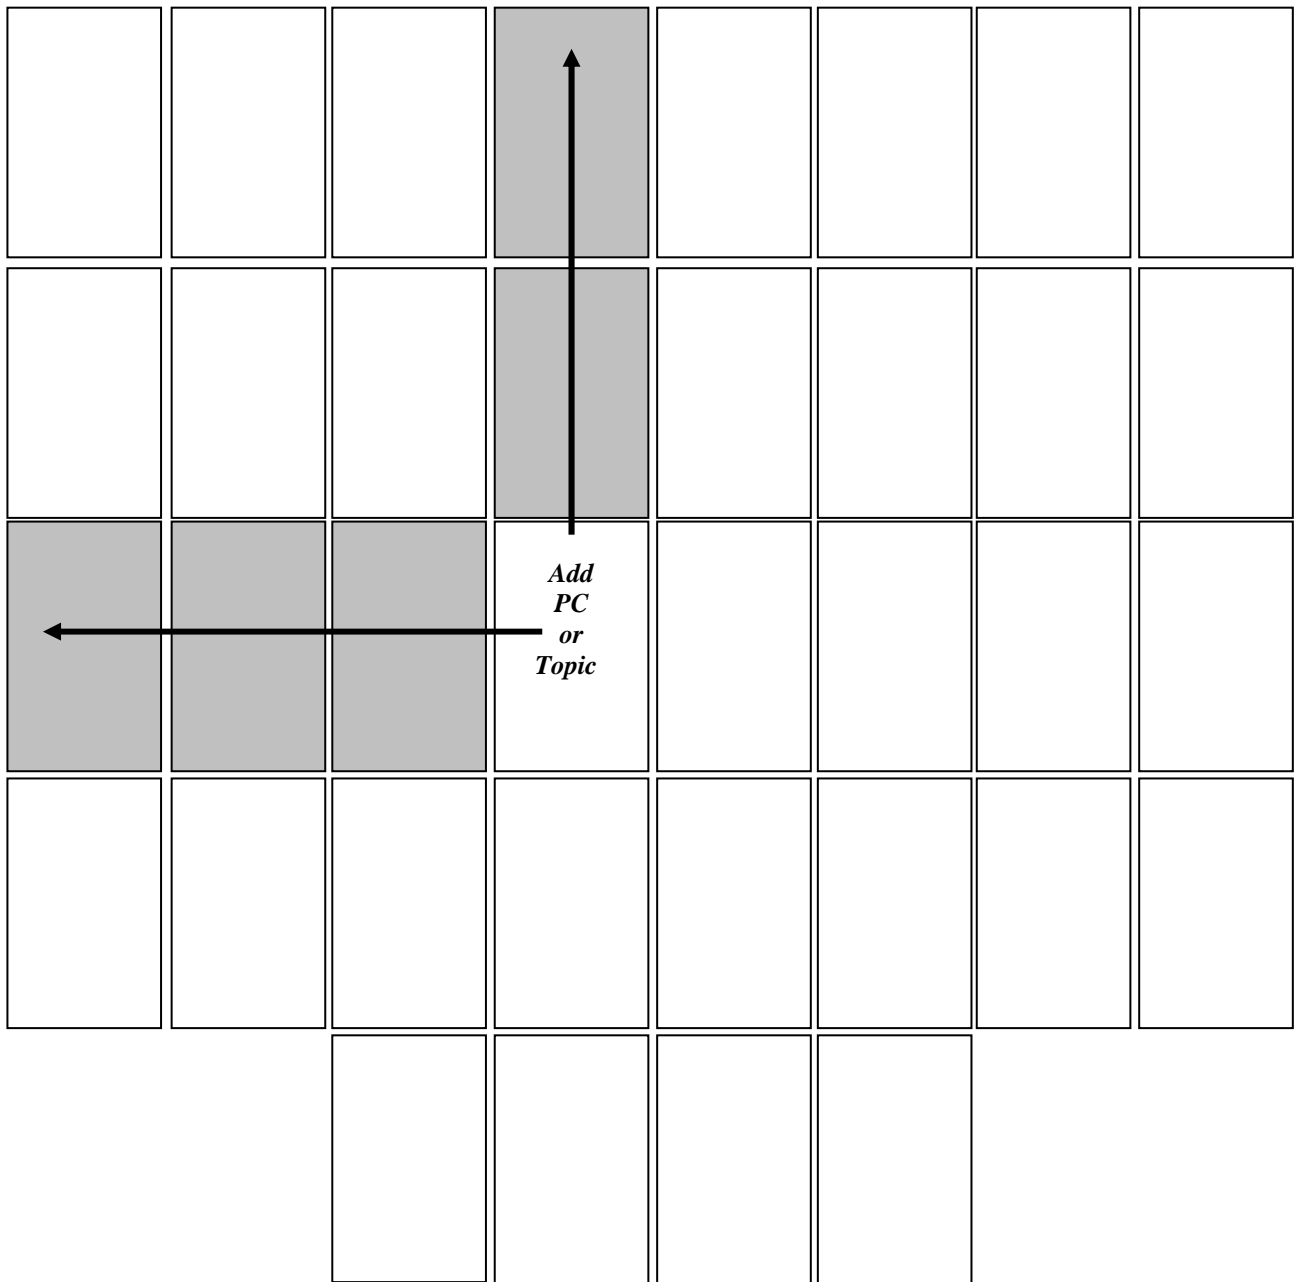

*Please make sure you do not forget to stick to your  
lines of interpretation, no matter where the card in  
question is situated in the tableau.*

## Lines of interpretation - Picture No. 2

*Please make sure you do not forget to stick to your lines of interpretation, no matter where the card in question is situated in the tableau.*

Let's practise: Lines of Interpretation

Example: **No. 34 Fish**:

Please take a look at our first example: Picture No. 5, page 9.

**Our question is:**

*What is the matter with my financial situation?*

The first step would be to find out whereabouts the card in question (**Fish**) is situated within our tableau.

Let us then take a look at the horizontal line of interpretation starting from **No. 34 Fish** (this means taking a look into the future).

Here we can see the following cards:

**No. 12 and No. 6**

*-your financial problems will pass-*

Next let us look at the vertical line of interpretation.

We can see

**No. 2**

*- It will end well-*

Now it is time for a look into the **past**.

We can do this by following the horizontal line of interpretation to the left, again starting from the card we would like to know more about.

The cards are

**No. 31, No. 9, No. 19, No. 11 and No. 1**

*This person was very successful at work until financial problems caused trouble which also had great influence on the person's place of work.*

The cards in our vertical line of interpretation are:

**No. 5, No. 4, No. 23**

*-You can definitely say that buying property has led to a great loss of money. -*

### Exercise Fish -Finance-

Picture No. 5

					No. 5  <u>Tree</u> ↑		
					No. 4  <u>House</u> ↑		
					No.23  <u>Rat</u> ↑		
No. 31  <u>Sun</u> ←	No. 9  <u>Flowers</u> ←	No. 19  <u>Tower</u> ←	No. 11  <u>Rod</u> ←	No. 1  <u>Rider</u> ←	34  Fish	No. 12  <u>Birds</u> →	No. 6  <u>Clouds</u> →
					↓ No. 2  <u>Clover</u>		

***Suggested interpretation:***

Our question was:

***What can the cards tell me about my financial situation?***

First of all I look into the **future**.

*Your financial problems will pass sooner or later.  
Do not worry too much.*

Next I look into the **past** in order to find out what has caused these problems.

*You were very successful at work but your financial difficulties started when you bought a house ( No. 5 and No. 4 mean "property").  
These problems have already influenced your work, leading to disputes and trouble.*

Finally I could emphasize the following:

*You should really be more careful with your money.  
If you keep an eye on this situation, the problems can pass and everything can be alright again.*

**Example: No. 24 Heart**

You would like to know a few things about love?  
Then watch out for **No. 24, Heart** in your tableau.  
Please check the horizontal line of interpretation first  
before having a look at the vertical one.

You can look into the **future** as well as the **past**,  
of course. This is entirely up to you.

Shall we have a go? Then look at Picture No. 4.

**Our question is:**

*Will I fall in love again?*

So the first thing we do id look for **No. 24 Heart** .

As you can see, it does not matter where exactly the  
card is situated in the tableau. Once you have found  
it you can start with your interpretation.

Then we look at the two main lines of interpretation  
(vertical and horizontal).

Never skip these for the diagonal ones!

Starting from **No. 24** we will look into the **future**,

**For example:**

The cards are as follows:

**No. 24, No. 9, No. 28 and No. 25**

*-A man will make you happy*

or

*- A man wants to be with you.*

The next step would be a look into the **past**.

This means that we will have to look at the vertical line.

**For example:**

The cards are as follows:

**No. 24, No. 23, No. 16, No. 22 and No. 18**

*- You were very sad when your relationship ended.*

		<b>No. 24</b>	<b>No. 9</b>	<b>No. 28</b>	<b>No. 25</b>		
		<b>Heart</b>	<b>Flowers</b> →	<b>Man</b> →	<b>Ring</b> →		

***Suggested interpretation:***

Our question was:

*Will I fall in love again?*

I look into the future first:

*Yes, you will and it will be wonderful.  
You will be lucky enough to meet a very nice man  
who wants to be with you.(relationship)*

Next I look into the past to see what it was like  
before.

*You suffered very much from losing a special  
friend of yours in the past.*

Finally I could tell you to

*Look forward to meeting this special man who will  
make you so happy.  
Keep your eyes open for him.*

**Please note:**

Once you have checked the horizontal line of interpretation and the vertical one, you can go on using the same system for everything else that may be of interest to you;

**work, love, money, your home and travels,  
and any other subject there may be.**

Remember that once you have found the right card to start from, it is of no importance whether this particular card appears at the beginning of the tableau, towards the end, or somewhere around the middle. Use the system you already know.

*Take your time when interpreting your cards,  
relax and look carefully at the tableau,  
otherwise you may overlook important cards or  
facts and misinterpretations are bound to be made.*

## **Shuffling and laying the cards for other people:**

Let us start this chapter with a little exercise:  
I would like you to form a picture of the person  
you want to lay the cards for, in your mind.  
Try to concentrate on every single detail.  
This may seem difficult at first but it is a very  
important exercise for our next step.

### **For example:**

A woman would like to look into her cards for  
her partner. Let us pretend his name was  
John S. (Please mention the surname as well  
as this will prevent your mind from wandering to  
every other John you may know).

Shuffle the cards and concentrate on John S.  
until it feels right for you, i.e. until you feel you  
have now shuffled all the topic mentioned below  
right into your cards;

*What is there to say about John S. and love?  
What can I say about John S. 's marriage?  
What can I say about John S. and work?  
How will John S. 's work go on? What will  
come next?*

**Not:**

*What is there to say about my husband  
and love?*

*What can I say about my husband's  
marriage?.....*

***Do you recognize the difference?***

You can then lay your 36 cards to form your Grand Tableau.

Now your **Partner No. 28** is the most important person in the cards, which means that the whole tableau refers to him and his life.

You would then refer to yourself as **No. 29 his Partner**.

The lines of interpretation belong to your **Partner No. 28 as well**. For example: Love, marriage, health, work...etc.

***Please pay attention to your sex when you are  
looking for yourself in your tableau!***

**Please keep the following in mind:**

Are you shuffling the cards for yourself?  
Then the tableau as a whole will refer to you  
and your life, no matter if you are male or female.

Are you female?  
Then your PC is **No. 29 Woman.**

or

You are male?  
Your PC is **No. 28 Man.**

Although this may seem a little difficult to follow  
at first, you will soon be able to do this correctly  
without much thinking. Keep practising this and  
simply check with your book from time to time.

**Take your time** when you read the cards.

**Stick to your lines** of interpretation and

**Do not jump** from line to line.

Then you should soon be able to interpret your tableau  
correctly.

**Do you sometimes feel you see fewer things in your cards than usual, or sometimes even nothing at all?**

This may happen when you are tired, nervous or distracted and I can assure you that this is nothing you should worry about.

In effect, **this is perfectly normal.**

Just leave it as it is and try again a little later when you feel relaxed and refreshed.

Believe me, you will see more again and interpreting your cards will be easier for you.

***A piece of advice:***

Never lay the cards for friends or relatives when you feel tired, sleepy or distracted.

You may overlook some important facts or misinterpret situations and finally advise people to do the wrong things.

Be honest and tell your friends that you will be glad to lay the cards for them, but later, for you are feeling tired at the moment.

There is no need to worry, I am sure your friends will understand.

### *Covering the Grand Tableau*

Please remove every fifth card from your Grand Tableau, according to picture No 6.

Shuffle these seven cards and display them on the table, picture side down.

Then take a look at your Grand Tableau and work, and concentrate on the the topic you would like to know more about.

Next pick one of the seven cards and place it in top of the card you would like to examine a little further. This can be your own Personality Card, your partner, work, love, etc. depending on your present problem or interest.

Place the remaining 6 cards according to the same system on cards which are of particular interest to you, turn them round and interpret the two cards together.

*For example:*

The card you have put onto **No. 24 Heart**  
happens to be **No. 23 Rat**.

The next step would then be to  
interpret these two cards in this connection.

*Those seven cards you have just covered up  
might refer to the next seven events to come.*

***What are combinations and how can I spot them in the Grand Tableau?***

Combinations are constellations of two or sometimes three cards carrying a particular meaning when appearing together.

Combinations may appear in direct connection, i.e. right next to or below each other, or there may be a number of other cards in between, but their meanings are close connected.

***Please pay attention to:***

***I.*** The order in which the cards appear.

*For example:*

1st Card No. 25 Ring and  
2nd Card No. 10 Scythe  
means: ***divorce***

***On the other hand:***

1st Card No. 10 Scythe and  
2nd Card No. 25 Ring  
means: ***divorced***

*- Always pay attention to the order of the cards! -*

2) Please don't forget to stick to your line of interpretation, i.e. either the vertical or the horizontal line.

3)

***Please note:***

No matter where the cards are, if they lie close to or further away from each other, never hop from line to line, or you will muddle up the results.

***Please take a look at the practice sheet possible combinations.***

You will see that ***Ring*** and ***Scythe*** are lying rather far apart from each other. This shows that we must pay good attention to the cards in between these two. They might show us how to prevent the divorce in question.

In the vertical line the ***Ring*** lies directly below the ***Scythe***.

These people are on the verge of a divorce or have already broken up. This can be further examined by considering the surrounding cards, as well as the cards surrounding the two Personality Cards Man and Woman.

## **Final conclusion**

Now isn't it amazing how many ways we have already learned to lay and interpret the cards?

*Please stick to the system repeated below!*

Once you have laid the Grand Tableau:

- 1) Look at the first card. This is your actual topic..
- 2) Look for the questioner, your partner or yourself.
- 3) look at your present state.
- 4) Then look at your PC, this means:
- 5) Interpret the horizontal line of cards.
- 6) Interpret the vertical one.
- 7) Proceed the same way with every subject that may be of interest to you.
- 8) Then remove every fifth card.
- 9) Shuffle, pick and cover each topic you would like to examine any further with one of the seven cards you have just removed.
- 10) Interpret the cards you have covered.

**Please note:**

Laying the cards for friends or relatives is a serious business.

There might be things you did not expect or even want to see. Please do not underestimate this responsibility.

**Never** mention terrible things, such as a case of death, or similarly frightening events, should you believe to see them in the cards.

Please keep in mind how much you may worry people and how this fear may ruin their lives.

If you feel you have to warn your friends at all cost, try *paraphrasing* the event and please do not arouse panic in the ones you love!

**Possible ways of reading the cards according to the following pictures :**  
**horizontally: Picture 1**  
**vertically: Picture 2**

Let me now show you two more possible ways of reading your cards. This will enable you to read even more in your tableau.

Once you have finished interpreting the main lines of interpretation, you can pick up Picture No 1 (reading the cards: horizontally). You can interpret the first and the eighth card together, if you like.

**For example:**

1<sup>st</sup> card **No. 24 Heart**

8<sup>th</sup> card **No. 31 Sun**

*This love is wonderful*

then the

2<sup>nd</sup> card **No. 6 Clouds**

7<sup>th</sup> card **No. 3 Ship**

*It is not yet clear whether or not you will go on this trip, but because of the sun following your ship, it would be a very good idea.*

Continue by interpreting the **third and sixth** and finally the **fourth and fifth** card.

Please make sure you end up with a meaningful interpretation.

**Reading the cards - horizontally**

You will certainly have realised that there are times when you seem to be absolutely unable to give any proper statement at all.

***This is perfectly normal.***

I am sure this is not your fault. Don't let it spoil the fun for you.

You might be too tired or distracted to concentrate properly, or there may simply be a combination of two cards which simply does not make sense at all.

***-you can just skip these cards -***

Try again some other time and I can assure you that it will all work well again.

Maybe the person you are laying the cards for does not open to the cards. This may also lead to you seeing less in your tableau.

This is definitely not your fault.

Now try your hand on picture No 2 .  
Just stick to the system mentioned before.

in a tableau?***
