The Ancient Secret of the Flower of Life, Volume 1

Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life.

Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty.

Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding.

Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world.

Living in the heart

All over the planet Drunvalo Melchizedek is known and immensely loved as a great spiritual teacher. Through workshops and books he brought his vision of the Flower of Life and the Mer-Ka-Ba to the world. Now, based on his latest series of workshops, he shares his experiences of living in the sacred space within the heart, and he explains the processes and techniques he uses to enter this space. Join him and be part of the large group of people who have found the joy of living in the space where you and God are one.

"Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our heart.

What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know this world where emotions and feelings are second-class citizens? Yes, I do.

But my teachers have asked me to remind you who you really are. You are more than a human being, much more. For within your heart is a place, a sacred place where the world can literally be remade through conscious cocreation. If you give me permission, I will show what has been shown to me." - Drunvalo Melchizedek

About the Author

Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance.

Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation. This teaching encompasses every area of human understanding, explores the development of mankind from ancient civilizations to the present time and offers clarity regarding the world's state of consciousness and what is needed for a smooth and easy transition into the 21st century.
