

Of the letter Zayin by Frank Salt

OF THE LETTER ZAYIN.

ZAYIN or ZAIN, occupies the entire right side of the Great Square. The little Letter YOD sits on its throne across the top of the top right lesser square, while an ethy vertical YOD flashes from its center down to earth. ZAIN = SWORD in symbolism. As a word it does not appear in the bible, but the symbol of the sword implies swift action. In concept, as in form, it is like a flash of lightning, striking down from above to a point on earth. Once again, each Letter represents an activity, not an object. In this sense the Letter ZAIN is very difficult to explain. Its Key-word is "LUMINOUS REFRACTION - POINTS OUT" = ZAIN. It is associated with the Sign (Gemini, quick intuitive perception, and an AIRY Sign. A flash of inspiration. Not the idea intuited, but the Flash itself, which yet always has a very specific purpose. Gramatically, it "points out", it may be the indicative article, "That horse". Looking at a group photograph, you may "point out" "THAT man." The activity of definitely pointing to one specific thing. ZAIN always swiftly and definitely specifies its object.

Such flashes of inspiration may occur more frequently as we progress, gradually becoming as a continuous inspiration. Read Matthew 24; 26 & 27. The lightning referred to will not occur on a specific date to everyone, but at a point in purely individual experience. We do not have to go anywhere for it, it will come in its own good time and manner, and it is unmistakable, definite. There is no doubt. As the "Disposing Intelligence" in the "Zepher Yetzirah", it disposes of doubt. It is specific. It also disposes one to act, and to act definitely. The Flash which begets action.
