" The tree is the earth phallus, the male principle jutting out  
of the earth; even as it is female, as the fruit-bearing  
tree of life.  
The tree is the image of the cosmos;  
The tree is the centre of the world & the support of the universe;  
The tree is a symbol of life;  
Of an inexhaustible fertility;  
Of absolute reality as related to the Great Goddess;  
The tree is the symbol of the resurrection of vegetation;  
Of spring and of the rebirth of the year.  
There are mystical bonds between trees and men & we shall uphold  
& strengthen these bonds by our acknowledgement of the Ancient &  
Celtic Thorn Cult. "

Both hold up Thorn wand:

" We have bawnd the Thorn and we have paid homage to the Thorn.  
Let our bonds with nature be strengthened."

*walk slowly deosil holding up thorn wand.*  
Attraction man feels for the land of legend

" And we will love them yet,  
The mountain's misty coronet  
The greenwood and the wold,  
And love the more, that of their maze  
Adventure high of other days,  
By Ancient Bards is told."

*Place T.W. in center of Vortex*  
Of Tall Kings

" Tall ships & tall Kings,  
three times three,  
What bought they from the foundered land  
Over the flowing sea?

One white tree." ...deosil chant.

The Legend of the Rollright Stones

One don on shawl as witch, other - narator & King, don sword:

NARRATOR - " A King & his army were marching across the land when  
when they were met by a Witch who said..."

WITCH - " Seven long strides shalt thou take,  
If Long Compton thou canst see,  
King of England thou shall be."

KING - " Stick, stock, stone,  
As King of England, I shall be known." ...7strides.

WITCH - " As Long Compton thou canst not see,  
King of England thou shall not be.  
Rise up stick and stand still stone,  
For King of England thou shall be none.  
Thou and thy men, hoar stones shall be,  
And myself an Eldern Tree."

Witch point with wand at King & push up arms like a tree.

NARRATOR - " And so the King became the solitary KING STONE; his men  
the STONE CIRCLE and his knights became the WHISPERING  
KNIGHTS huddled together in eternal conspiracy."

Both say:

" Of used stones and sacred Circles  
Where the Wizard Sages sat,  
Let us try to remember  
Of the times where they were at.  
We are the Warriors at the Edge of Time  
We are humanity's signs to sweep this way and that  
To cut the enemy down as weeds.  
We are humanity's spade to dig up the roots  
Wherever they have grown.  
We are humanity's fire to burn the waste to the finest ash.  
We are the wind which will blow the ash away  
As if it had never existed."

" Thus we honour the Stones, the Trees and the Ancient Sites.  
And also the Bleeding Elder who secretes Mother Nature's  
menstual blood."

To Call Brothers and Sisters

*stand by chasm & say.*

" Over the land there lies a long shadow,  
Westward reaching wings of darkness.  
The Tower trembles; to the tombs of Kings  
Doom approaches. The Dead awaken;  
For the hour has come for the Oathbearers  
At the Ancient and Sacred Places they shall stand again  
And hear a horn in the hills ringing.  
Whose shall the horn be? Who shall call them  
From the grey twilight, the forgotten people?  
The heir of him to whom the Oath they swore.  
From the North shall he come, need shall drive him;  
He shall pass the Door to the Paths of the Dead."

And entrust our Souls to your Cosmic Game."

Entrance to Druid Mysticism

The Druid Grove will resound  
With thrice the sacred brass."

One of the Traditional Bardic Triads - Calling to the Moon

The Light of the Beautiful, and The Lamp of the Fairies."

Luck with you will then abound.  
What you seek for shall be found  
On the sea or solid ground."

Invocation to the Goddess of the Moon

" Our Lady of the Moon, enchantments queen,  
And of Midnight the potent sorceress,  
O Goddess from the darkest deep of time,  
Diana, Isis, Tanith, Artemis,  
Your power we invoke to aid us here!  
Your Moon a magic mirror hangs in space,  
Reflecting mystic light upon the earth,  
And every month your 3-fold image shines.  
Mistress of Magic, Ruler of the Tides  
Both seen and unseen; Spinner of the threads  
Of birth and death and fate; O Ancient One  
Nearest to us of heaven's lights, upon  
Whose shoulders Nature is exalted, vast  
And shadowy, to farthest realms unknown,  
Your power we invoke to aid us here!  
O Goddess of the Silver Light, that shines  
In magic rays through deepest woodland glade,  
And over sacred and enchanted hills  
At still midnight, when witches cast their spells,  
When spirits walk, and strange things are abroad;  
By the dark cauldron of your inspiration,  
Goddess 3-fold, upon you thrice we call;  
Your power we invoke to aid us here!

## Legend of the descent of the Goddess.

" In ancient times, our Lord, the Horned One, was (as he still is) the Controller, the Comforter, But men knew him as the Dread Lord of Shadows, lonely, stern and just. But our Lady the Goddess would solve all mysteries; and so she journeyed to the Underworld. The Guardian of the portals challenged her..."

" ...strip off thy garments, lay aside thy jewels; for naught mayest thou bring with thee into this, our land."

" So she laid down her garments and her jewels and was bound, as all living must be who seek to enter the realms of Death, the Mighty One. X Such was her beauty that Death himself knelt and laid his sword and crown at her feet and kissed her feet saying..."

" Blessed be thy feet that have brought thee in these ways. Abide with me but let me place thy cold hands on thy heart."

" I love thee not. Why dost thou cause all things that I love and take delight in to fade and die?"

" Lady, it is age and fate, against which I am helpless. Age causes all things to wither; but when men die at the end of time, I give them rest and peace and strength, so that they may return. But thou; thou art lovely; return not, abide with me."

" I love thee not."

" And thou receivest not my hands on thy heart, thou must kneel to death's scourge."

" It is fate - better so.....she said. And she knelt and Death scoured her tenderly. And she cried...'I know the pangs of love'

" And Death raised her and said...'Blessed be'...and he gave her the 5-fold kiss, saying...'Thus only mayest thou attain to joy the knowledge'...And he taught her all the mysteries and gave her the necklace which is the Circle of Rebirth."

" And she taught him the mystery of the Sacred Cup, which is the Cauldron of Rebirth."

" They loved and were one; for there be great mysteries in the life of man, and magic controls them all. To fulfill love you must return again at the same time and at the same place as the loved ones; and you must meet and know and remember and love them again."

" But to be reborn you must die, and be made ready for a new body. And to die you must be born; and without love you may not be born. And our Goddess ever inclineth to love, and mirth and happiness; and she guardeth and cherisheth her hidden children in life, and in death she leadeth the way to her communion; and even in this world she teacheth them the mystery of the Magic Circle, which is placed between the worlds of man and of the Gods."

To complete this Ritual:

" I am Demona. I am a sorceress.

I am sister to Lileth, the first witch  
and to Circe, the Enchantress.

I am cousin to the Lore~~is~~ of the Rhine.

I am Witch-Woman in all her spectral powers.

Daughter of Elfarhon and of Elvira -

My mother who taught me the dread secrets of magic in my cradle

I am also - Woman!
